TOWN OF QUEEN CREEK ARIZONA

July 1, 2019

Honorable Mayor and Town Council,

The Fiscal Year 2019/20 Adopted Budget is balanced, and allocates resources consistent with the needs of a growing community. It was developed in accordance with the Council's strategic priorities identified in the Corporate Strategic Plan. Queen Creek remains one of the fastest growing communities in Arizona. The Fiscal Year 2019/20 Budget allocates resources to best meet the needs of our growing community.

The budget totals \$452.7 million. Consistent with the needs of our growing community and the Council's priorities, the budget includes increases for new streets, public safety facilities and vehicles as well as water and wastewater infrastructure and the possible acquisition of water rights to meet our long-term water plans.

Budget Format

This year's document format is the same as in the past. The budget document is divided into the following sections: Introduction and Community Overview, Organizational Planning, Structure, Budget Development Overview, with Revenue and Expenditure Assumptions; Program Budgets by Department, Capital and Development Funds by Project, Current Debt Information (with Schedules) and lastly an appendix with glossary and approved positions.

Budget Overview

The following guiding principles, sources of information and key issues shaped the Fiscal Year 2019/20 Budget:

- **Prioritization of Resources.** The recommended budget uses the Corporate Strategic Plan to prioritize its allocation of resources. Guidance to the organization is found within our strategic priorities adopted by the Town Council as follows:
 - Effective Government;
 - Safe Community;
 - Secure Future;
 - Superior Infrastructure; and
 - Quality Lifestyle.
- **The Economy.** The national and State of Arizona's economies remain strong and will result in increased revenues.
- **Population Growth and Commercial Investment.** The Town has seen significant residential and commercial growth in the last several years, inclusive of annexations. We expect that growth to continue. Developing plans to deal with an increasing residential population and business investment is critical to ensure both operational and infrastructure needs are met.
- **Maintain a Balanced Five-Year Operating Budget.** The five-year plan remains balanced; reflecting increased revenues and expenses based on population growth and new commercial development.

Budget Highlights

The following are the highlights of the Fiscal Year 2019/20 Budget.

- **Unfunded Pension Liability.** As compared to other more mature communities, we believe Queen Creek has a unique opportunity to address this outstanding liability now, when our options for doing so are greatest. As a result, the Town has a policy to fund its unfunded pension liability and the Fiscal Year 2019/20 Budget allocates resources to continue to reduce this liability. The Town's unfunded pension liability is about \$10 million, \$37 million liability less \$27 million reserve.

- Central Arizona Groundwater Replenishment District Credits. The Town Council revised its policy to more aggressively allocate these credits. This acceleration is possible because of the acquisition of 175,000 acre feet of groundwater extinguishment credits. This acceleration will save property owners an aggregate \$1.4 million as compared to 2017, before the credit-use policy was initiated.
- Acquisition of Water Rights. Ensuring the Town has adequate water resources is a top priority of the Town Council. As a result, \$50 million is included in the Fiscal Year 2019/20 Budget for the potential acquisition of water rights.
- Water and Wastewater Reserves. Operating reserves and repair and replacement reserves will be increased to improve cash liquidity and rate stability.
- Wastewater Rate Reduction. Based on a rate review, monthly rates will be reduced by 15%.
- Comprehensive Capital Improvement Plan (CIP). As a growing community, the need for new infrastructure for transportation, water, and wastewater is a priority. Resources are budgeted to build such infrastructure as well as continue planning for future infrastructure needs. Contingency allocations have been included to ensure we have the authority to meet the dynamic environment's infrastructure needs. The Fiscal Year 2019/20 Budget acknowledges the critical nexus infrastructure plays in increasing opportunities for private sector investment within the community.
- Maintain Quality of Streets. Resources have been increased for routine maintenance and repair as a result of new streets being added to the system. A robust pavement management program continues to be funded.
- Additional Staffing. Based on 5-year staffing plans submitted by each department, Fiscal Year 2019/20 includes resources for an additional 8.0 FTEs, which represents a 3% increase in staffing. All of these positions are needed to maintain existing service levels. These staffing increases are strategic and tied directly to the needs of the growing community. None of the staffing increases represents new programs or services. Positions are being added in street maintenance, fleet, engineering, water system maintenance, and fire prevention.
- Employee Compensation. Resources have been allocated to fund employee merit and market increases consistent with our 2014 adopted compensation plan and the fire step program.
- Healthcare Costs. The Town has a very active wellness program, which is a positive factor in addressing healthcare costs for both the Town and our employees. The Fiscal Year 2019/20 Budget includes a 4% increase in major medical premiums on the employer side. When taken into context over a five-year cycle, the increase in premiums is recommended to be absorbed by the organization; therefore, there is no change in individual employee premiums.

Acknowledgements

The Town Council's guidance and support has been instrumental in the development of the Fiscal Year 2019/20 Budget. Special thanks to our Town Council Budget Committee for their diligent and time-consuming work on this year's budget: Council Member Julia Wheatley, Chair and Vice Mayor Robin Benning and Council Member Jake Hoffman. Also the staff in the Finance Department, in particular Scott McCarty, Finance Director and Gloria Moore, Budget Administrator, and our department directors, Human Resources Department staff, and every employee of the Town for their tireless work effort, commitment to our "one-town, one-team" cooperative spirit that led to creative solutions which made this year's budget process a success.

Respectfully,

John Kross, ICMA-CM
Town Manager

Introduction and Community Overview

Gail Barney, Mayor

Term: January 2019 – January 2023

gail.barney@queencreek.org

Gail Barney was appointed to fill a vacancy on the Town Council in January 2002 and was elected Mayor in June 2010, re-elected in November 2014, and re-elected again in August 2018 to serve his current term. He also served on the Planning & Zoning Commission from 1998 to 2002. Mayor Barney represents Queen Creek on the Maricopa Association of Governments (MAG) Regional Council, the MAG Executive, Economic Development, and Transportation Policy Committees, the Arizona Municipal Tax Code Commission, the Phoenix-Mesa Gateway Airport Authority Board of Directors, the Maricopa/Northern Pinal Governmental Alliance, the League Executive Committee, and represents the Town Council on the Queen Creek Public Safety Retirement Board.

Mayor Barney earned an associate degree from Mesa Community College and a Bachelor of Science from Arizona State University. He is an Eagle Scout, a 2011 graduate of the Town's Citizen Leadership Institute, and a lifelong Queen Creek resident.

Current Committee Appointments

- Arizona Municipal Tax Code Commission
- East Valley Partnership Aviation & Aerospace Committee
- League of Arizona Cities and Towns Executive Committee
- Maricopa Association of Governments – Regional Council; Executive Committee; Economic Development and Aerospace Committee; Transportation Policy Committee
- Maricopa/Northern Pinal Governmental Alliance, Chair
- Municipal Tax Code Commission
- Phoenix-Mesa Gateway Airport Authority, Board of Directors
- Queen Creek Public Safety Retirement Board, Chair

Queen Creek Town Council

Robin Benning, Vice Mayor

Term: January 2017 – January 2021
robin.benning@queencreek.org

Robin Benning was appointed to the Town Council in November of 2009 and was elected in 2012. He won re-election in 2016. Council Member Benning was appointed to a one-year term as Vice Mayor on January 16, 2019. Vice Mayor Benning represents Queen Creek on the Central Arizona Governments (CAG) Regional Council, the Sun Corridor Metropolitan Planning Organization, the Pinal Regional Transportation Authority Board, and serves on the Town Council Budget Committee. Vice Mayor Benning is a graduate of Queen Creek's Citizen Leadership Institute.

Vice Mayor Benning has worked in Queen Creek as an architect since 1997 and moved here with his wife and two children in 2004. He earned a Bachelor of Arts in Architecture from the University of New Mexico, and his Master's degree at Arizona State University's Urban and Environmental Planning program.

Current Committee Appointments

- Central Arizona Governments Regional Council
- Council Liaison to the Schools
- Pinal Regional Transportation Authority Board
- Sun Corridor Metropolitan Planning Organization
- Town Council Budget Committee

Queen Creek Town Council

Jeff Brown, Council Member

Term: January 2017 – January 2021

jeff.brown@queencreek.org

Jeff Brown was first elected to the Town Council in 2008 and re-elected in 2012 and 2016. Council Member Brown represents the Town on the East Valley Partnership Transportation Committee, the League General Administration, Human Resources and Elections Committee, the Transportation Advisory Committee, and the Parks and Recreation Advisory Committee. Brown has served as the Vice Chair of the Budget Committee, and represented Queen Creek on the Board of Directors of the East Valley Partnership in recent years. He previously served as Vice Chair of the Central Arizona Governments (CAG) Pinal Transportation Policy Committee.

Before seeking elected office, Council Member Brown served on the Planning & Zoning Commission from 2006 to 2008. He also served as Chair of the Transportation Advisory Committee, on the Design Guideline Steering Committee and as a member of the Finance Review Task Force. Council Member Brown is a 2003 graduate of the Queen Creek Leadership Institute, and completed the Community Emergency Response Team (CERT) training course in 2007. He serves as squad leader for the Southeast Queen Creek CERT sector.

Council Member Brown and his family have lived in Queen Creek since 2002. He is self-employed, focusing on professional consulting services and real estate investments as the owner of JBQC Investments LLC and 50 percent owner of Kneadmor Cowbell LLC.

Current Committee Appointments

- East Valley Partnership Transportation Advisory Committee
- League of Arizona Cities and Towns – General Administration, Human Resources and Elections Policy Committee
- Parks and Recreation Advisory Committee
- Transportation Advisory Committee

Queen Creek Town Council

Jake Hoffman, Councilman

Term: January 2017 – January 2021

jake.hoffman@queencreek.org

Jake Hoffman was elected to the Town Council in November 2016. Councilman Hoffman represents the Town Council on the East Valley Partnership Board of Directors and on the Town Council Budget Committee. Hoffman has previously served the residents of Queen Creek as an elected member of the Higley Unified School District Governing Board and currently serves as the Vice Chairman for the local Republican Party.

Councilman Hoffman is committed to making our community the most prosperous place to do business and the most enjoyable place to call home in Arizona. Doing so will improve the lives of every man, woman and child, as well as, every business owner—from large to small—in our town. Councilman Hoffman is passionate about transportation and infrastructure issues, economic development, debt reduction, deregulation and creating leaner, smarter government.

Councilman Hoffman holds a Master of Business Administration in Management and a Bachelor of Science degree. Professionally, he serves as the Executive Director of a local faith-based non-profit organization, E3 Africa, which is committed to educating the orphaned and impoverished children in Uganda. Additionally, Hoffman is the principal owner of a digital communications and strategy firm, as well as a local realtor.

Councilman Hoffman and his wife, Kimberly, have four children — Tyler, McKenzie, Oliver and Bennett.

Current Committee Appointments

- East Valley Partnership Board of Directors
- Town Council Budget Committee

Queen Creek Town Council

Dawn Oliphant, Council Member

Term: January 2019 – January 2023

dawn.oliphant@queencreek.org

Dawn Oliphant was first elected to the Town Council in June 2010, re-elected in November 2014, and re-elected again in August 2018 to serve her current term. Council Member Oliphant represents the Town Council on the Economic Development Commission, the League Public Safety, Military Affairs and Courts Committee, and the League Neighborhoods, Sustainability and Quality of Life Committee. Oliphant recently completed a successful 17-year career in local government with the City of Tempe. Her municipal experience includes positions held in the Tempe Police Department, Sales, Tax and Licensing, Tempe Municipal Court and as a Senior Learning and Organizational Development Associate for the Tempe Learning Center (TLC), Tempe's corporate university for municipal professionals.

Council Member Oliphant holds a Master of Business Administration in Management, a Bachelor of Science in Liberal Studies, and graduated from Queen Creek's Citizen Leadership Institute in 2010.

Council Member Oliphant moved to Queen Creek in 2005 with her husband Rick and two sons, where she manages an environmentally green business. For nine years she was also actively involved in community philanthropic work as a member of Epsilon Sigma Alpha.

Current Committee Appointments

- Economic Development Commission
- League of Arizona Cities & Towns – Public Safety, Military Affairs and Courts Committee
- League of Arizona Cities & Towns - Neighborhoods, Sustainability & Quality of Life Committee

Queen Creek Town Council

Emilena Turley, Council Member

Term: January 2019 – January 2023
emilena.turley@queencreek.org

Emilena Turley was elected to the Town Council in November 2014, and re-elected in August 2018. Council Member Turley represents the Town Council on the Economic Development Commission and Transportation Advisory Committee. Turley was born in Chandler, Arizona, and graduated from Mountain View High School in Mesa. She attended Phoenix College and received an AAS in Legal Secretarial Studies. Council Member Turley is presently an independent paralegal working in the East Valley. She currently serves on the Queen Creek Chamber of Commerce Education Committee.

Council Member Turley and her husband Aaron, a software engineer, have eight children. She and her family moved to Queen Creek in 2010 because they love the small town feel and tight-knit sense of community it offers.

Current Committee Appointments

- Economic Development Commission
- Transportation Advisory Committee

Queen Creek Town Council

Julia Wheatley, Council Member

Term: January 2019 - January 2023

julia.wheatley@queencreek.org

Julia Wheatley was first elected to the Town Council in June 2010, re-elected in November 2014, and re-elected again in August 2018 to serve her current term. Council Member Wheatley represents the Town on the Town Council Budget Committee, the Parks and Recreation Advisory Committee, and the League Transportation, Infrastructure, and Public Works Committee. Wheatley holds a Bachelor of Science in Legal Studies with a minor in Criminal Justice and is pursuing a Master of Public Administration to extend her great interest in law, politics and local government.

Council Member Wheatley, her husband Benjamin, and their four children made Queen Creek their home in 2007. Concerned for the future of families in America, Council Member Wheatley joined the Eagle Forum, the largest pro-family organization in America. She has frequented Washington, D.C. to learn and discuss issues pertaining to the family.

Council Member Wheatley is passionate about the education of both children and adults. In private industry, she has found success in post-secondary education as a Program Director and Instructor. She has helped many students obtain an education, improve their lives, and enter professions that give them confidence in themselves and hope for the future.

Current Committee Appointments

- Parks & Recreation Advisory Committee
- League of Arizona Cities & Towns – Transportation, Infrastructure and Public Works Committee
- Town Council Budget Committee (Chair)

Queen Creek Community Profile

Local Rural Heritage

Rich traditions, based on small-town values and country friendliness, create the foundation on which the Town of Queen Creek plans and builds its future. Staying true to its heritage, the Town continually strives to maintain the rural character that makes Queen Creek unique from its urban neighbors.

The Town of Queen Creek incorporated in 1989 to preserve the benefits of rural life and provide avenues for managed change. This year, the Town will celebrate the thirtieth anniversary of incorporation. With significant resident involvement and input, the Town has adopted several award-winning plans designed to guide future growth. By preserving the past while providing for economic and recreational opportunities and a high quality of life, the Town of Queen Creek has grown from rich rural roots to what is one of the most innovatively planned, family-friendly hometowns in Arizona.

Quality of Life

Approximately 33 square miles in land area, Queen Creek is located in the southeast corner of Maricopa County (25 sq. mi.) and the northwest portion of Pinal County (8 sq. mi.) on the edge of the Phoenix metropolitan area. Residents choose to make Queen Creek their home because of its superior quality of life. The development of beautiful parks, trails and other public facilities, along with the variety of programs and events offered by the Town and other community groups, also support a unique lifestyle.

Queen Creek Community Profile

Governance

The Town of Queen Creek operates under the council-manager form of government. The seven-member Town Council is elected at large on a nonpartisan ballot. The Mayor is elected every four years, and Town Council members are elected to staggered terms, with three members elected every two years. The Town Council is responsible for setting public policy, approving the Town's annual budget, entering into contracts, providing executive leadership, making planning and development decisions, and adopting new laws. The Town Council appoints the Town Manager to implement policy and direct daily operations.

The Town Council meets at 5:30 p.m. on the first and third Wednesday of each month at the Law Enforcement/Community Chambers building, located at 20727 E. Civic Parkway; public hearings will not be held prior to 7 p.m. All meetings are open to the public and broadcast live on the Town's website.

Community Assets

Queen Creek offers residents and businesses a unique experience combining a hometown atmosphere with rich natural and recreational amenities, all within a short distance from one of the largest metropolitan areas in the United States. The Town continues to invest in the Town Center striving to create a true downtown in the heart of the community for generations to come. Improvements include: widening and updating the entire intersection of Ocotillo and Ellsworth roads, adding the Picket Post Square parklet, and festival-friendly infrastructure including access to electric and water utilities and the addition of decorative enhancements to streetlights and traffic signals. Throughout the community, the Town has invested millions of dollars in infrastructure improvements along the main arterial and key intersections throughout Town.

