SRP- Aesthetic Funds

What is the Aesthetic Program?

An SRP partnership program with local municipalities that offers the opportunity to have aesthetic improvements made to existing and new SRP water and power distribution, transmission, and substation facilities.

SRP- Aesthetic Funds

Qualifying Uses:

- Undergrounding 12KV/69KV
- Replacing Wood Poles with Steel Poles
- Installing walls, landscaping, sidewalk, and driveway improvements to substations
- Upgrading SRP water canals and well sites

Non-Qualifying Uses:

- SRP facilities solely for commercial, industrial or residential customers
- Secondary facilities (600V or less)
- Moving like services
- Private Lighting
- Land acquisitions

SRP- Aesthetic Funds

Program Funding:

- Administered by SRP
- Funding based on .8% of annual gross revenues or \$12 million (whichever is less)
- Total program funds can carry-over but are capped at \$40 million
- Municipal Aesthetic funds can only carry-forward three fiscal years of funding (beginning May 2015)
- Annual municipal share is based on municipal's percentage share of SRP's total electrical facilities (9%) and municipal's share of SRP's cost of electrical system work accomplished during the prior fiscal year (81%).

SRP- Aesthetic Funds

Queen Creek Five-Year Funding

2009- \$493,918

2010- \$217,978

2011- \$819,300

2012- \$204,800

2013- \$100,000

\$1,835,996

SRP- Aesthetic Funds

Queen Creek Past Uses:

- 2006 - Screening walls for SRP substation (\$485,000)
- 2006 – Underground 300’ of 12 KV at Ellsworth Road and the Queen Creek Wash (\$125,000)
- 2009 – Underground 12 KV for Sonoqui Wash improvements along Hawes Road (\$123,200)

Current Aesthetic Balance:

$$\begin{array}{r} \$1,420,506.00 \\ - \underline{\$150,000.00} \text{ (Rittenhouse Landscaping)} \\ \$1,270,506.00 \end{array}$$

