# Canyon State Academy Action Plan

1. CSA committed to acquiring a school resource officer. CSA will follow up with the Maricopa County Sheriff's Office (MCSO), the Town's law enforcement provider, to discuss the requirements needed to implement this position.
2. CSA will meet with MCSO to identify and quantify the costs directly incurred as a result of calls for service to CSA and will explore strategies to notify, collect and report information, data and costs.
3. CSA administrators and staff will continue to work in good-faith to reduce truancies, but all parties acknowledge that full elimination may not be possible since youth have the right to leave.
4. An advisory committee will be created, comprised of members of the Town of Queen Creek and CSA stakeholders. The committee will brainstorm ideas to improve communication and educate the community about the mission, vision and values of programs at CSA.
5. CSA will participate and monitor the various social media platforms that are active in the Town, and will dedicate additional resources to increase its own social media presence.
6. CSA is committed to actively engaging in community activities, and, likewise, the Town invites CSA to participate in Town-hosted events such as Trunk or Treat and Founders Day. In addition, Right of Passage will evaluate its student dress code in the community.
7. CSA committed to enhancing overall communication with the Town and will provide program updates and information when invited to Town meetings.