Parks and Trails

The Town offers a variety of outdoor amenities including Desert Mountain Park, located at 22201 S. Hawes Road; Founders' Park, located on Ellsworth Road across from the municipal campus, which features a 4,100 square foot splash pad and Pocket Park for Pups, a one-acre, off-leash lighted dog park; the Recreation Annex, located at 21802 S. Ellsworth Road, where a wide range of recreation classes for all ages are held throughout the year; and the Town's 11 miles of multi-use trails along the Queen Creek and Sonoqui washes. In September 2018, the Town opened a new community park located near Sossaman and Ocotillo Roads. Mansel Carter Oasis Park features a fishing lake, ballfields, a wheel-friendly skate park, play features, and splash pad.

Queen Creek Community Profile

Agritainment/Agritourism

Queen Creek offers a host of cultural and agritainment activities throughout the year for all to enjoy. Designated as an Arizona treasure, Schnepf Farms is a family-owned working farm providing entertainment, education and delicious, locally grown fruits and vegetables through a variety of seasonal festivals, concerts and events. Just across from Schnepf Farms, the Queen Creek Olive Mill is Arizona's only working olive farm and mill. The Olive Mill offers daily tours and a mouth-watering menu with a variety of food options. Nearby at Sossaman Farms and Hayden Flour Mills, farmers grow multiple varieties of wheat and is expanding to offer tours and classes.

Arts, Culture & Sports

For theater enthusiasts, the Queen Creek Performing Arts Center provides high-quality professional theater at prices affordable for the whole family including Broadway shows and popular national artists. Barney Family Sports Complex provides a venue for sports fans, offering family-oriented indoor sporting activities for all ages, and the Town's Recreation Division hosts year-round classes for the entire family to enjoy, plus popular community special events such as Spring into QC, Founders' Day and Trunk or Treat.

Equestrian Experience

Horseshoe Park & Equestrian Centre is one of Arizona's premier event facilities. Quiet and secluded, yet conveniently close to other venues in and around Phoenix, Horseshoe Park was designed with flexibility in mind. The park hosts a variety of equestrian events of both the English and Western persuasion and is equipped to handle large festivals, RV and equipment shows, concerts, home shows and weddings. Since opening in early 2009, Horseshoe Park continues to gain momentum as a unique and emerging commercial venue. Due to the visitors Horseshoe Park brings to the area each year, a number of commercial development opportunities are available near the facility, especially now that Riggs Road will soon be a major east-west corridor for the community when construction finishes later this year. With close proximity to existing space for lease and available land to build, this area provides a unique market for niche services and businesses.

Queen Creek Community Profile

Public Safety

Law enforcement services, including deputies, jail, animal control and emergency management services are currently provided for residents through a contract with the Maricopa County Sheriff's Office. Municipal court services are provided through a contract with the Town of Gilbert.

In 2008, the Town launched its municipal fire department. The Queen Creek Fire and Medical Department provides fire and emergency medical service coverage to residents in the Town's incorporated limits. The Town recently opened the first permanent fire station in Town Center, replacing the old Fire Station 1. Fire Station 2 is located in the southwest area of Town, Fire Station 3 is

located in the northwest area of Town, and a fourth fire station will open to serve the eastern portion of the community in 2019.

Water & Environmental Services

The Town of Queen Creek purchased the Queen Creek Water Company in 2008 and H2O, Inc. in 2013 to provide residents with a safe, sustainable and affordable water supply. In September 2010, municipal trash and recycling services began through a contract with a private firm, Right Away Disposal.

Queen Creek Community Profile

Transportation

Major transportation access is available via roads, rail and air. Interstate 10 is less than 20 miles away and provides easy access to surrounding communities, states and Mexico. Loop 202 (the San Tan Freeway), connecting Queen Creek to the Phoenix metropolitan area, is within five miles of Queen Creek. In 2014, the first mile of State Route 24 (Gateway Freeway) was completed, offering enhanced access from southeast Maricopa County to northwest Pinal County and additional routes into and out of Phoenix-Mesa Gateway Airport and its surrounding businesses and schools. The next extension of State Route 24 is anticipated to be begin in 2020. A major Union Pacific rail-line bisects Queen Creek and allows access to commercial and industrial sites.

Two airports serve the Queen Creek area. Phoenix Sky Harbor International Airport, just 45 minutes away, provides national and international flights with major carriers and commuter airlines. Phoenix-Mesa Gateway Airport, bordering Queen Creek on the north, is 10 minutes away and is a designated reliever airport to Phoenix Sky Harbor. It offers an expanding number of passenger flights as well as extensive freight and cargo service, aviation technology and repair firms, and commuter, private and cargo air service. Allegiant, California Pacific Airlines, Flair Air, Swoop, and WestJet provide service to a combined 47 destinations. The facility also contains tracts zoned for commercial and industrial uses. As a Foreign Trade Zone, Phoenix-Mesa Gateway Airport offers incentives to aviation companies worldwide. In early 2018, Governor Doug Ducey announced that Phoenix-Mesa Gateway Airport will be home to SkyBridge Arizona, the nation's first and only inland international air logistics hub to house both Mexican and United States customs. The Town is one of several municipalities who co-own the airport.

Queen Creek Community Profile

Maricopa County Library

Queen Creek Branch

The Town constructed a library in 2008 to host the Queen Creek branch of the Maricopa County Library District. The modern facility includes the Mary Lou Fulton children's area, a teen area, general reading areas, public computers, study rooms and conference rooms. The library marked the start of the community's efforts to "go green." The library building is the first structure in Queen Creek to qualify for the Leadership in Energy and Environmental Design (LEED) certification, and its many energy-saving features earned a gold-level certification.

Education & Workforce

K-12 School Districts

Queen Creek is served by four area school districts. Queen Creek Unified School District (QCUSD), an "A" rated district, serves the largest portion of the Town and includes six elementary schools, two middle schools and a high school. Two new QCUSD schools are currently under construction within the City of Mesa's boundaries, an elementary school and a high school. Also serving Queen Creek are the Chandler Unified School District, Higley Unified School District, J.O. Combs Unified School District as well as campuses of the Benjamin Franklin, American Leadership Academy, Cambridge Academy, Legacy Traditional, and Heritage Academy charter schools, among others.

Post-Secondary Education

Young, well-educated Queen Creek residents provide an ideal employment base. A partnership of post-secondary educational institutions creates a campus environment on the Phoenix-Mesa Gateway Airport grounds, just a 10-minute drive from Queen Creek. At the Arizona State University Polytechnic Campus, students can earn bachelor and graduate degrees in such fields as aviation, biological sciences, business, electronics, engineering, graphic information technology, health and wellness, human resources and others. The Chandler-Gilbert Community College offers a wide array of general studies and university transfer courses, as well as a number of specialized programs, including aviation, nursing, fire science, law enforcement training, and electric utility technology. It maintains partnerships with the University of North Dakota Aerospace (for flight training) and Embry-Riddle Aeronautical Institute (for airframe and power plant/maintenance training).

Queen Creek Community Profile

Communiversality at Queen Creek

Through a public-private partnership with Rio Salado Community College, Queen Creek is home to the Communiversality at Queen Creek. In 2018, Benedictine University began offering its Master of Business Administration degree program at the Communiversality. In addition to Benedictine University, other higher educational providers include: Ottawa University, the Southwest College of Naturopathic Medicine & Health Sciences, and Chandler- Gilbert Community College. The campus, located in the Town Center, allows students to complete certificates, associate, bachelor's and master's degrees in-person or online in one location close to home. It also is designed to support the needs of local companies for employee training

center and administrative offices, and it is a regional support center for online learners.

and development. The facility includes classrooms, a computer lab, a testing center and administrative offices, and it is a regional support center for online learners.

Plans to Manage Growth

Queen Creek contains 33 square miles in its incorporated area and 69 square miles in its planning area. The Town contains several large tracts of land that are attractive for development. The Town's General Plan and development regulations are designed to accommodate new development requests, while also recognizing the goals of our residents and the long-term vision established for the community.

The General Plan is the Town's guiding document for land use, public facilities and services, circulation and economic development. The original General Plan was adopted in 1990, and it was amended in 1996, 1999, 2002, 2008 and 2010. The 2018 General Plan update was unanimously adopted by the Town Council in September 2017 and ratified by the voters in May 2018.

The Town Council has a Zoning Ordinance, Subdivision Ordinance, Design Standards and other development regulations, which are used to implement the goals of the General Plan. The Town's focus is the development of high-quality attractive commercial and office facilities, high-quality housing, parks, trails, open spaces and adequate public facilities to serve the needs of the community.

Development fees provide funding for infrastructure needed to accommodate new growth, including wastewater treatment facilities, libraries, parks and recreational facilities, government facilities, transportation, public safety, and fire services.

Queen Creek Community Profile

Economic Development

Queen Creek continues to develop plans for a financially sustainable future. The Economic Development Department assists those looking for retail, office, industrial or land sites. The department also provides business resource and demographic information. As a member of the Greater Phoenix Economic Council (GPEC), Queen Creek is part of the regional business community that works to ensure a competitive, vibrant and self-sustaining regional economy.

The Town Council approved the updated Economic Development Strategic Plan in 2016. The Plan defines targeted industry sectors in order to focus marketing and recruitment efforts to strengthen and diversify Queen Creek's economy. The targeted sectors include: agritainment (agribusiness, entertainment, recreation & visitor industries); healthcare and biotechnology; higher education, software and information technology; and manufacturing. The Real Estate division, housed within Economic Development, assists with real estate activity within the Town, including capital improvement and utility project property acquisitions, and leases and sales of Town-owned property.

In 2010, the Shop Queen Creek program was launched in partnership with the Queen Creek Chamber of Commerce to support local businesses. The program, which encourages residents to make purchases within the community, is designed to strengthen the Town's economic base, encourage entrepreneurship and help retain sales tax dollars that fund local programs and services.

Town Center is designed to be the commercial, cultural and civic core of Queen Creek. In October 2017, the Town Center Plan was updated and approved by Council. The Town Center Plan update reaffirms the goals and policies for the entire Town Center, and establishes detailed recommendations for the Town Center Downtown Core. Recently, the Town Council approved a new Downtown Core Zoning District and Design Guidelines for this area. In 2019, design and engineering will begin for a shared drainage strategy and future infrastructure plan for the Downtown Core. This heart of the community has seen tremendous growth over the past few years. Several new retail and dining options have recently opened in QC Marketplace, QC District, Queen Creek Fiesta, and Heritage Square. Additionally, the Town Center infrastructure has been upgraded to accommodate large outdoor festivals, events and block parties. With community events planned throughout the year, numerous quality dining and entertainment options, there's always something to do in Town Center. As Town Center retail centers attract new tenants and fill in their remaining pad sites, commercial activity will continue to expand to other areas throughout Town.

Employment

Primary employers in the community consist of a mix of private and public entities. At the northern boundary of Queen Creek, an area referred to as the "Northern Tier," there is a significant amount of land designated for future employment uses. The General Plan designations and zoning in this area encourage a range of light to intensive commercial and industrial uses. The "Northern Tier" has direct access to major arterials, and is positioned for strong growth potential with its proximity to the Phoenix-Mesa Gateway Airport, Eastmark master-planned community (City of Mesa, Arizona), Arizona State University Polytechnic campus and State Route 24. SR 24 provides a direct connection between the San Tan Freeway and Ellsworth Road, the main thoroughfare into Queen

Queen Creek Community Profile

Creek.

In the southeastern corner of Queen Creek, Schnepf Farms and the Queen Creek Olive Mill collectively create an agritainment/agritourism district, which is a core component to the Town's tourism and economic development efforts. The nearby Banner Ironwood Medical Center and surrounding Pinal County/San Tan Valley residential neighborhoods enhance this unique area of Queen Creek, and provide an attractive demographic base for investors. Banner Ironwood Medical Center is expanding its campus, and a new 62,000 square foot medical office building is currently under construction.

Recreation, Parks & Special Events

From youth sports and senior programs, to block parties and fitness classes, Queen Creek's Recreation Division makes sure there is fun to be had in Queen Creek year-round! Local sports organizations offer league competition in a variety of sports including football, baseball, softball and soccer. Through a partnership with the Boys & Girls Club, after-school programs provide a safe place for students to finish homework, enjoy recreational activities and socialize. Residents can create their own fun at Founders' Park and the award-winning Desert Mountain Park. A skate park, sports fields and courts, picnic facilities, walking paths and playgrounds meet the needs of diverse ages and interests.

Parks also provide connectivity to the Town's trail system. Residents can bike, walk, run or ride their horse from Desert Mountain Park into the improved Queen Creek Wash Trail. An 11-mile multi-use trail is being developed to connect the Town's parks and neighborhoods along the way. San Tan Mountain Regional Park, a Maricopa County park located on Queen Creek's southern edge and serving several East Valley communities, is a natural preserve consisting of more than 10,000 acres of desert that provides a variety of recreational opportunities.

Horseshoe Park and Equestrian Centre

The 38-acre first phase of Horseshoe Park and Equestrian Centre (HPEC) opened in January 2009, and just celebrated its tenth anniversary in early 2019. The venue, known for its excellent customer service, hosts a variety of equestrian activities throughout the year appealing to English and Western riders, ranging from jumping competitions to roping, team penning, barrel racing and cutting contests. In addition, non-equestrian events are also held at HPEC, offering a variety of unique, family-friendly activities. A community arena is available to local residents separate from event facilities.

Although constructed primarily for equestrian-oriented activities, events such as concerts, home shows, RV and car shows or weddings can also be hosted at the facility. The park includes over 300 barn stalls and 56 RV slots, providing additional resources for large-scale events. A complete schedule of events is available at queencreek.org/HPEC.

Queen Creek Community Profile

Community Involvement

Since the Town's inception, community involvement, sharing information and providing opportunities for citizen participation in decision-making have been high priorities for Queen Creek's elected leaders.

- The award-winning annual Citizen Leadership Institute informs residents about current local issues while preparing them to take a leadership or volunteer role.
- The annual community ice cream social in July and pancake breakfast in November offer residents opportunities to talk to Town representatives and learn about community issues and services.
- Volunteer board and committee members research current local issues such as planning and zoning proposals, traffic concerns, parks and trails plans, recreational policies and facilities, public art projects, economic development and community capital improvements. The committees make recommendations to the Town Council for policies and future action.

Citizen Survey

The Town of Queen Creek regularly surveys residents about their opinions on topics such as quality of life, service delivery, civic participation and unique issues of local interest. These periodic surveys offer staff, elected officials and others with an opportunity to identify challenges and plan for and evaluate improvements. Surveys from past years are available at queencreek.org/citizensurvey.

Annual Events

- FEBRUARY – State of the Town
- MARCH – Spring into QC, Roots N' Boots Rodeo and Carnival
- MAY – Peach Festival
- JULY – Independence Day Celebration, National Parks and Recreation Month, Ice Cream Social
- SEPTEMBER – Founders' Day, Queen Creek Olive Mill Garlic Festival
- OCTOBER – Olive Harvest Festival, Trunk or Treat, Pumpkin and Chili Festival
- NOVEMBER – Pancake Breakfast
- DECEMBER – Holiday Parade and Festival

Annual activities, festivals and events in Queen Creek are held throughout the year and reflect the community's past, present and future. These special events provide hometown fun for community residents and visitors throughout the state and the region.

Queen Creek Demographics

Queen Creek Population

Source: Population estimates are based on Maricopa Association of Governments (MAG) housing baseline data and occupancy factors combined with the Town Creek data for residential housing permits.

Racial Composition

Ethnicity	Queen Creek*	Arizona*
White	91.0%	80.5%
Black or African-American	3.0%	5.4%
Asian	3.7%	4.1%
American Indian & Alaskan Native	1.4%	5.6%
Hispanic (of any race)	15.6%	30.9%
Native Hawaiian/Other Pacific Islander	0.4%	0.4%

*Note: Total percent may be greater than 100 because respondents can report more than one race. Source: 2013-2017 American Community Survey 5-Year Estimates

Queen Creek Demographics

Queen Creek Population by Gender and Age

Source: 2013-2017 American Community Survey 5-Year Estimates

Median Age	2017
Queen Creek	33.3 years
Maricopa County	36.0 years
United States	37.8 years

Source: 2013-2017 American Community Survey 5-Year Estimates

Queen Creek continues to attract young families, reflected in the Town’s median age of 33.3, well below the median age for both Maricopa County and the United States as a whole.