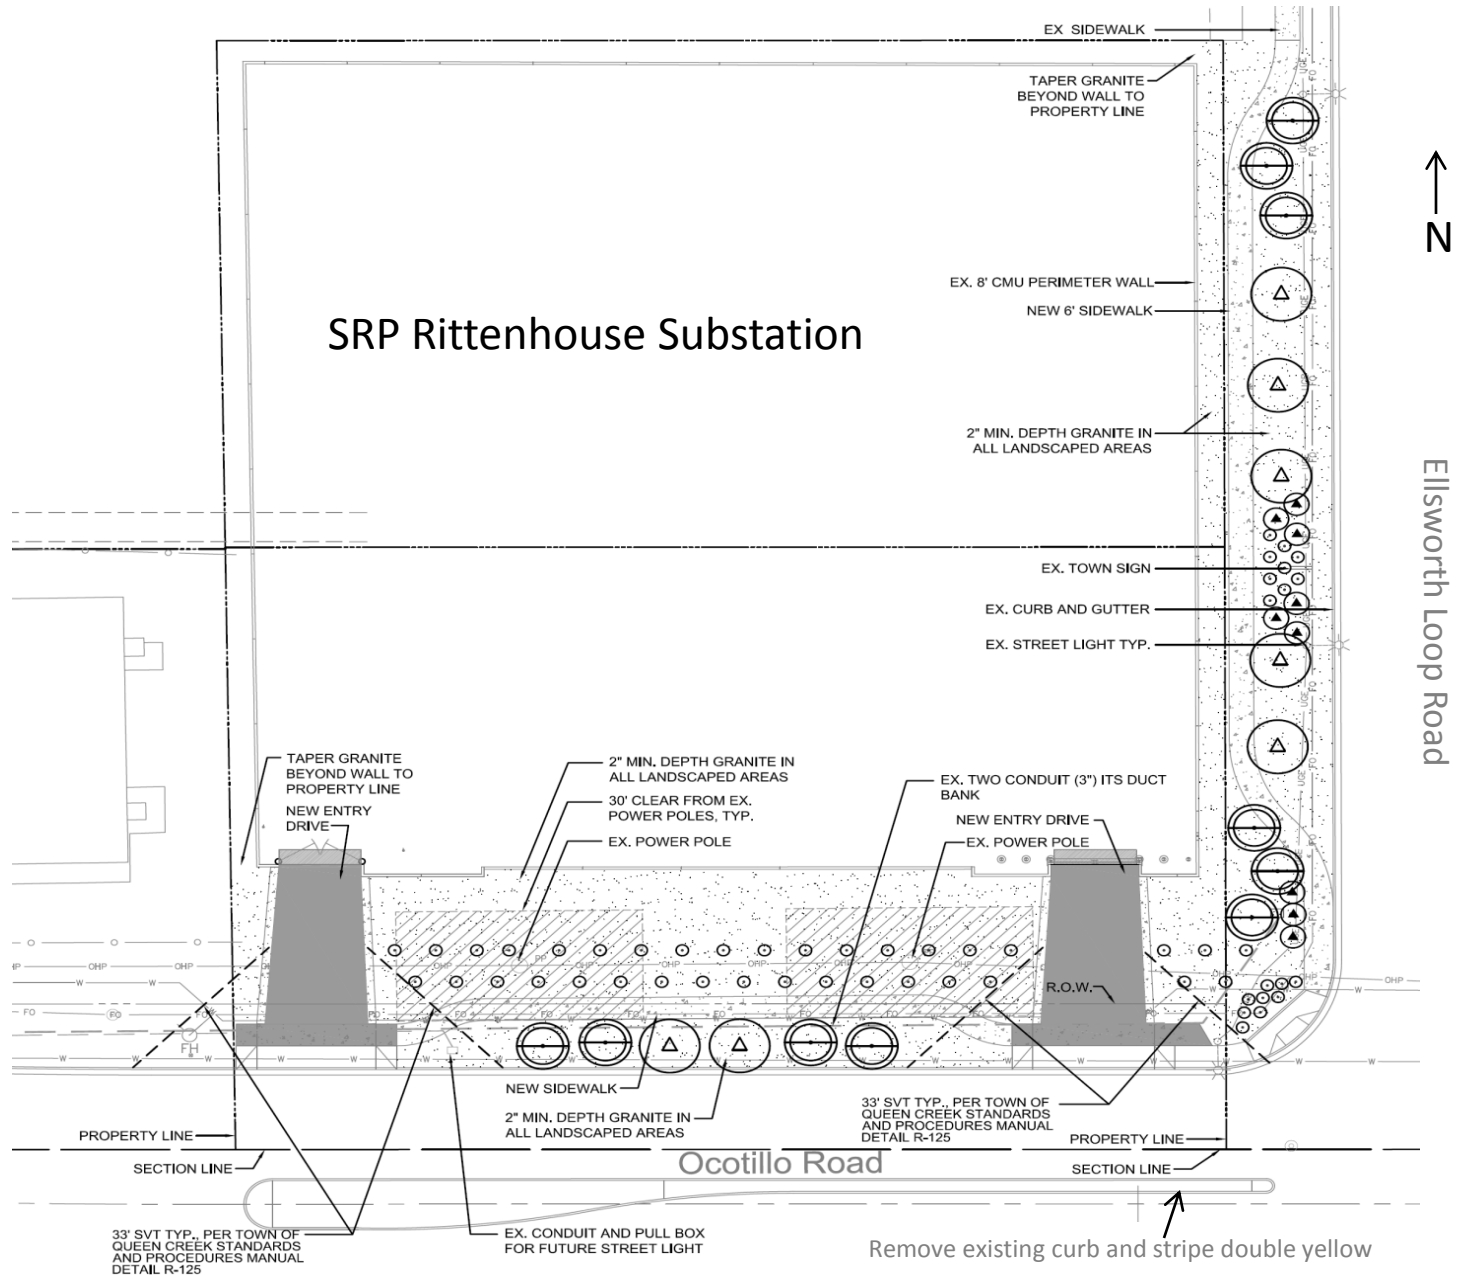

Possible Future Projects:

- Rittenhouse Road
- Ellsworth Road
- Ocotillo Road
