Design Review Request

The applicant is requesting approval of five single family homes. The home design is intended to complement existing homes in quality and character within Queen Creek.

The homes range in size from 2,064 square feet to 3,916 square feet. All homes comply with the 360 degree architecture criteria in addition to the residential design guidelines. The paint palette also provides for a variation paint options for each architectural style. The colors as chosen provide good variation and paint colors for the elevations. The colors proposed meet the requirements set forth in the Zoning Ordinance.

Staff has reviewed the lot fit analysis and it shows that each lot is buildable with at least one floor plan.