Educational Attainment

Residents Age 25 or older

Highest Education Level Attained	Queen Creek	Maricopa County
Elementary (0-8)	1.4%	6.0%
High School (9-12), no diploma	2.5%	6.9%
High School Graduate	19.0%	22.8%
Some College	28.4%	24.4%
Associate's Degree	10.3%	8.5%
Bachelor's Degree	24.5%	20.0%
Graduate or Professional Degree	14.0%	11.4%

Source: 2013-2017 American Community Survey 5-Year Estimates

Queen Creek Demographics

Queen Creek’s residents age 25 or older are highly-educated. The two highest levels of educational attainment, completion of a bachelor’s degree or a graduate or professional degree, reflect nearly 40 percent of the Town’s residents (38.5%), compared to the County’s 31.4%.

Median Value of Owner-occupied Housing

Source: 2013-2017 American Community Survey 5-Year Estimates

Income

Median Household Income

Source: 2013-2017 American Community Survey 5-Year Estimates

Queen Creek’s annual median household income continues to be very strong, making it the third highest median income of all cities and towns in Maricopa County.

Queen Creek Demographics

Households by Income

Income	Queen Creek	Maricopa County
\$150,000 or more	22.0%	11.6%
\$100,000 to \$149,999	23.9%	14.4%
\$50,000 to \$99,999	29.4%	31.2%
\$25,000 to \$49,999	13.3%	23.2%
Under \$25,000	11.4%	19.6%

Source: 2013-2017 American Community Survey 5-Year Estimates

Compared to Maricopa County, Queen Creek has a much higher portion of households in the highest earning categories, with 45.9% of Queen Creek households earning \$100,000 or more annually. Comparatively, just 26.0% of Maricopa County households earn \$100,000 or more.

Unemployment Rates 2013-2018

Source: Rates reflect annual average unemployment and are non-seasonally adjusted from Data.bls.gov

	2013	2014	2015	2016	2017	2018
Town of Queen Creek	4.7%	4.4%	4.0%	3.5%	3.5%	3.5%
Phoenix Metro Area (MSA)	6.7%	5.9%	5.2%	4.6%	4.2%	4.1%
Maricopa County	6.6%	5.8%	5.1%	4.6%	4.2%	4.1%
Arizona	7.8%	6.8%	6.1%	5.4%	4.9%	4.7%

Source: Rates reflect annual average unemployment and are non-seasonally adjusted from Data.bls.gov. 2019 data was unavailable.

For the entire six-year period examined, Queen Creek’s unemployment rates consistently trended lower than those of the Phoenix Metro Area, Maricopa County and the State. For 2018, the trend continued, with Queen Creek’s annual rate averaging at 3.5% while the rates of the other jurisdictions continue to be at or above 4.1%.

Queen Creek Demographics

Employment

A key goal of the Town Council is to be proactive in efforts to strengthen and diversify the local economy, providing high-wage, professional-level employment opportunities for residents, and expanding the business tax base in the community. Employment in Queen Creek currently has a strong concentration in the retail and education sectors.

According to the 2017 Town of Queen Creek Citizen Survey, over half the Town’s residents (66%) rate Queen Creek as a good or excellent place to work.

Queen Creek has a variety of home-based businesses, and promotes their continued expansion through the Zoning Ordinance, the Economic Development Strategic Plan and Gangplank Queen Creek.

Principal Employers

Employer	Product or Service	Approximate Employees*
Queen Creek Unified School District	Education	835
Banner Ironwood Medical Center	Health Care	400
Wal-Mart	Retail	380
Canyon State Academy	Education	305
Town of Queen Creek	Government	270

* All figures may include full and part time employees.

Corporate Strategic Plan

Introduction

The Corporate Strategic Plan attempts to encompass in one document a five-year organizational plan of action. Through the plan, the Town Council sets priorities and provides policy direction to the Town Manager. It translates Queen Creek's mission, vision and values statements into actionable goals; it also provides the public with a source of reference for information about government activities. After the Corporate Strategic Plan has been finalized, Queen Creek's management team uses approved goals to outline an administrative work program for all of staff, the progress of which is reported on quarterly.

The Town Council focuses resources on what is most important to achieving its vision by designating five strategic priorities. These priorities guide Town departments as they shape programs and set long-term goals. The five strategic priorities are: **Effective Government, Safe Community, Secure Future, Superior Infrastructure and Quality Lifestyle.**

The strategic priorities are broad-based policy statements that set the framework for planning and budgeting for the day-to-day work of staff. Each priority has a brief narrative and contains high-level goals called Key Result Areas (KRAs), department objectives, and relevant performance measures.

Updates to the Corporate Strategic Plan

Each year, the Town Council holds a planning retreat at the start of the annual budget process to discuss long-term policy issues and outline new priorities. Goals proposed by Town departments are brought forward during these discussions and are refined through the annual budget development process. The updated Corporate Strategic Plan is officially adopted each year at a Town Council meeting in May or June, setting forth the Town Council's desires for programs, services and projects that need to be considered and funded during the new fiscal year.

Corporate Strategic Plan

STRATEGIC PRIORITIES

EFFECTIVE GOVERNMENT

An effective local government is aware of citizens' needs and provides the services that residents want. This can be achieved by managing the price of government and introducing innovative business practices, using new technology, hiring quality employees and leveraging Town partnerships to save resources.

KEY RESULT AREAS

- Financial Stability
- Intergovernmental Relations
- Council Professional Development

SAFE COMMUNITY

Queen Creek has low crime rates and residents continue to rate their interactions with public safety personnel highly in community surveys. As our Town grows, ensuring the safety of the public continues to be among our highest priorities; this means hiring and training quality first responders, and finding innovative ways to improve delivery of emergency services.

KEY RESULT AREAS

- Public Safety
- Community Involvement

SECURE FUTURE

Securing Queen Creek's future involves strengthening the Town's financial condition by implementing strong management strategies within the organization, and by increasing the number of employment opportunities available to residents. This priority also relates to securing our water supply for the benefit of future residents.

KEY RESULT AREAS

- Environment
- Land Use & Economic Development

SUPERIOR INFRASTRUCTURE

With the growth of residential and commercial development comes the challenge of satisfying public demand for quality streets, lights, utilities and parks. The construction and maintenance of a high-quality public infrastructure is a priority.

KEY RESULT AREAS

- Capital Improvement Program
- Technology

QUALITY LIFESTYLE

Queen Creek will leverage its strong image as a tight-knit, family friendly community to encourage more residents to participate in public events, attract new businesses and further establish our reputation as one of the best destinations in Arizona. We will seek to enhance this unique lifestyle through public art, cultural events and new recreation opportunities.

KEY RESULT AREAS

- Image & Identity

Corporate Strategic Plan

New Initiatives

In the at the conclusion of the recently completed update process for the strategic plan, the Town Council identified and added new initiatives to the plan. The new initiatives are identified below. Please refer to the Corporate Strategic Plan for more information (online [Queen Creek Corporate Strategic Plan](#)).

Effective Government

- No new initiatives

Safe Community

Community Involvement:

- Maintain efforts toward completion of the elements of the CIP such as construction of new stations in order to meet the level service

Secure Future

Land Use & Economic Development:

- Administer and manage the Town's development standards and procedures with available resources

Finance:

- Ensure customer rate structures are appropriately set to pay for adopted service levels

Superior Infrastructure

Finance:

- Ensure long-range financial plans are in place to adequately build, maintain and replace needed infrastructure
- Improve the Town's bond ratings in order to lower borrowing costs

Quality Lifestyle

- No new initiatives

Planning Tools

The following documents are overarching policy documents Queen Creek operates under in support of the CSP:

Policy Document	Purpose	Highlights
General Plan	Guides growth and development in the Town along with the Zoning Ordinance	<ul style="list-style-type: none"> Community Character – addresses visual aspects of development including development densities, transportation circulation, and building and landscape standards Quality of Life – how service and facilities will be provided including parks, recreation, and water resources Environment & Economy – address growth and balance of the economic base and the protection and enhancement of the environment
Zoning Ordinance	Guides growth and development in the Town along with the General Plan	<ul style="list-style-type: none"> Address varied types of land use within the Town Remain current with amendments that require action due to State Legislation Creates special event permitting specific to agritourism & agritainment type uses
Parks, Trails & Open Space Master Plan	Important implementation tool to meet the recreation needs of current and future residents.	<ul style="list-style-type: none"> Interconnected – Create comprehensive trail system within planning area Character – Provide significant natural open space that enhances community character and land for development of trails and other passive recreation areas Opportunities – Promote recreation opportunities for all citizens
Economic Development Strategic Plan	Addresses the need for the Town to focus marketing efforts on specific industries to be more effective and efficient.	<ul style="list-style-type: none"> Labor Force and Education – Partner with the community schools, Chandler-Gilbert Community College and Arizona State University at the Polytechnic campus to ensure that education supports the future of the community at large, residents and the development needs of business Real Estate Resources – Partner with land owners and developers to develop an inventory of improved sites and existing “speculative buildings” for employment uses Community Vision/Identity – The Town of Queen Creek strives to honor our past, manage our present and engage our future to create a quality, unique place for family and business
Town Center Plan & Town Center Redevelopment Plan	Ensures that the Town Center remains consistent with the Redevelopment Area Plan while attracting, retaining & enhancing local business ownership	<ul style="list-style-type: none"> Strengthen economic vitality Seek public-private partnerships Transit center Entertainment district
Transportation Master Plan	Important implementation tool for addressing the long term needs related to the regional streets/transportation system	<ul style="list-style-type: none"> 10-year plan to ensure service levels related to traffic do not decline Foundation for determining impact of growth on system

Long-Range Financial Plan

Summary of Revenue and Expense Projections by Fund

Each Fall, the Town begins the annual budget process with a 5-year financial forecast. Through the use of a long-range projection model, the Town is able to identify and address projected structural budget gaps and realize potential fund balances to be strategically utilized for public safety and community benefit.

Operating and Enterprise Funds

The operating funds table reveals that operating funds including General Fund, Sewer, Solid Waste, Water and Emergency Services are projected, as a whole, to garner revenues greater than anticipated expenses for the foreseeable future. However, the projection has highlighted anticipated expenditure over revenues in Emergency Services, Horseshoe Park Equestrian Center and Highway User Revenue Fund (HURF). The General Fund will cover these shortfalls.

HURF is funded through state gasoline tax and vehicle license tax. As of FY 2015/16, all of the Town's street operations are housed in this fund. While this fund has seen a decrease in revenue over the past few years in part due to sweeping of funds at the state level as well as decreases in gasoline sales state wide, this fund has seen an increase in revenue levels as a result of the most recent census adjustment for state shared revenues.

The Emergency Services Fund has two primary revenue sources, sales tax and property tax. Property tax was established at \$1.95 per \$100 of assessed value. Due to decreases in property tax collection since 2008, other revenue sources had to be explored. A new revenue stream from a newly-created county island fire district was developed in FY 2013/14 to address this gap. This district has an intergovernmental agreement with the Town to provide fire and medical service. Prior to the agreement, county residents were receiving services from a private entity that collected annual fees for services. The Town, through the agreement, is projecting revenue in FY 2019/20 of \$1.5 million from the Fire District. A new funding source was implemented starting in FY 2018/19 in the form of a return on investment from the Utility Funds (Water and Wastewater). These revenues are similar to what a private utility would be obligated to pay the Town.

Special Revenue Funds

The Town Center Fund, while funded almost entirely by sales tax in the Town Center Area, is anticipating moderate revenue growth due to aggressive economic development programs aimed at increasing local spending.

Development Fee Funds cover a substantial share of debt assumed by the Town during a time of remarkable growth. Parks and roadways were constructed along with a library. Developments were multi-million dollar projects to benefit and enrich the community as a whole. Due to unfavorable impact fee legislation, development fees are significantly limited after August 2014. Further detail on this funding source can be found in the Capital Section of this budget book.

Other Funds

Despite the pay as you go funding provided by the Operating Budget over the past few years, over the course of the next five-years, future capital infrastructure projects within the Town will require issuing debt or securing funding from outside entities such as state and federal grants and developer contributions in order to move forward.

The Town's Special Assessment Fund houses the debt on the Improvement District for that portion attributed to the private landowners in the district. The fund receives revenues from assessments to private property owners in the district, which accounts for approximately 48% of the debt. The Town's portion of the assessment is paid for primarily by construction sales tax (75%) with the remainder coming for the Town's General Fund (25%) and is included in the debt service fund.

Long-Range Financial Plan

The Town is the administrator of over 100 Street Light Improvement Districts (SLIDs) at the time of budget development. The fund receives revenues through an assessment on secondary property tax that pays for the electricity consumption in the districts.

Below is the long-range forecast for base budgets in the non-Enterprise Operating Funds (General Fund, Emergency Management Services Fund, HURF and Horseshoe Park Fund) at the time of initial budget development. This operating budget long-range forecast does not include the CIP program. It is intended to show the operating results for base operating budgets (excluding Enterprise Operations, Infrastructure Development and Debt) at the onset of the budget process. The net operating result over the five year planning period affirms the Town’s ability to provide the additional resources required to meet the currently approved levels of service estimated for the projected population growth.

Long-Range Financial Plan

Forecasted Major Revenue Sources

At the outset of the budget development process the table below identifies the long range revenue forecast for all major revenue sources:

Revenues	FY 2019/20	FY 2020/21	FY 2021/22	FY 2022/23	FY 2023/24
Sales Tax - Excluding Construction	24,002,200	25,682,400	27,480,200	29,403,800	31,462,100
Sales Tax - Construction	5,500,000	5,665,000	5,700,000	5,800,000	5,899,900
State Shared Sales Tax	4,490,100	4,991,000	5,561,500	6,191,300	6,624,700
State Share Income Tax	5,510,900	6,074,800	6,565,400	7,228,200	7,445,000
Vehicle License Tax	1,804,700	2,024,800	2,242,300	2,483,300	2,557,800
HURF	2,542,900	2,623,400	2,705,700	2,790,600	2,874,300
Property Tax	8,343,197	9,163,800	9,999,700	10,981,000	12,158,000
Utility ROI	568,900	597,600	627,500	658,900	691,800
Utility Franchise Fees	1,509,255	1,585,300	1,664,600	1,747,800	1,835,200
Utility In-Lieu Property Tax	756,900	795,000	834,800	876,500	920,300
Impact Fees	6,209,331	7,135,200	11,331,000	12,874,700	13,794,100
Capacity Fees	4,986,258	4,983,900	7,089,000	8,707,000	9,157,600
Building Revenues	4,598,400	4,700,000	4,700,000	4,700,000	4,700,000
Water User Fees	23,138,458	24,757,600	26,490,600	28,344,900	30,329,100
Sewer User Fees	7,758,006	8,325,500	8,908,300	9,531,900	10,199,100
Solid Waste User Fees	2,935,058	3,345,200	3,561,100	4,257,100	4,618,000

Financial Policies

The financial policies establish the framework for overall fiscal planning and management. They set forth guidelines for both current activities and long-range planning. The policies are reviewed annually to assure the highest standards of fiscal management. The Town Manager and the Town Council Budget Committee have the primary role of reviewing financial actions and providing guidance to the Town Council. The following policies were affirmed and adopted per Council Resolution 1274-19 effective July 1, 2019:

Overall Goals

The overall financial goals underlying these policies are:

- Fiscal conservatism: To ensure that the Town is at all times in a solid financial condition. This can be defined as:
 - Cash Solvency - the ability to pay bills.
 - Budgetary Solvency - the ability to balance the budget. Neither a budget deficit nor budget surplus is present in the budget. Revenues equal expenditures.
 - Long-run Solvency - the ability to pay future costs.
- Flexibility: To ensure that the Town is in a position to respond to changes in the economy or new service challenges without an undue amount of financial stress.
- Adherence to the highest accounting and management practices: To ensure compliance with standards for financial reporting and budgeting established by the Government Finance Officers' Association (GFOA), the Governmental Accounting Standards Board (GASB), and other professional best practices.

Operating Management Policies

- Ongoing operating costs should be supported by ongoing, stable revenue sources as much as possible. Some corollaries to this policy are:
 - Fund balances should be used only for one-time expenditures, such as capital equipment and improvements or contingency accounts.
 - Ongoing maintenance costs should be financed through operating revenues rather than bonds.
 - Fluctuating federal grants should not be used to finance ongoing programs.
- Revenues from growth or development should be allocated to one-time costs as much as possible. This policy implies a commitment to identifying the portions of the Town revenue stream that result from growth.
- Unassigned fund balances in the General Fund must equal 25% of its revenue budget, per Town Council policy, to provide a cushion to address emergency situations and unforeseen circumstances.
- Enterprise Funds should be self-sufficient. They should include a sufficient unrestricted fund balance to absorb fluctuations in annual revenue. Enterprise Funds should be charged directly for expenditures such as staff salaries and fringes and direct operating expenditures. Departmental support costs for such General Fund support as Information Technology, Communications & Marketing, Finance, Budget, Human Resources, etc. will be charged quarterly to these funds based upon an approved methodology. Operational revenue should be great enough to cover debt service and replacement capital costs.
- A financial forecasting model should be developed to test annually the ability of the Town to absorb operating costs due to capital improvements and to react to changes in the economy or service demands. This annual forecast should at minimum cover the current and next fiscal year.

Financial Policies

- Laws and policies on limitations on revenue sources should be explicitly addressed in the budget process. These include:
 - Annual Local Transportation Assistance Funds (LTAF) must be used for public transit or streets, but a small portion (10%) may be used for cultural purposes.
 - Highway User Revenue Fund (HURF) must be used for expenditures found in the right-of-way including streets, sidewalks, curbs, etc.
- Comparison of service delivery will be made on a periodic basis to ensure that quality services are provided to citizens at the most competitive and economical cost. The review of service delivery alternatives will be performed on a periodic basis.
- Treatment Effluent Purchase Policy (Resolution 1261-19) - Treated wastewater effluent (TWE) is a valuable water resource and can directly offset groundwater pumping recharge requirements as established by the Arizona Groundwater Management Act. TWE is a by-product of the wastewater treatment process, which costs are the responsibility of the Town's Wastewater System. TWE is an asset only to the Town's Water System.
 - Because of the significant and distinct difference between the customer base of the Town's Water and Wastewater Systems, the Town's Water System shall purchase any TWE produced and recharged annually that is available as a water resource to the Town's Water System.
 - The Town Council, as part of the adopted annual budget, shall establish the internal rate and charge for TWE for any given year.

Pension Funding Policies

The Town adopted a Pension Funding Policy on June 20, 2018 via Resolution No. 1224-18, and subsequently updated it on June 5, 2019 via Resolution No. 1263-19, to address the strategy to fund the three pension costs paid by the Town. The objectives of this policy are:

- Fully funded pension plans. Maintain adequate assets so that current plan assets plus future contributions and investment earnings are sufficient to fund all benefits expected to be paid to members and their beneficiaries. The target funded ratio goal is 100% (full funding). Taxpayer and member equity is best achieved at full funding. At full funding, both the member and taxpayer have paid the appropriate costs incurred to date.
- Maintain intergenerational equity. Pension costs are paid by the generation of taxpayers who receive the services. Fully funded pension plans are the best way to achieve taxpayer and member intergenerational equity. Pensions that are less than fully funded place the cost of service provided in earlier periods on the current and future taxpayers. If the plan is underfunded (less than 100%), future members and taxpayer are responsible for an unfair portion of plan costs.
- Maintain stability of the Town's contribution amounts.
- Maintain public policy goals of accountability and transparency. Each policy element is clear in intent and effect, and each should allow an assessment of whether, how and when the funding requirements of the plan will be met.

Reserve Policies

The Town's reserve policy covers the General Fund, Enterprise Funds (Water, Sewer and Solid Waste), and Special Revenue Funds (HURF and the Emergency Services Fund). The Town Development Fee Funds and capital project funds (Drainage and Transportation, and General CIP) are excluded from this policy and are covered by

Financial Policies

the reserves established for the General Fund. The reserve policy varies by fund depending upon the underlying revenue risk.

Fund balance is an important indicator of the Town's financial position. Maintaining reserves is considered a prudent management practice. Adequate fund balances are maintained to allow the Town to continue providing services to the community in case of unexpected emergencies or requirements, economic downturns, and "pay-as-you-go" funding for capital projects or one-time expenditures.

In an effort to ensure the continuance of sound financial management of public resources, the Town of Queen Creek's Unassigned General Fund Balance will be maintained to provide the Town with sufficient working capital and a comfortable margin of safety to address emergencies, sudden loss of revenue or operating needs, and unexpected downturns without borrowing.

This policy establishes the amounts the Town will strive to maintain in its fund balances, the conditions under which fund balance may be spent, and the method by which fund balances will be restored. These amounts are expressed as goals, recognizing that fund balance levels can fluctuate from year to year in the normal course of operations for any local government.

- Operating Budget (General Fund, HURF, Emergency Management Services Fund, Horseshoe Park Fund) The Town will strive to maintain an Unassigned Fund Balance reserve in the General Fund equivalent to 25% of the Operating Budget revenue. It is the intent of the Town to limit use of Operating reserves to non-recurring needs such as to address emergency situations, unexpected events where damage is incurred and immediate, remedial action must be taken to protect the health and safety of residents (e.g. floods, fires, and storm damage), capital needs and other such non-recurring needs. Fund Balance may decline year over year, due to a sudden decline in revenue during the last quarter of the fiscal year, and expenditure savings cannot be achieved fully in this limited timeframe. The Town will consider this funding situation as part of new fiscal year budget discussions. The Town's objective is not to use Fund Balance for recurring expenditures. Any planned usage of the Unassigned Fund Balance reserve must be appropriated by the Town Council. Any unplanned usage or drawdown caused by revenue declines will be reported to the Council as part of normal financial reporting to Council.
- Special Revenue Funds - The Town will strive to maintain a Restricted Fund Balance reserve in the Special Revenue Funds, as defined by GAAP, equivalent to 10% of annual recurring revenues in these funds.
- Water and Wastewater Funds (Resolution 1270-19) – After fully funding the pension reserves required by the Town's Pension Funding Policy, Queen Creek shall establish and maintain two types of reserves for both the Water and Wastewater Funds – an operating reserve and a repair/replacement reserve.
 - The target of the Water and Wastewater operating reserves will be equal to one year of each respective fund's operating expenses.
 - The target level of the Water and Wastewater repair/replacement reserves will be equal to 1.5 times the annual depreciation of each respective fund's capital assets.
 - Annual net budgetary basis operating income results will be designated into these fund balances – with 30% going to fund the operating reserve and 70% going to fund the repair/replacement reserve – until fully funded.

Any appropriation from any Water or Wastewater reserve fund shall require the approval of the Town Council. The Council may authorize use of reserve funds for unanticipated events threatening public health, safety or welfare. The use of any reserve should be requested only after all other budget sources have been examined for available funds. Any approval of the use of the reserve funds must also include a repayment plan that restores

Financial Policies

the reserve to the minimum adopted level within the three fiscal years following the fiscal year in which the use occurred. Compliance with the provisions of this policy shall be reviewed annually as part of the budget adoption process.

- The Chief Financial Officer is authorized to classify available fund balance for specific purposes in accordance with GASB 54. It is the policy of the Town that when expenditures are incurred for which more than one category of fund balance could be used, the order of use is: Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance.

Revenue Management Policies

- The Town will strive for a more diversified and stable revenue system, maintained to ensure the fiscal health of the community.
- User fees for all operations will be examined annually to ensure that fees cover direct and indirect cost of service as much as possible.
- Enterprise fees (Water, Wastewater and Solid Waste) shall be set to fully recover their respective operating costs, including debt service.
- Development fees for one-time capital expenses attributable to new development will be reviewed at least every five years to ensure that fees match development-related expenses.
- Central Arizona Groundwater Replenishment District (CAGR) Credits will be allocated annually per Resolution 1204-18.
- The Town Utilities (Water and Wastewater) will include payments to the Operating Budget that reflect the true cost of utility operations, similar to expenses for private utilities, including: franchise fees, payments in lieu of property taxes and the recovery of a reasonable rate of return. These additional Operating Budget revenues will be dedicated to fund Public Safety and Fire/EMS.
 - In-Lieu Property Taxes shall be equivalent to the Town's Primary Property Tax Rate per \$100 of 18% (the current statutory assessment ratio) of the net asset values for real and personal property owned by the Water and Wastewater Systems.
 - Franchise Fees shall be 5% of annual Water and Wastewater operating revenues.
 - Return on Investment shall be 10% of the annual operating revenues generated by non-Town resident customers.

Investment Policies

The primary objectives of the Town's investment activities are:

- Safety of principal – the Town will seek to ensure preservation of principal in the overall portfolio.
- Liquidity – the investment pools and funds will remain sufficiently liquid to enable the Town to meet all operating requirements that might be reasonably anticipated.
- Return on investment – the investment pools and funds shall be managed with the objective of attaining a competitive rate of return given the constraints of the aforementioned safety and liquidity objectives.

Capital Management Policies

- A five-year capital improvement plan (CIP) will be prepared and updated each year. This includes all projects that carry out the Town's strategic and general plans.

Financial Policies

- Each department must, when planning capital projects, estimate the impact on the Town's operating budget over the next five years.
- Amendments to capital appropriations fall under the same guidelines as changes to the operating budget noted in the Budget Policies Section.

Debt Management Policies

The debt policy is to be used in conjunction with the adopted budget, the Capital Improvement Program (CIP) and other financial policies as directed by the Mayor and Town Council. Bond, lease/purchase financing; internal borrowing between funds, and state agency financing through the Greater Arizona Development Authority (GADA) and the Water Infrastructure Finance Authority of Arizona (WIFA) will be considered for financing major capital improvements and equipment for the Town.

- Annual debt service cost should not exceed 25% of the total annual revenue of the Town, including revenue from the General Fund, Development Fees, Water Fund, Sewer Fund, HURF, LTAF, and transportation revenues.
- Bonds must be investment grade without assistance from a credit enhancement.
- The Town must adhere to the State statutes that prescribe the amount of outstanding general obligation debt that a town can have at any one time (20% of the secondary assessed value for water, sewer, parks, public safety, lights and transportation and 6% for all other programs). The Town currently has no general obligation debt outstanding.

Fixed Asset Policy

- The Town has set its capitalization threshold for all assets with an initial individual cost of \$10,000 or more and an estimated useful life of one year. Assets having value under \$10,000, regardless of their useful life, will not be reported as assets in the fixed asset system. Individual departments are responsible for maintaining inventory and records of all assets under \$10,000.
- All Town departments are required to provide detailed information on all assets, newly acquired during the fiscal year, no later than 30 days prior to the end of the fiscal year.
- Non-cancelable lease agreements are handled in accordance with the Financial Accounting Standards Board (FASB) Statement No. 13.
- Donated assets will be entered into the system at acquisition value as determined through appraisal.
- Construction in process is considered a separate type of asset and is tracked separately from the capital assets until the time of completion.
- Costs subsequent to acquisition should be capitalized if any of the following exists:
 - Useful life of asset is increased
 - Quality of services produced from asset is increased
 - Quality of units produced by asset is enhanced
- Disposal of assets shall be in accordance with all applicable federal, state and local regulations and policy.

Budget Policies

Queen Creek in accordance with Arizona state law annually adopts a balanced budget, which is all-inclusive. Arizona Revised Statute §42-17151 requires all estimated sources of revenue, and restricted and unrestricted

Financial Policies

unencumbered balances from the preceding fiscal year, shall equal the total of amounts proposed to be spent in the budget for the current fiscal year. All-inclusive means that if an item is not budgeted it cannot legally be spent during the fiscal year. Therefore, the budget must include sufficient contingency appropriation provisions for expenditures related to revenues that cannot be accurately determined or anticipated when the budget is adopted.

Arizona Revised Statutes only requires communities to prepare a budget for two funds – the General Fund and HURF. In addition to these two funds, Queen Creek prepares budgets and requests legal appropriation for all its funds: Special Revenue, Emergency Services, Enterprise, Capital Improvement, Debt Service and Internal Service.

Budget Amendment Policies

- Reallocation of expenditure authority between Town departments from any non-departmental account, including contingency, and budget adjustments that include creating new full-time positions, may be done only with approval of the Town Council.
- Budget adjustments to increase Town estimated revenues in order to fund increasing expenditure authority must be approved by the Town Council. The only exception is with the Town's Enterprise Funds in which more flexible budgeting is required. Within these funds, the sale of a good or material is first dependent on the Town acquiring the item. In those cases in which added sales or revenue generation is directly linked to the acquisition of the item, the Town Manager can approve such appropriations and revenue increases to the budget, up to a cap of \$100,000. Such adjustments must stay within the annual budget ceiling adopted for the Town.
- Reallocation of expenditure authority between Town funds (e.g. General Fund, HURF, Development Fee Funds, etc.) require the approval of the Town Council.
- Reallocation of expenditure authority of up to \$50,000 between capital project accounts requires the Town Manager's approval only; transfers above that amount require Town Council approval.
- Reallocation of expenditure authority from one expenditure account to another within a Town departmental budget (Intradepartmental Appropriation Transfer) are as follows. All amendments are contingent upon Budget Office verification of sufficient budget being available for the request.
 - Department Director approval only up to \$25,000 from one expenditure account to another within a departmental budget.
 - Town Manager approval only for amendments greater than \$25,000 within a departmental budget.

Financial Reporting Policies

- The Town's accounting and financial reporting systems will be maintained in conformity with Generally Accepted Accounting Principles (GAAP) and standards of the Governmental Accounting Standards Board (GASB).
- The Town's budget will be submitted to the GFOA Distinguished Budget Presentation Program. The budget should satisfy criteria as a financial and programmatic policy document, as a comprehensive financial plan, as an operations guide for all organizational units and as a communications device for all significant budgetary issues, trends, and resource choices.
- Financial systems will be maintained to monitor revenues, expenditures, and program performance on an ongoing basis.

Budget Process & Procedures

Budgetary Process

The Town Council follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Arizona Revised Statutes, the Town Manager submits to the Town Council a proposed budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them for the upcoming year.
2. Public hearings are conducted to obtain taxpayer comment.
3. State law sets a limit on the expenditures of local governments. State statute sets the limits based on Economic Estimates Commission unless otherwise approved by voters. The Town of Queen Creek received voter approval to increase this limitation. The Town of Queen Creek has adopted an alternative expenditure limitation, also called home rule, in which total budgeted expenditures as adopted by the Town Council become the expenditure limitation.
4. Expenditures may not legally exceed the expenditure limitation of all fund types as a whole. For management purposes, the Town adopts a budget by department for the General Fund and in total by fund for Capital and Special Revenue Funds, Emergency Services Fund and Enterprise Funds. The Town Manager, subject to Town Council approval, can at any time transfer any unencumbered appropriation balance or portion thereof between departments or programs. The adopted budget can be amended by following the Council-approved reallocation procedures.
5. Formal budgetary integration is employed as a management control device during the year for the General Fund and Capital and Special Revenue Funds on essentially the same modified accrual basis of accounting used to record actual revenues and expenditures.

Budgetary and Accounting Basis

Queen Creek's budget is prepared on a basis generally consistent with Generally Accepted Accounting Principles (GAAP).

Governmental Funds – the General Fund, Special Revenue Funds, Debt Service and Capital Project Funds budgets are developed using the modified accrual basis of accounting. Under the modified accrual basis:

- Revenues are recognized as soon as they are measurable and available to finance expenditures in the current period or soon enough thereafter to pay liabilities of the current period.
- Expenditures are recognized when the related fund liability is incurred, except for items such as principal and interest on general long-term debt that are recognized when due and compensated absences, which are recorded when payment occurs.

Fixed assets used in governmental fund type operations are accounted for in the Town's Balance Sheet. Public domain (infrastructure) assets consisting of certain improvements other than buildings, such as roads and sidewalks, are not capitalized since these assets are immovable and of value only to the government.

Property, plant and equipment acquired or constructed for general governmental operations are recorded at the time of purchase as expenditures in the funds from which the expenditures were made.

Property, plant and equipment are recorded at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair market value on the date donated.

Assets in the general fixed asset area are not depreciated.

Budget Process & Procedures

Proprietary Funds – Water, Sewer and Solid Waste Enterprise Funds - are accounted for using the full accrual basis of accounting. The Town applies all applicable FASB pronouncements issued on or before November 30, 1990, unless they conflict with GASB pronouncements. Under the full accrual basis:

- Revenues are recognized when earned, and expenses are recognized when incurred. Interest on bonds, proceeds of which are used in financing the construction of certain assets, is capitalized during the construction period net of interest on the investment of unexpended bond proceeds.
- Expenditure estimates are developed for all expenses incurred during the fiscal year.

Property, plant and equipment acquired for proprietary funds are capitalized in the respective funds to which they apply.

Property, plant and equipment are recorded at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair market value on the date donated.

Depreciation of buildings, equipment and vehicles in the proprietary fund types is computed using the straight-line method.

Interest – is capitalized on proprietary fund assets acquired with tax-exempt debt. The amount of interest capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project with interest earned on invested proceeds over the same period.

Fund Equity – The unreserved fund balances for governmental funds represent the amount available for budgeting future operations. The reserve fund balances for governmental funds represent the amount that has been legally identified for specific purposes. Unreserved retained earnings for proprietary funds represent the net assets available for future operations or distribution. The reserved retained earnings in proprietary funds represent the amount that has been legally identified for specific purposes.

Inventories – Purchases of inventory are recorded at the time of purchase as expenditures/expenses in the funds from which the expenditures/expenses were made.

Fund Structure Chart

Fund Structure Narrative

The financial accounts for the Town of Queen Creek are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts composed of assets, liabilities, fund equity, revenues and expenditures, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The funds are governmental or proprietary. Different fund types are found within each of these two classifications.

Governmental Funds

Operating Funds – These funds account for the governmental operations of the Town.

General Fund – This fund pays for the daily operations of Queen Creek government, including Mayor and Council, Town Manager and Town Clerk, Development Services, Communications, Marketing & Recreation Services, Economic Development, Finance, Workforce & Technology, and all Non-Departmental expenditures. The General Fund also covers operating shortages in the Horseshoe Park Equestrian Center Fund, the Highway User Revenue Fund (HURF) and the Emergency Services Fund.

Horseshoe Park Equestrian Center Fund – This fund accounts for the operations of the Town's Horseshoe Park Equestrian Center.

Highway User Revenue Fund (HURF) – All street operating costs eligible for state highway revenues are included in this fund. Revenues are derived from fuel taxes, vehicle license tax, and other street-related fees.

Emergency Services Fund – A 0.25% sales tax and a dedicated primary property tax (\$1.95/\$100 assessed value) pay for fire services in the community. In addition, this fund pays for the Maricopa County Sheriff's Office contract for police service in the Town. Because the revenue in this fund is insufficient to cover expenditures, a General Fund transfer is required to balance the budget of this fund.

Other/Special Revenue Funds - These funds account for the proceeds of specific revenue sources that are legally restricted, or restricted by Town policy to expenditures for a specific purpose.

- **Community Events Fund** – Used to account for recurring Town events: Trunk or Treat, December Holiday Tree Lighting, Spring into QC and 4th of July Fireworks. In addition to some General Fund support, events are reliant on sponsorships.
- **Town Center** – This fund receives revenue from a 0.25% sales tax charged within two shopping centers located in the Town Center. Funds are dedicated to improvements and projects within the Town Center planning area.
- **Street Lighting Improvement Districts (SLIDs)** – Arizona State statutes provide that improvement districts can be established to pay for streetlights. The Town has established a fund to account for the revenue received from benefited property owners to reimburse the Town for the streetlight expenses paid by the Town.
- **Grants** – This fund accounts for the necessary expenditure appropriations to cover any special circumstances that arise during the fiscal year related to Grants.
- **Local Transportation Assistance Fund (LTAf)** – The Town's share of state revenue is restricted to spending on arterial street expenses and 10% for cultural use.
- **Development Fee Funds** – These are one-time fees assessed to new construction to help fund the infrastructure and amenities that the new residents require. These funds account for revenue received to pay for infrastructure improvements such as transportation, Town buildings and vehicles, parks and open

Fund Structure Narrative

space, library, fire, and public safety. Only the fees appropriate to the type of land use are charged. For instance, commercial and industrial properties are not charged library or parks development fees. Effective August 1, 2014, the total development fee cost per new single family home is \$6,794 (excluding capacity fees).

Capital Project Funds – These funds account for revenue received to pay for infrastructure improvements.

- **Drainage and Transportation** – Transfers from the General Fund and Transportation Development Fund, as well as a 2.0% construction sales tax dedicated to drainage projects, intersection improvements, and street improvements fund the capital projects in this fund.
- **General CIP Fund** – Transfers from the General Fund and Development Fees fund the capital projects in this fund.
- **Construction Sales Tax Fund** – The Town has a differential construction contracting sales tax rate of 2.0% that is dedicated to infrastructure improvements. This revenue is accounted for in this fund and transfers or expenses occur out of this fund for growth related infrastructure improvements.

Debt Service Funds - The long-term payment of principal and interest on funds borrowed for general capital purchases is accounted for in these funds. Enterprise related debt service is reported in the enterprise funds and is not included here.

Internal Service Fund - Internal Service Funds are used to account for the financing, on a cost-reimbursement basis, of commodities or services provided by one program for the benefit of other programs within the Town. Queen Creek maintains one Internal Service Fund to account for Self-Insurance activities related to Healthcare.

Proprietary Funds

Enterprise Funds – These are funds for which the services provided are financed and operated similarly to a private business, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital construction, maintenance, public policy, management control, accountability, or other purposes. Queen Creek has enterprise funds for Water, Sewer and Solid Waste

FY 2019/20 Budget Infographic

TOWN OF QUEEN CREEK FY 2020 BUDGET

The Town of Queen Creek is required to pass a balanced budget annually. Expenditures must not exceed revenues. The budget is based on strategic and master plans that include community input and long-term goals.

WHERE DOES THE MONEY COME FROM?

Did You Know?

State Shared Revenue is based on population, which makes participating in the 2020 Census important so that Queen Creek continues to receive its proportionate share of funding. While it is only 3% of the Town's total revenue — it is 21% of the Town's Operating Revenue. The revenue is used to fund essential government services including streets maintenance, law enforcement, fire services, parks and recreation.

WHERE DOES THE MONEY GO?

Did You Know?

Queen Creek is committed to providing superior infrastructure throughout the community. More than half of the budget is for capital infrastructure, with \$122.2 million dedicated to roads, \$62 million for water, \$38.6 million for wastewater, \$11 million for public safety and \$6.1 million for parks and trails.

REVISED MAY 30, 2019

FY 2019/20 Budget Infographic

TOWN OF QUEEN CREEK

Infrastructure investments are critical to preserving and improving what defines Queen Creek and makes a Town that works for everyone — both now and into the future.

SINCE 2016,
THE TOWN HAS REFINANCED
AND RETIRED DEBT EARLY,
**SAVING TAXPAYERS
\$31.8 MILLION**
OVER THE NEXT
20 YEARS.

BUILDING A COMMUNITY

30 Years of Investment 1989 TO 2019

WHY TAKE ON DEBT? Debt pays for large, costly, and long-lived capital projects such as roads, water treatment facilities, fire and law enforcement stations, and other public infrastructure. Borrowing allows critical infrastructure to be built when needed while the costs are spread across the generations that will use the infrastructure.

WHAT DOES DEBT PAY FOR? From fire and law enforcement stations, roads, waterlines and wastewater pipe, the Town has issued debt to finance the major projects that are necessary to build and expand the community. For example, before a resident turns on their water faucet for the first time, the Town has to build a system capable of delivering water to the resident's home — long before that resident pays their first water bill. The Town does not use debt to pay for operating expenses such as staffing and maintenance.

HOW IS DEBT REPAYED? The Town's debt is repaid using revenues collected by the Town in the form of user fees and sales tax. For example, the Town's portion of outstanding debt for the sewer treatment plant is paid with utility customers' user fees. The Town frequently analyzes opportunities to reduce debt through refinancing and paying off debt early.

HOW DOES DEBT FIT WITHIN THE TOWN'S BUDGET? This year, the percent of the Town's expenses dedicated to repaying debt is 5%. For comparison, typical home mortgage payments are 25% to 30% of a household's expenses. Also, interest rates for municipalities with good credit ratings — like Queen Creek's AA rating — are significantly lower than home mortgage rates.

The responsible use of debt allows the Town to deliver effective local government — listening to the needs of the community and providing services that residents desire.

THE TOWN COUNCIL IS WORKING ON A REDUCTION IN WASTEWATER CHARGES, **SAVING CUSTOMERS AN AVERAGE OF 15%.** COUNCIL ALSO IMPLEMENTED POLICY CHANGES TO REDUCE PROPERTY TAXES RELATED TO CAGR FOR ELIGIBLE WATER CUSTOMERS, **SAVING \$1.1 MILLION.**

Budget Development

The budget is evaluated by a group composed of the Town Manager, Assistant Town Manager, Finance Director/Chief Financial Officer (CFO), Budget Administrator, department directors and three Town Council members acting as the Town Council Budget Committee. The Town Council Budget Committee makes recommendations for funding to the full Town Council. The major steps in preparation of the budget are:

- Council input on priorities through a Council Retreat, underlying strategic plan and community input through citizen surveys
- Forecast revenue and fund balances
- Identify reserve/debt requirements
- Determine base staffing priorities
- Determine base expenditure levels
- Determine amount of supplemental requests that can be funded to ensure a balanced budget
- Present to Council's Budget Committee for review
- Present to full Council for review, tentative and final adoption

The budget process for the ensuing fiscal year typically begins in early December with necessary staff to complete a comprehensive long-range forecast of revenues. A meeting of all Town staff who are involved in the budget development process occurs in early January to discuss revenue forecasts and share base budget targets and assumptions.

Assumptions are developed during December based upon:

- Projected revenues for all revenue sources
- Estimated wage increases for staff
- Increases in Arizona State Retirement System contributions and/or health insurance
- Inflation rate nationally and in the local area
- Use of Consumer Price Index for additional inflationary factors
- The status of the local economy based upon data from the Arizona Department of Economic and Business Research

Estimates of projected state-shared revenues for the upcoming fiscal year are usually provided in lump sum figures from the state departments actually distributing the funds. These funds are distributed on a population basis.

An analysis of all factors results in a recommendation to the Town Manager of the growth and inflation factor, if any, that should be allotted to each department in order to maintain its base budget and provide the same level of service in the coming fiscal year. Queen Creek operates under home rule, so it is not limited by the State of Arizona's expenditure limit for local jurisdictions. The home rule, which requires voter-approval, sets the expenditures limit as the total expenditure budget adopted by Council. Queen Creek voters approved a four-year continuation of home rule in the August 2018 primary election. The FY 2019/20 budget is the first budget in the current approved four-year cycle.

Budget Development

Once confident with the revenue estimates, the next step is to analyze the anticipated expenditures for the upcoming year. These estimates are developed in the budget preparation phase and are based on the following considerations:

1. Departmental Key Result Areas (KRAs) as identified in the Town's Corporate Strategic Plan - these KRAs should be related to departmental/divisional performance measures.
2. The variety, type and level of services the Town wants to provide. This includes the maintenance or abandonment of current programs, as well as the initiation of any new services. The Town Council plays a significant role in these decisions and the core service analysis that departments analyze during the budget process are also useful.
3. A comprehensive price list is developed for anticipated costs on items in the general category of supplies and contractual services, including operating costs for infrastructure placed into service. This list includes costs for any new anticipated major capital expenditures since expenditures of this nature usually require a considerable amount of budget planning.
4. Known cost factors, including such items as debt service schedules, employee benefits increases such as contribution rates to employee pension and retirement funds, medical and dental insurance coverage premiums, changes to worker's compensation rates and other similar costs.
5. The main business of the Town is service, and service requires employees. The cost of employee salaries is one of the largest expenditures in the Town's budget. In 2014 Town Council voted to maintain a competitive compensation policy whereby employee base salary ranges are adjusted at the beginning of each fiscal year in relation to the Employment Cost Index (ECI).
6. Changes in employee fringe benefits includes any changes affecting vacation policy, overtime, holiday, health insurance and sick leave. Changes in any of these areas could affect expenditures.

Once this analysis is completed, priorities are set based on department needs to maintain current service levels and the revenues needed to accomplish them. If there is sufficient revenue over expenses, the decision may be made to fund new budget requests. Following several reviews with the Town Manager, Assistant Town Manager, Finance Director/CFO, Budget Administrator and department directors, the Town Manager presents a proposed balanced budget to the Town Council Budget Committee for review preceding submission to the full Town Council for consideration and approval.

Budget Overview FY 2019/20

The Town's expenditure budget for FY 2019/20 is \$452.7 million. This budget includes appropriations for the General Fund of \$27.1 million, Emergency Services of \$20.2 million, HURF of \$5.7 million, and HPEC of \$1.6 million, collectively referred to as the Town's Operating Budget. The Enterprise portion of the FY 2019/20 budget consists of the Water Fund at \$72.5 million, the Sewer Fund at \$4.3 million and Solid Waste at \$3.4 million. Capital Improvement Funds (CIP) total \$239.8.0 million. The remaining dollars that comprise the budget include appropriations for grants, special assessments, special districts and debt service.

Given the recent economic growth in Queen Creek, FY 2019/20 is the fourth consecutive year that there is a projected surplus in the operating budget. However, there are funds that have projected shortfalls in FY 2019/20, including the Emergency Services Fund (\$5.0 million), HURF (\$1.5 million) and HPEC (\$1.1 million) that need to be addressed with General Fund transfers and contributions. However, even with these transfers, the Operating Budget net results remain positive, and continue to include ongoing CIP Pay-As-You-Go funding of \$3.4 million. This funding placeholder was created at \$6.5 million, and with the new Transportation Debt Issue, \$3.1 million of that placeholder is now used for debt service, leaving \$3.4 million to annually fund Transportation CIP projects.

Although the Council considers the budget in June, the budget process starts almost six months prior with development of an annual long-range financial plan and associated budget assumptions, preparation of base budgets for the Town programs and estimating the revenues that support the budget. Following this initial analysis, the Operating Budget (which consists of the General Fund, Emergency Services Fund, HURF and Horseshoe Park Fund) showed a surplus for FY 2019/20 of approximately \$3.1M million even with the addition of 6.0 new FTE.

Overall, there are 8 new positions (Full-Time Equivalent, FTE) included in the FY 2019/20 Budget:

Engineering Inspector (1.0 FTE)	Fire Inspector/Arson Investigator (1.0 FTE)
Fleet Mechanic (1.0 FTE)	Fire EMS Specialist (1.0 FTE)
Fleet M&O Technician (1.0 FTE)	Utility M&O Specialist (Distribution) (1.0 FTE)
Streets Crew Leader (1.0 FTE)	Utility Inspector (1.0 FTE)

The anticipated ending Operating Fund balance for FY 2019/20 will stand at approximately 55% of Operating revenues, or approximately \$33.4 million, which remains well above the Council's stated policy of 25%.

Capital projects are also included in the FY 2019/20 budget. The transportation capital program comprises the largest capital program appropriation at \$122.2 million, which includes \$62.7 million of carry-forward budget authority for projects already approved and/or underway. The water capital program appropriations are set at \$62 million, which includes carry-forward budget authority of \$42.8 million. The wastewater capital program appropriations are set at \$36.6 million and include carry-forward budget authority of \$20.3 million. The parks development fund includes a capital program appropriation at \$1.3 million for Trail extensions, plus \$4.8 million of carry-forward budget authority for projects already approved/underway.

The FY 2019/20 budget was adopted by the Mayor and Town Council on May 15, 2019.

Policy Issues FY 2019/20

During the development of the FY 2019/20 Budget, the following policy issues were addressed:

Issue/Link to CSP	Town Manager Recommendation
Impact Fee Update 	Finalize and Implement the Impact Fee and Capacity Fee Studies.
Water Resources Acquisition 	Include funding for potential acquisition of Water Rights and/or Groundwater Exchange Credits in an effort to meet our 100 year water supply
Central Arizona Groundwater Replenishment District Credits 	Accelerate the use of CAGRDR credits, saving water customers in aggregate \$1.4M over 2017 assessments
Wastewater Rates 	Reduce Wastewater Rates by 10%
5-Year Staffing Plans 	Include additional staffing (8.0 FTE) to strategically address the increasing complexity of the organization and expanding infrastructure within the organization.
Employee Compensation 	Include Merit and Market increases for all other employees at indices recommended in Compensation Plan adopted in 2014.
Non-Profit/Social Services Agency Funding 	Enhance Non-Profit Support to only address Social and Community Services Organizations, removing the Historical Society from this process and enter into separate contractual support for that agency. Per Policy, the allocation amount for non-profit support is \$51,380 (0.2% of General Fund Budget). Requests totaling \$27,944 were funded.

Budget Assumptions - Revenues

Queen Creek anticipates to collect revenue in FY 2019/20 equal to the amount necessary to pay the costs of operating and maintaining current Town programs. The economic climate in the town continues to improve. This improvement allows for program enhancements in support of Town Council goals as stated in the Corporate Strategic Plan. Sales tax revenue forecasts are determined by a revenue trend analysis in conjunction with known commercial facilities opening and closing, as well as economic indicators available for the region and nation. Based on growth projections, the total adopted FY 2019/20 sales tax is 9% greater than the revised FY 2018/19 budget. The largest category is construction sales tax, which is estimated to remain flat for next year. The remaining sales tax base is projected to increase by 14%.

Town Sales Tax – The Town collects sales tax revenues at a rate of 2.25%, of which 2.0% is dedicated to the General Fund and 0.25% to the Emergency Services Fund. In addition, the Town collects an additional 0.25% from transactions from major retail developments in the Town Center district, which is dedicated to the Town Center Fund for projects specific to this part of the Town. Town Sales tax accounts for 58% of the General Fund revenues in FY 2019/20.

Construction Sales Tax – In addition to the 2.25% sales tax, a 2.0% construction or contracting sales tax is collected specifically for the Capital Improvement Program (CIP) and is the revenue source for the Construction Sales Tax Fund. Revenue from construction activity is also based on trend analysis and the region’s anticipated economic factors. This particular sales tax is anticipated to remain flat for FY 2019/20. Approved Town projects will add to this revenue stream in the coming years. However, the majority of this revenue is generated by homebuilders. In recent history, single-family home construction constitutes approximately 80% of all construction sales tax revenue.

Sales Tax Category	FY 2019/20 Sales Tax Budget
Construction	\$ 10,388,900
Retail	15,658,130
Restaurants & Bars	3,977,210

Sales Tax History/Projection

Budget Assumptions - Revenues

Property Tax – Beginning in FY 2007/08, the Town of Queen Creek began levying a primary ad valorem property tax for Public Safety uses at a rate of \$1.95 per \$100 of assessed limited property value. Property valuations are determined by the county. Limited Property Values are projected to continue their recovery at a pace slower than the drastic downturn experienced from the housing construction decline. There are two parameters by which limited property valuations increase: appreciation and new construction. Appreciation is capped by state statute at 5% for properties with no physical change to the land or improvements, no change in land use, and were included in the previous year tax roll. Other increases to valuations that fall into the appreciation category are properties that have changed land use category or were subject to changes in existing improvements since the preceding valuation year. New construction increases capture new improvements to land – for example, new home or commercial construction on previously vacant land. Valuations associated with annexations are also included in new construction. For FY 2019/20, total limited property values increased by \$70.8M or 20% over FY 2018/19 of which \$27.1M or 6% is attributed to the annexation of Ironwood Crossing subdivision (which equates to an additional \$528K in revenue), \$24.3 or 6% is appreciation in values (which equates to \$474K) and \$19.4M or 5% is attributed to new construction (which equates to \$378K).

Property Tax History/Projection

Budget Assumptions - Revenues

Development Impact Fees – Development impact fees are collected with each building permit issued and may be spent only for specific capital expenses or debt service. These funds are restricted by Arizona law and may be spent only for the purpose defined in the fee ordinances. In 2011, Arizona’s Fiftieth Legislature passed Senate Bill 1525, which legislated a series of significant changes to the calculation, collection, and use of development fees. This legislation fundamentally moved away from the principle of new growth paying for itself, and shifted the burden of paying for this infrastructure on to existing residents and businesses. In addition, city and town councils previously had the ability to determine what constitutes “necessary public services” for their communities; the new bill now narrowly defines what these are allowed to include. The law took effect on January 1, 2012 and included a series of implementation dates, with a requirement that all development fee programs become fully compliant by August 1, 2014. In response to the established deadlines, the Town Council passed Resolution 892-11 on December 21, 2011, which dropped fees from \$15,007 to \$13,883 per single family home. The next change for development fees under SB 1525 went into effect August 1, 2014, further reducing the fees to \$6,794 from \$8,941 (excluding the wastewater fee, which has been replaced by a capacity fee).

Revenues collected in this category are projected through a collaborative effort, working with Development Services to come to a consensus on the anticipated five-year projection. This process takes into consideration current data on all active and inactive subdivisions within the Town, as well as information in the planning and engineering pipelines, including information from the Economic Development group. Single-family housing units are projected at 820 for FY 2019/20. Five-year projections are conservatively based on a slight decrease in single-family housing units as current housing products are building out and new subdivisions are in the planning stages. The Town is also anticipating moderate commercial building activity.

At this time, the Town is currently in the process of revising its impact fees. As part of this process, the Town has collaborated with a focus group of stakeholders and consultants in order to maximize community input and ensure an open and collaborative methodology. The update process is expected to conclude sometime in early FY 2019/20 and the new fees will take effect about 6 months from adoption.

Building Revenue – A regression analysis is done on this very unpredictable revenue stream. Additional knowledge of housing sector and building community trends is sought monthly. Revenues collected in this category are projected through a collaborative effort, working with Development Services to come to a consensus on the anticipated five-year projection.

Utility User Fees - Solid Waste fees are based on the rate schedule that went into effect in fall 2013. In FY 2011/12 Town Council approved a six-year sewer rate increase program; however, in FY 2015/16 it was determined that the program would be reviewed on an annual basis to determine need. After extensive analysis, it has been determined that a 10% rate decrease is appropriate. The FY 2019/20 budget includes that rate decrease. No other changes to utility rates are planned for FY 2019/20.

State-Shared Revenue – The State of Arizona distributes a portion of state income tax, sales tax, HURF and vehicle license tax to municipalities based on population. State shared sales tax and state shared income tax are included in the General Fund and for FY 2019/20, account for 23% of the General Fund revenues. As a result of newly developed distribution method, annually the state-shared proportion are recalculated based on Census estimates. This will eliminate the large jumps in revenue amounts every five years and smooth those increases out between official Census counts.

The Arizona Joint Legislative Budget Committee releases a four-sector projection annually for all state-shared revenues. Preliminary numbers are shared with municipalities each October with more accurate projections released each Spring from the League of Arizona Cities and Towns. Both entities share long-term state projections

Budget Assumptions - Revenues

for sales tax and income tax. This information is used in conjunction with Town trend analysis and other news and research on anticipated economic trends.

State-Shared Sales Tax - Cities and towns share in a portion of the 5.6 % sales tax collected by the State. The distribution base (shared portion) varies by category. For example, retail sales is 40% shared and 60% non-shared (retained by the State). Of the shared portion, 25% is returned to incorporated cities and towns, 40.51% is returned to counties and 34.49% is returned to the State General Fund.

Budget Assumptions - Revenues

State-Shared Income Tax - Cities and towns in Arizona are prohibited from levying a local income tax; however, 15% of the state income tax collections are shared with the cities and towns. There is a two-year lag between the time citizens report income to the State and when the State remits shared income tax revenues to cities and towns.

Budget Assumptions - Revenues

State-Shared Vehicle License Tax (VLT) – This tax is part of the vehicle license fees collected when registering a vehicle with the Arizona Department of Transportation. Twenty-five percent of the net revenues are distributed back to the cities and towns based on population. The only stipulation on the use of this revenue is that it must be spent on a public purpose. Prior to FY 2015/16, this revenue was recorded in the General Fund but is now recorded in the Highway User Revenue Fund (HURF).

State Shared VLT History/Projection

Budget Assumptions - Revenues

Highway User Revenue Fund (HURF) - The State of Arizona taxes motor fuels and collects a variety of fees and charges relating to the registration and operation of motor vehicles on the public highways of the state. These revenues are deposited in the Arizona Highway User Revenue Fund (HURF) and are then distributed to the cities, towns and counties and to the State Highway Fund. Revenues received by the Town must be used for expenditures in the right-of-way, including streets, sidewalks, curb and gutter, etc. These revenues fund a portion of the Town’s pavement maintenance plan.

HURF History/Projection

** Inter-fund Transfers are used to cover debt service, operating expenditures and one-time capital improvements in Development Fee Funds, Capital Funds and Special Revenue/Public Safety Funds.

Budget Assumptions - Expenditures

General Government Operating Funds – Overall, FY 2019/20 expenditure budgets were increased based on the following assumptions:

- Personnel budgets include an allowance for up to a 3% merit increase for non-sworn personnel and a 5% step program for Sworn Fire Personnel based on performance
- In accordance with the Town’s compensation policy, base employee compensation was increased by 2.1%, which is benchmarked to the Employment Cost Index for Government Employers
- Retirement rates for the Arizona State Retirement System (ASRS) increased slightly from 11.8% in FY 2018/19 to 12.1% in FY 2019/20; Public Safety Personnel Retirement System (PSPRS) rates decreased from 16.72% to 14.29% for Tiers 1 and 2 employees.
- Based on recent claims experiences, healthcare rates are increasing 4% for the Town portion of employee healthcare premiums, employee rates remain unchanged
- Contractual services and commodities were budgeted based on projected spending patterns, and known contract increases
- Additional operating costs for newly completed Town infrastructure (Mansel Carter Park and additional roadways)
- Operating contingencies are set at 3%

General Fund - This fund pays the cost of general government operations, of which personnel costs account for 56% of the General Fund budget. Historically, one of the more substantial expenses in the General Fund has been the Transportation Development Rebate (a portion of sales tax generated on activity from the two major Town retail developments). In FY 2016/17, two of the three development agreements were paid off, creating capacity for the General Fund to allocate resources on an ongoing basis for capital infrastructure and/or debt service related to capital infrastructure improvements. General Fund contingency for FY 2019/20 is set at \$0.9 million, which also covers the HURF fund.

In addition to operating expenditures for general government, the General Fund must make several transfers out to other funds. Transfers out are necessary to account for the General Fund share of debt service for non-growth portion of capital, to cover anticipated deficits in general government operating funds, and to provide support to other programs, such as capital and community events. Included in FY 2019/20 are transfers of a \$5.5 million to cover debt service, transfers of \$7.7 million to cover operation and maintenance expenditures in Emergency Services, Horseshoe Park and HURF, and transfers for capital improvements (CIP) of \$3.9 million, of which \$3.4 is for transportation and \$0.5 is for trail improvements.

Departments accounted for within these funds: Town Council, Town Manager, Legal Services, Town Clerk, Finance, Communications Marketing & Recreation, Development Services, Public Works: Facilities, Fleet, Grounds, Workforce & Technology, Economic Development

Emergency Services – This fund pays for the cost of providing public safety services and includes fire and law enforcement. Queen Creek operates its own fire service through 4 stations; however, law enforcement is provided through a contract with the Maricopa County Sheriff’s Office (MCSO). In addition, this fund is charged for department support provided by the General Fund for services such as human resources, finance and accounting, budget, and technology, based on approved cost accounting allocations. Operating contingency in this fund for FY 2019/20 is budgeted at \$333K.

Departments accounted for within this funds: Emergency Management Services (Fire) and Public Safety

Budget Assumptions - Expenditures

Horseshoe Park - This fund pays for the cost of operating Horseshoe Park Equestrian Center. In addition, this fund is charged for department support provided by the General Fund for services such as human resources, finance and accounting, budget and technology, based on approved cost accounting allocations. Operating contingency in this fund for FY 2019/20 is budgeted at \$43K.

Departments accounted for within these funds: Economic Development -Horseshoe Park Equestrian Center

Highway User Revenue Fund – Expenditures match annual revenue in this fund. These dollars are restricted by statute to expenditures in the right-of-way. Beginning in FY 2015/16, all street operations are now accounted for in this fund, with vehicle license tax (VLT) as a source, as well as a transfer in from the General Fund to cover any shortages between revenues and general street operations. HURF revenues are dedicated to pavement preventative maintenance and reconstruction projects. Contingency for this fund is included in the General Fund contingency amount.

Departments accounted for within these funds: Public Works: Streets

Enterprise Funds - The Enterprise FY 2019/20 operating budgets followed the same assumptions as the general government. In addition, these funds are charged for department support costs for expenditures in the General Fund that benefit the other funds, such as human resources, finance and accounting, budget, technology and other general support from the General Fund based on approved cost accounting allocations. These costs vary depending on enterprise fund needs and use of General Fund resources. Included in water and wastewater operating expenses is a Return on Investment Expense whereby the Utility Operating Funds contribute a portion of revenues to fund Public Safety. These charges consist of franchise fees, in-lieu property taxes and return on investment calculations similar to charges a private utility company would be obligated to pay the Town. Debt service is budgeted in all enterprise funds according to established schedules. In accordance with established operating fund policy, operating contingency funding has been built in at 3% for each fund in this category.

Departments accounted for within these funds: Solid Waste, Sewer, Water, Stormwater

Budget Assumptions - Expenditures

Other/Special Revenue Funds – Expenditures for these funds are budgeted based on projected activity rather than the general expenditure assumptions for operating funds.

Town Center – The FY 2019/20 budget includes amounts for projects and activities related to the Town Center, such as implementing certain elements of the Town Center Master Plan, such as drainage improvements, as well as continuation of the Façade Improvement Program that started in FY 2012/13. Town Center also transfers cash to the Debt Service Fund to cover the portion of the Improvement District Debt Service not covered by private property owners. The General Fund previously covered this portion of the debt, but since the Improvement District was created specifically in Town Center for the Ellsworth Loop Road Improvement, it makes more sense for the debt to be paid from there. Since this fund has a dedicated revenue stream, all projects and operating expenditures must fall within the Town Center.

Departments accounted for within these funds: Economic Development

Street Light Improvement Districts – As of budget development there were 102 streetlight districts in Queen Creek. Expenditures in this fund are exclusively for electrical consumption of the Town's street light districts. Expenditure assumptions are included for new subdivisions where streetlights will be activated during FY 2019/20.

Departments accounted for within these funds: Centralized Services / General Operations

Development Fee Funds – Development Fee Funds account for the revenues received for impact fees related to specific types of development in Queen Creek. Expenditures in these funds for FY 2019/20 can only be used for authorized purposes, such as growth related projects as well as updates to fee studies. Transfers out from these funds are for the growth share of debt service for capital projects. Detailed information by fund is located in the CIP section of the budget book. Debt schedules can be found in the debt section of the budget book.

Healthcare Self-Insurance Fund – This internal service fund was created in FY 2015/16 to account for the Town's employee healthcare related expenses. The premiums received as revenue into this fund are generated through payroll and are recorded as expenses to the operating divisions and include the employee deductions. The expenses recorded in the Healthcare Fund are for medical claims and insurance costs for dental, vision, and life insurances.

Capital Project Funds – FY 2019/20 expenditures for these funds are based on anticipated capital projects. Detailed information by fund is located in the CIP section of the budget book.

Drainage & Transportation – This capital fund, in addition to housing new roadway and intersection projects, is often home to necessary studies leading up to projects. FY 2019/20 includes \$58.2 million in new expenditure authority for construction projects. Additionally, \$62.7 million is included for projects currently under contract and previously approved project budgets that will be carried forward from FY 2018/19. Also included in this fund are project management expenses of \$1.0 million. In FY 2017/18 bonds were issued, providing approximately \$65M to fund transportation projects over the next 3 years.

Budget Assumptions - Expenditures

General CIP – This capital fund was created during FY 2014/15 to house general government related capital projects. This fund includes \$4 million of new expenditure authority in FY 2019/20 for the design and construction of a Fire Resource Skills Center. In addition, \$7 million of carry forward expenditure authority is included to complete the construction of Fire Station #4, as well as the Public Works Field Operations Facility. Transfers in from the Impact Fee Funds (for the growth share of the costs) as well as the General Fund and EMS fund (for the non-growth share) provide the funding for these expenses. More information can be found in the CIP section of the budget book for the five-year projection for this fund.

Water and Wastewater Capital Infrastructure – The two funds account for capital infrastructure improvements related to water and wastewater for both expanded needs related to growth as well as aging infrastructure replacement. FY 2019/20 includes a combined \$36.6 million in new expenditure authority related to capital improvements. Additionally \$63.9 million is included for projects currently under contract and previously approved project budgets that will be carried forward from FY 2018/19. The major funding sources for these improvements are capacity fees for the growth share of the improvements. The non-growth share of these capital costs is funded by the Water and Wastewater operating funds from user rates.

Construction Sales Tax Fund – This fund was created during FY 2014/15 to account for the 2.0% construction contracting sales tax charged in addition to the Town's regular sales tax rate of 2.25% for major construction activities. Use of this revenue is restricted to infrastructure improvements, including Transportation Development Reimbursement Agreements, as well as the growth share of the debt service for the 2006 Improvement District Bond for Ellsworth Loop Road Improvements and street improvements included in the 2016 Refunding of the 2007 Excise Tax Bond.

* Inter-fund Transfers are used to cover debt service, operating expenditures and one time capital improvements in development fee funds, capital funds and public safety funds where revenues are projected to be less than budgeted obligations.

Adopted General Fund Budget

General Fund adopted expenditures for FY 2018/19 were \$22.1 million, with year-end expenditures projected at \$25.6 million excluding inter-fund transfers. The FY 2019/20 General Fund is budgeted at \$27.1 million excluding inter-fund transfers. The increase of 6%, or \$1.5M between years is attributed to increased staffing, as well as increases in employee compensation and healthcare benefits. The inter-fund transfers for public safety, debt service, capital improvement programs and various other approved programs amount to \$17.8 million for FY 2019/20, increasing approximately \$1.8 million from FY 2018/19 revised, primarily related to the funding for capital infrastructure improvements and related debt.

Three-Year Summaries by Fund Types

Emergency Services

A 0.25% sales tax and a dedicated primary property tax (\$1.95/\$100 assessed value) help pay for fire and Maricopa County Sheriff's Office services in the community. Despite rising assessed values, property tax collections revenues are not able to keep pace with rising expenditures. The creation of a county island fire district has alleviated some of the shortfall in this fund.

Reserves/Fund Balances

Fund balances are the result of sources exceeding uses. Fund balances of the governmental funds are reported separately within classifications based on a hierarchy of the constraints placed on the use of those resources. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. Per Town Council policy, specific approval is required to spend fund balance.

Fund Balance	FY 2015/16 Actual Year End	FY 2016/17 Actual Year End	FY 2017/18 Actual Year End

Department Description and Programs

The Economic Development Department consists of two divisions: Economic Development and Horseshoe Park and Equestrian Centre (HPEC). The Economic Development Division is responsible for business attraction, retention and expansion, as well as the promotion of opportunities available for private investment in the community.

The Real Estate division is responsible for all aspects of real estate activity within the Town, including capital improvement and utility project property acquisitions; managing leases on Town owned property, assistance with the sale of Town owned property.

The HPEC division is responsible for the management of HPEC, including event planning and coordination, promoter relations and facility maintenance.

Department Mission

The goal of the Economic Development Department is to provide for the long-term economic sustainability of the community through a comprehensive and coordinated program of economic development, which includes business attraction, retention and expansion, real estate activities, event development and tourism activities.

FY 2019/20 Objectives

- Implement strategies outlined in the Economic Development Strategic Plan focusing on business development, entrepreneurship, agritainment/destination tourism, economic foundations and enhanced marketing and promotion.
- Enhance opportunities for business success and the Town as a premier investment choice within the region. Proactively market the Town as the place for new business investment and job creation; actively market existing businesses to residents.
- Implement the key action items identified in the adopted Town Center Plan. Generate more economic synergy within the Town Center, and enhance the sense of place by attracting additional investment.
- Assist with the real estate activities associated with key capital improvement and utility projects.

Budget Notes and Changes

Salaries and Fringes:
Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute).

Supplies & Services:
Increases to the Economic Development supplies and service category totaling \$34K or 41% can be associated with the Town's real estate team now reporting to the director of Economic Development. Recurring expenses involving travel (\$3.2K), dues/membership (\$1.8K), and CoStar software renewal (\$15K) have been added to the Economic Development base budget. Additional increases reflect increases to the annual Greater Phoenix Economic Council (GPEC) fees based on population growth (\$11K).

Outside Agency Contractual Support:
This category reflects the amount of support the Town of Queen Creek provides the Queen Creek Performing Arts Center (\$135K), and the Queen Creek Chamber of Commerce (\$75K). This budget reflects no change in FY 2019/20.

Describes significant changes to the budget since last fiscal year

How to Use This Section

Provides performance metrics detail for the division and the linkage to Key Result Areas of the Corporate Strategic Plan

FY 2019/20
Adopted Budget

Economic Development

Program Performance – Economic Development

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Community Involvement	Number of staff-assisted locates, staff-assisted business expansion and staff-assisted business retention special projects ¹	41	40	45	45
Image & Identity	Average weekly users of Gangplank Program ²	11	15	14	15
Land Use & Economic Development	Percent increase in sales tax revenue ³	15%	12%	16%	10%

Analysis of Performance

1. This includes the number of total prospects, including GPEC RFIs, staff assisted business expansion and retention projects.
2. Number of average weekly users of Gangplank Program. These numbers do not include weekly Hacknight attendance or any other special programs that Gangplank hosts outside the hours of 8am-5pm, Mon-Fri.
3. Sales tax revenue is highly dependent on the larger Arizona economy. The target and actual are based on year over year increases in sales tax collections excluding construction sales tax, communications and utilities, and real estate and rentals activity.

Town Programs & Performance - Overview

Measuring Performance

The Town of Queen Creek strives to provide quality services to our residents. Knowing what services are expected and at what level is important in determining program deliverables. The performance scorecards that are included in the following section are metrics established as a means to evaluate program performance and outcomes. Each department has developed performance measures that are monitored as part of the performance-based budget process.

Once departments collect data and establish appropriate outcomes and benchmarks, an analysis of performance is conducted and reported upon. Analysis of performance is an important step in identifying necessary policy and procedural changes. For this reason, each department provides a narrative of its performance, and where applicable, next steps.

The Town conducts periodic citizen surveys that provide feedback from residents on services provided by the Town. The survey allows Town Council and management to establish goals by identifying citizen preferences and satisfaction with current programs and services. The Town last conducted such a survey in Fall 2017. Results from that survey can be found in many departments performance measures reported here. The entire document, as well as prior citizen surveys, can be located on the website <http://www.queencreek.org/about-us/community-profile/citizen-survey>. Next survey is scheduled for Fall 2019.

Key Result Areas of the Corporate Strategic Plan

Ultimately, each program’s performance is tied to the Corporate Strategic Plan (CSP) through Key Result Area (KRA) Mission Statements. Within the scorecards presented in this section is a direct link to individual KRAs for each strategic priority. In some instances, multiple KRAs are identified. For full information on the CSP, KRAs and goals, please see the Organizational Planning section of this book.

Effective Government:

- KRA : Town Council Professional Development
- KRA : Financial Stability
- KRA : Intergovernmental Relations

- Equipment and assets that require asset tracking

Mayor and Town Council

Department Description and Programs

The Town Council serves as the elected legislative leadership of the community. It bears the ultimate responsibility for competent, responsive, efficient and fiscally sound local government. The Town Council appoints the Town Manager who serves as the chief administrative officer. The Town Council also appoints the Town Attorney (contracted position), the Town Clerk, and the Town Magistrate (contracted with the Town of Gilbert). The Town Manager oversees and directs the work of the entire staff. The Town Council adopts ordinances and resolutions governing operations and establishes goals to be carried out by the municipal staff under the direction of the Town Manager. This department is solely funded by the General Fund.

Department Mission

It is the mission of the Town of Queen Creek to provide a framework for a high quality of life, promote a strong sense of community and provide responsive public service in a caring, ethical, innovative and accountable manner.

Strategic Priorities

Effective Government

Salaries and Fringes:

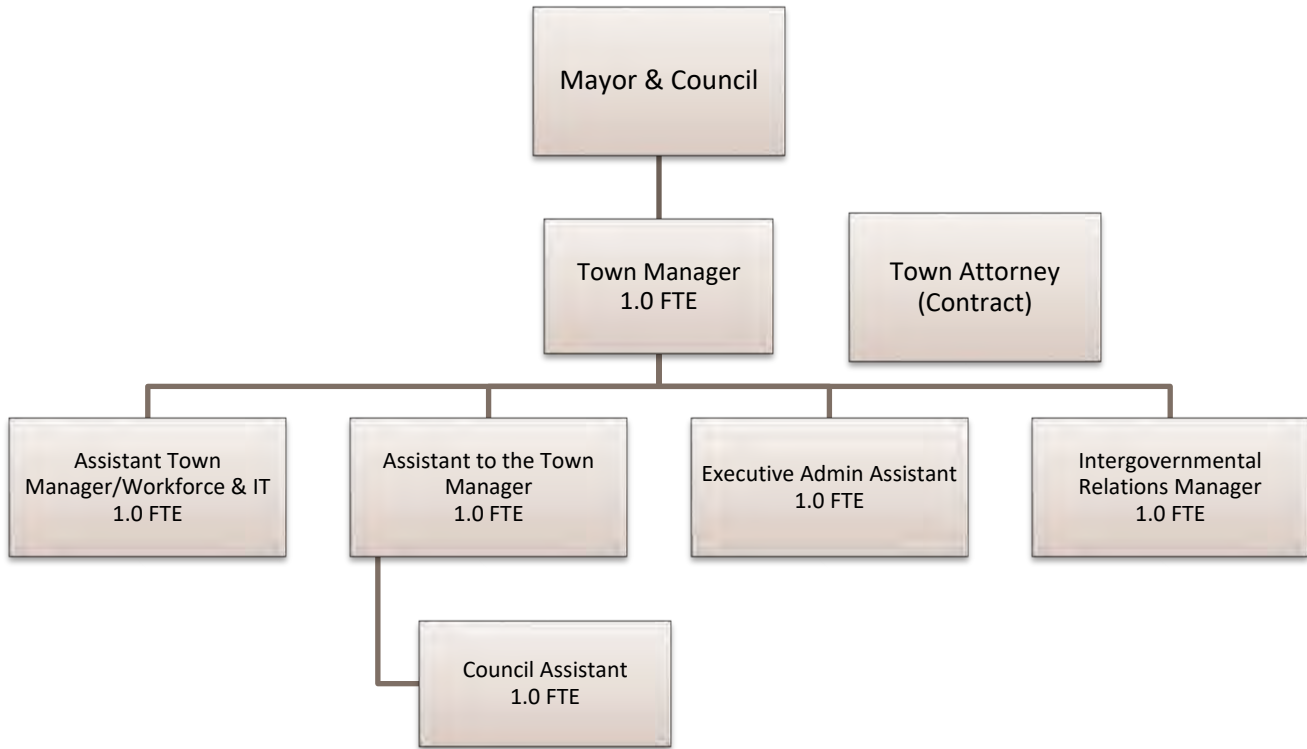

The Mayor and Town Council Personnel budgets include an allowance for a market increase of 2.6% which equals the Employee Cost Index, per Town Council Resolution. Medical Premiums increased 4.2%.

Supplies & Services:

There are no changes to the Mayor and Town Council budget in FY 2019/20.

Town Manager & Legal Services

Department Description and Programs

The Town Manager is the chief administrative officer of the Town and is responsible for implementation of all policies and procedures adopted by the Town Council, daily management of local government operations and service delivery to citizens. The Town Manager provides direction to departments and oversees all Town employees. Intergovernmental relations are also under the Town Manager’s purview. The Town Manager and Intergovernmental Relations Manager maintain relationships with state, local, and tribal entities to serve the best interests of the community and encourage beneficial public-private partnerships.

Legal services for the municipality are contracted with the law firm Dickinson Wright. The professional services contract is approved by, and the lead Town Attorney serves at the pleasure of, the Town Council. The Town Attorney works closely with the Town Manager to advise the Town Council and all departments.

All programs in these areas are funded by the General Fund, with support from enterprise funds via interdepartmental cross charges.

Department Mission

The Town Manager strives to ensure residents and employees are treated with equality and respect, communication with residents is part of the decision-making process, and the Town’s resources are dedicated to effective and efficient implementation of the Town Council’s policies, goals, and objectives.

FY 2019/20 Objectives

- Cultivate relationships with the state, counties, local, regional, and statewide partners to: encourage other levels of government to work collaboratively with the Town on issues of mutual interest; protect local funding and self-determination; enhance opportunities to improve the Town’s economic sustainability; and secure existing revenue to provide for public safety and needed infrastructure development
- Sustain collaboration with the community’s schools on issues that are of benefit to the Town as a whole
- Work to ensure that Queen Creek has a voice in regional organizations, and enhance where appropriate Queen Creek’s leadership opportunities in groups such as, but not limited to, Maricopa Association of Governments, Central Arizona Governments, East Valley Partnership, League of Cities and Towns, and other regional or national organizations

	Unassigned General Fund balance as a percentage of the next fiscal year budgeted General Fund revenues ³	25% ³	48%	25% ³	25% ³

Analysis of Performance

1. The Town conducts a biennial citizen survey every 18 months. The next survey is scheduled for Fall 2019 (FY 2019/20).
2. This measure includes population from the April 2018 Ironwood Crossing annexation (approximately 5,600 residents).
3. Town policy sets the unassigned General Fund balance at 25% of budgeted revenues for the following fiscal year. The Town also adopted a pension reserve policy in June 2018 whereby any fund balance in excess of the 25% reserve amount is then committed toward unfunded pension liabilities.

Town Clerk

Department Description and Programs

The Town Clerk is responsible for administering local elections, recording and storing minutes of official meetings, and maintaining municipal ordinances and resolutions. The Town Clerk’s Office issues municipal business licenses, manages public records requests and answers public inquiries. The Town Clerk reports directly to the Town Council.

Department Mission

It is the Town Clerk’s mission to provide the community open access to local government processes and provide services to Town officials, employees and residents.

Strategic Priorities

Effective Government

FY 2019/20 Objectives

- Enhance availability of information on the Town’s website related to ordinances, codes, and business licensing
- Develop on-line payment options for business licenses

Town Clerk

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute).

Supplies & Services:

The FY 2019/20 budget decreased by \$22K to reflect the absence of a planned election for this fiscal year. The next general election is scheduled for August 2020 (FY 2020/21).

Program Performance – Town Clerk

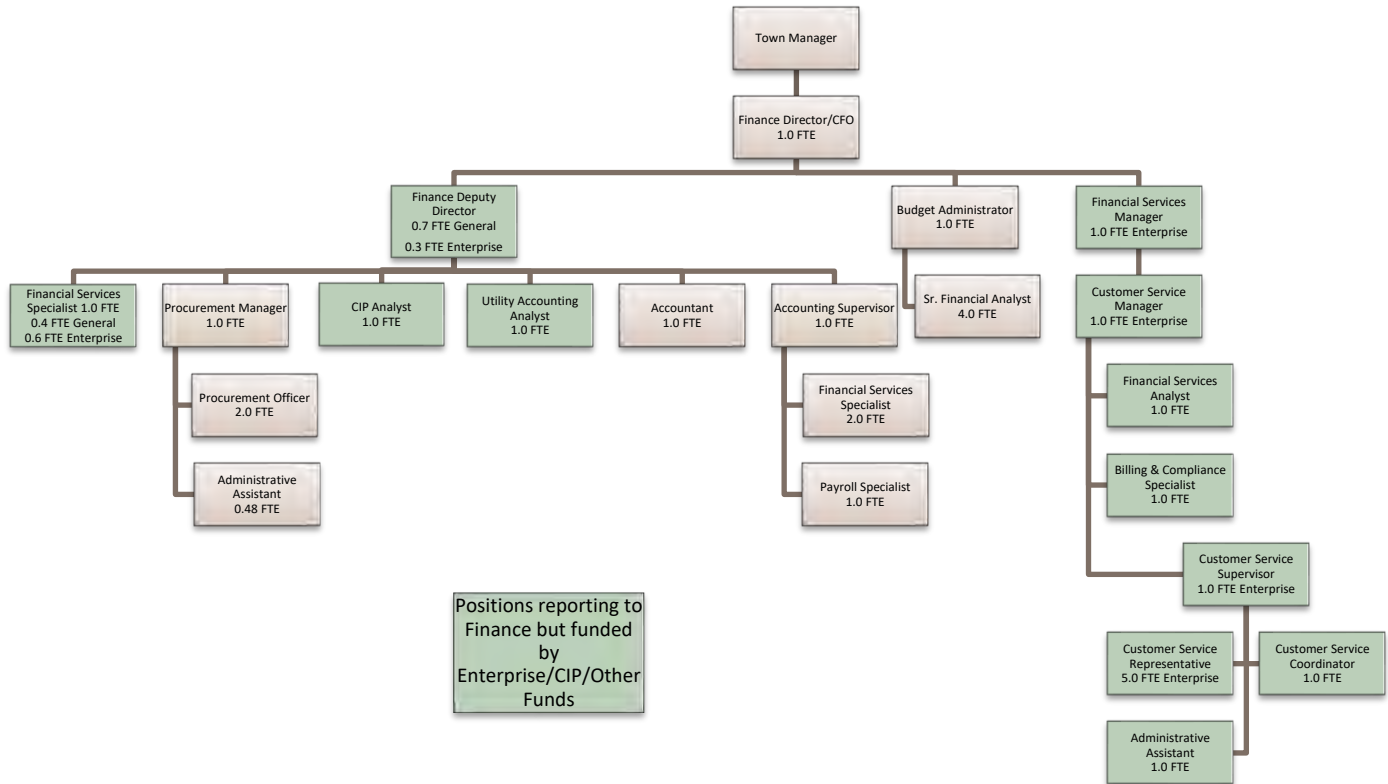

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Community Involvement	Percent of public record requests responded to within 24 hours of filing	69%	80%	75%	80%
	Percent of registered voters participating in elections	19%	55% ¹	32% ²	N/A ³
	Percent of agendas or notices posted in compliance with state law and/or Town policy	100%	100%	100%	100%

Analysis of Performance

1. May General Plan – Registered Voters 23,700
2. Voter turnout for the general election was lower than anticipated in FY 2018/19.
3. There is no election scheduled for FY 2019/20.

Finance

Department Description and Programs

The Finance Department includes three divisions: Finance (includes Procurement), Budget, and Utility Customer Service. The Budget and Accounting Divisions are core support units for the Town. The Budget Division prepares, presents and monitors the Town’s annual budget and Capital Improvement Program. It researches and prepares long-range revenue forecasts, and it assists in developing and monitoring organizational performance measures. The Accounting Division conducts all accounting, purchasing, payroll and asset tracking functions of the Town. There is support received from enterprise funds via interdepartmental cross charges for the accounting and budget functions. The Utility Customer Service division reports to Finance but is 100% funded from Utilities.

Department Mission

It is the mission of the Finance Department to support the Town Council, Town Manager, and Town department goals and programs by:

- Ensuring the effective and efficient allocation of Town resources
- Safeguarding public funds
- Conducting the Town’s budgetary and financial affairs in a transparent manner in conformance with all applicable laws
- Providing timely, accurate, and friendly service to internal and external customers

Finance

Strategic Priorities

Effective Government

Secure Future

Safe Community

FY 2019/20 Objectives

- Continue to evaluate opportunities for managing the Town's cost and revenue structure ensuring that cost recovery is maintained wherever feasible
- Complete Finance Impact Fee studies
- Finalize work on Water and Wastewater rates and capacity fee studies

FTE Changes

There were no changes in positions between the FY 2018/19 Revised Budget and the FY 2019/20 Recommended Budget. In prior years, beginning with FY 2018/19 there were 8.3 positions added which included a CIP Analyst, a Senior Budget Analyst, 0.3 FTE in part-time hours, and the remainder were Utility Customer Service positions both added and reclassified from Enterprise Funds, related to the Raftelis study recommendations on water operations. In FY 2017/18 there were additional positions added to Finance and Budget including two Senior Budget Analysts, a Procurement Manager, a Financial Services Specialist, and additional part time hours for a Financial Services Specialist. The Town has faced ongoing growth affecting financial operations including volume and complexity of transactions and operations.

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The remaining difference is related to certain employee reclassifications and movement through the course of the year.

Supplies & Services:

The Finance area supplies and services budget expects the cost for auditing services to increase by about \$11K in FY 2019/20.

Finance

Program Performance – Finance

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute).

Supplies & Services:

Supplies and services expenses decrease slightly in FY 2019/20. The Town receives a certain number of complimentary MUNIS conference registrations as part of the service agreement for the financial system. The budget dollars allocated for one staff to attend the MUNIS conference have been reallocated to reflect the addition of a new Sr. Financial Services Analyst to the Budget division in FY 2018/19.

Program Performance - Budget

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Financial Management, Internal Services & Sustainability	Maintain ±5% variance in operating revenues from budget to actual ¹	+4%	<5%	<5%	<5%
	Maintain ±5% variance in operating expenses from budget to actual ¹	+4%	<5%	<5%	<5%
	Receipt of GFOA Budget Book award	Yes	Yes	Yes	Yes

Analysis of Performance

1. Operating Funds are the General Fund, Emergency Services Fund, Highway User Revenue Fund (HURF) and Horseshoe Park Fund (HPEC). A positive indicates a favorable variance (more revenues than budgeted, less expenses than budgeted).

	% Change from Prior	N/A	N/A	68%	2%		

Budget Notes and Changes

Salaries and Fringes:

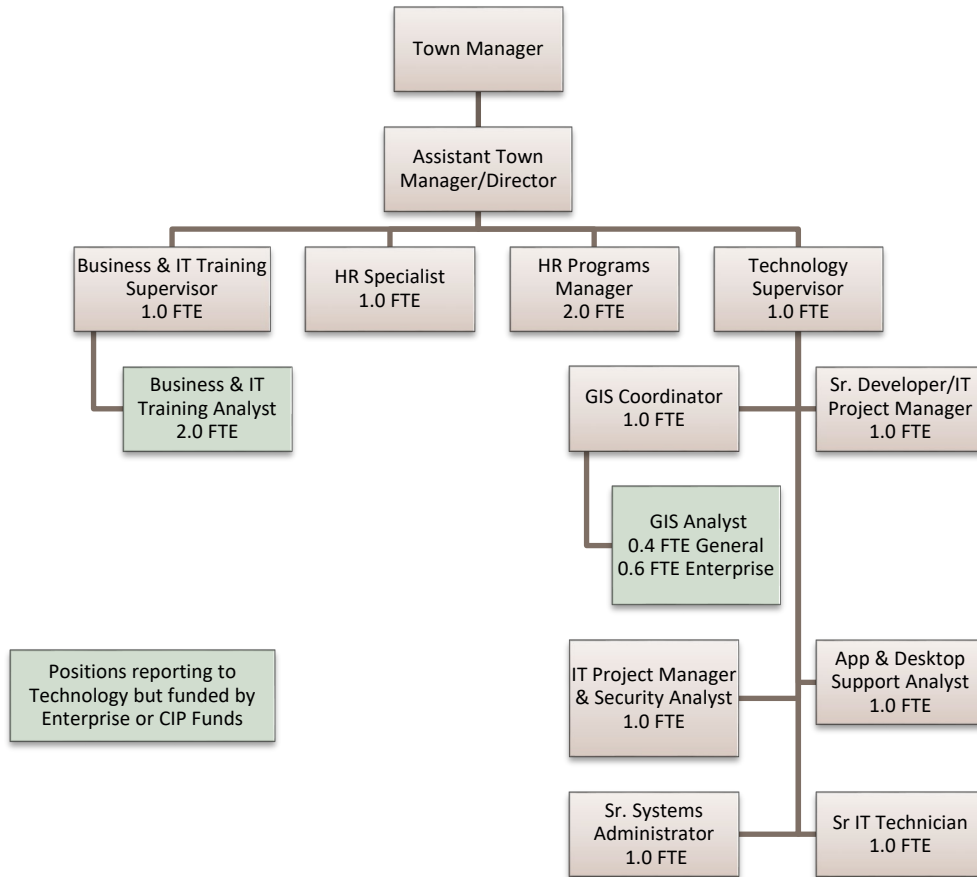

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The remaining offsetting change is related to new positions budgeted in the prior year as a result of the completed Raftelis staffing study. In certain instances, the expected compensation and title for the Raftelis recommended positions were not finalized and since the positions have now been filled, the current compensation costs have been less than what had been forecasted in the prior year.

Supplies & Services:

The Water Customer Service Division includes utility billing for water, sewer, and solid waste. Overall, the supplies and service budget is estimated to increase by about 17% or \$149K in FY 2019/20. Additional costs include \$90K in software license and maintenance fees related to a new utility billing system, \$40K in credit card processing fees due to increased customer accounts, as a majority of new customers utilize credit cards for bill payment, and \$13K in additional staff training as a result of the new utility billing system.

Workforce & Technology

Department Description and Programs

The Workforce and Technology Department is a core support unit for the Town and staff. The Human Resources Division is responsible for workforce planning and employment; compensation, classification and benefits; employee relations; training and development; policy and procedure development, and worker’s compensation. The Technology Division administers all technology-related services, including local area computer networks, voice, data and network infrastructure planning, maintenance and security; IT governance, project management, database administration, application development, desktop and application support, geographic information systems (GIS), technology-use training, backups and data retention, and telecommunications. All programs in these areas are funded by the General Fund, with support received from enterprise funds via interdepartmental cross charges.

Department Mission

The Workforce and Technology Department motivates the workforce through empowerment, education and excellent customer service.

The Workforce and Technology Department will work in a collaborative environment to support and educate employees, the Town Council and Town residents by implementing standards and technologies through professional expertise.

Workforce & Technology

Strategic Priorities

Effective Government

Secure Future

Superior Infrastructure

FY 2019/20 Objectives

- Continue to monitor and update employee benefits strategies and evaluate trends
- Continue progressive strategies to attract and retain high-performing staff
- Maintain staffing levels that are consistent with the community's goals
- Enhance innovative technologies for public facilities that improve efficiencies and reduce long-term recurring costs
- Implement recommendations and strategies of the Information Technology Strategic Plan
- Ensure succession-planning efforts are mobilized in areas of need
- Review options for establishing an accessible fiber network to elevate the Town's economic competitive position within the region
- Continue to research and identify relevant technologies, innovations and practices that have the potential to advance a resilient and high quality of life for our residents
- Centralize Smart City projects by identifying public and private industry projects in Queen Creek. Identify future opportunities. Develop a report structure for tracking of smart city initiatives.

	% Change from Prior	(14%)	2%	20%	5%		

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute).

Supplies & Services:

The FY 2019/20 supplies and service budget reflects a slight decrease as a realignment of budget resulted a savings in some areas, and were reprogrammed to accommodate increases in other areas.

Program Performance - Human Resources

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Financial Management, Internal Services & Sustainability	Percent of employee performance reviews completed on schedule ¹	72%	90%	70%	90%
	Average number of applications received per external recruitment	111	95	99	95
	Average number of days to fill vacant external recruitment	39	<42	40	<42
	Average number of days to fill vacant internal recruitment	N/A ²	<25	34	<25
	Turnover rate of full-time employees	6%	≤6%	6%	≤6%
	Number of worker's compensation claims due to injury	10	10	10	10

Analysis of Performance

1. Percentage is based on supervisory completion of the review so that the employee receives any increase on time, with no retroactive pay.
2. No internal candidates filled internal positions in FY 2017/18.

Workforce & Technology – IT

Operating Expenditures – Information Technology

Division by Category	FY 2015/16 Actual	FY 2016/17 Actual	FY 2017/18 Actual	FY 2018/19 Revised	FY 2019/20 Adopted	From Prior Revised

	% Change from Prior	(24%)	25%	31%	13%		

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The decrease in Salaries and Fringes is related to a position added in the previous year, which was ultimately recruited for under another classification resulting in savings in compensation costs.

Supplies & Services:

The Information Technology (I.T.) maintenance and software support contracts account for \$1.2M or 45% of the \$2.2M supplies and service budget being requested.

The FY 2019/20 I.T. supplies and service budget reflects a 64% increase (\$854K). Increases to this magnitude reflect in multiple areas throughout the I.T. budget and can all be associated with updated/changing technology, growth in staff and aging infrastructure.

Significant budget changes include:

- \$560K as a placeholder for projects falling outside the scope of the scheduled Capital Outlay. Funds requested would address needed professional services/systems management and end of life system upgrades.
- \$171K is based on the increasing contractual software licensing demand with systems including: Accela (planning review), E-Plancheck (electronic plan submission) Cartegraph (operations management), ICM (document management) Google Mail support
- \$46.5K related to cabling, and peripheral requests as Town facility buildings are going through many changes and remodels to accommodate new staff and operations. I.T. has seen a spike in expenses, and expects this trend to continue.
- \$38K related to internal training which is planned to increase in order to incorporate on-site training opportunities for staff to learn system processes including MUNIS (Town’s financial system), and Cartegraph.
- \$19K to increase all redundant internet speeds to 1GB to operate with advancing technologies. Most software/systems are now ‘cloud based’ creating a strain on current bandwidth levels.
- \$8.4K associated with Web server and cloud storage is increasing exponentially and is anticipated to increase annually.

Workforce & Technology – IT

Capital Outlay

Budget included for Capital Outlay is to address aging equipment as a part of the IT Strategic Plan. This budget is treated as an annual replacement budget, and outlines operating projects as shown in the schedule below:

- PC Replacement (\$75K)
- Upgrade 1GB Internet Speed (\$80K)
- Storage Expansion (\$15K)
- VDI Infrastructure Refresh (\$100K)
- View Center Cloud Upgrade (\$35K)
- Security Camera Replacement (\$20K)

Operating Projects:

FY 2018/19 expenses in this category reflect completed projects originally identified in the Capital Outlay budget. Projects completed during the FY 2018/19 include:

- Core Switch Refresh Project
- Firewall Upgrade
- Computer Refresh
- Server Replacement
- Virtual Desktop Enhancement

Program Performance - Information Technology

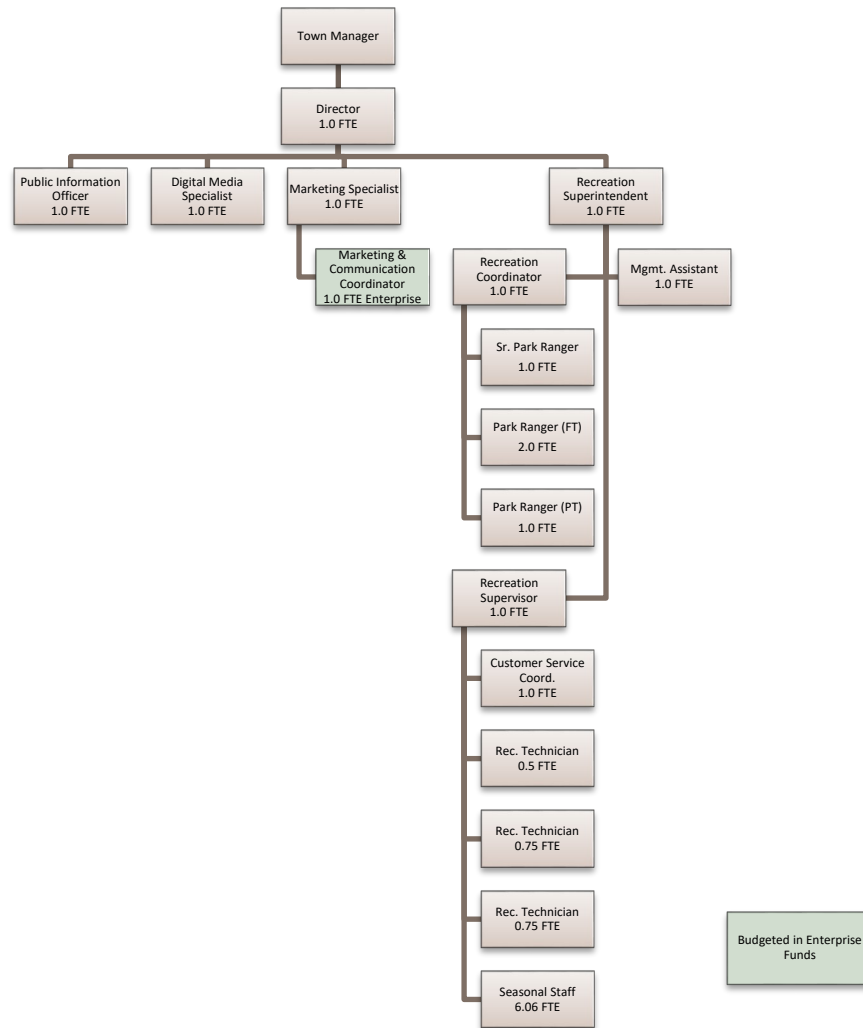

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Technology	Unplanned downtime hours affecting business continuity on major operating systems (Server 2008 and 2012)	0	≤10	≤5	≤10
	Unplanned downtime hours of major applications affecting business continuity	0	≤15	≤5	≤15
	Unplanned downtime hours due to user behavior ¹	1	≤2	≤20 ²	≤2
	Unplanned downtime hours affecting business continuity on major hardware (servers, routers, and switches)	3	≤10	≤10	≤10
	Percent of employees rating overall satisfaction with IT department as “good” or “excellent”	86%	95%	92%	95%

Analysis of Performance

1. New performance measure for FY 2018/19. Relevant background data was previously tracked, so historical information is included for FY 2017/18.
2. In January 2019, a single outage caused 13 hours of downtime.

Communications, Marketing & Recreation

Department Description and Programs

The department is comprised of three divisions: Communications and Marketing, and Recreation Services, and Park Rangers. Through these divisions, the department is responsible for:

- Coordinating the Town’s public outreach programs, including events, publications and digital media
- Managing media and community relations
- Coordinating and marketing Town-hosted special events
- Managing the Town's brand
- Coordinating tourism efforts in the community
- Providing recreational programs and classes for all ages and interests
- Managing partnerships, including the Town’s Youth Sports Partnership Program, the Boys & Girls Club, Town-sponsored events and Visit Mesa
- Administering the Town’s Special Event Permit Application process
- Coordinating the rental of parks, ramadas, fields, courts and meeting rooms

Communications, Marketing & Recreation

All programs in these areas are funded by the General Fund, with support received from enterprise funds via interdepartmental cross charges for marketing and communication services.

Department Mission

The goal of the Communications, Marketing and Recreation Department is to create a strong sense of community through public outreach programs, events, partnerships and marketing campaigns, enhancing the quality of life in Queen Creek.

Strategic Priorities

Quality Lifestyle

Safe Community

FY 2019/20 Objectives

- Improve the mix of park amenities, including updating older facilities
- Continue advancements in resident participation through multiple opportunities and strategies, such as community events and targeted outreach programs in public safety
- Continue development of the Town's brand awareness via existing and new partnerships
- Continue advancements in parks, trails and open space design by encouraging frequent use by members of the community
- Providing parks, trails and amenities to create a strong sense of community
- Strengthening the Town's identity by providing cohesive marketing, branding and collateral for all Town departments
- Providing a variety of recreational programs and opportunities to continue the tradition of a high quality of life for all Queen Creek residents

Communications, Marketing & Recreation

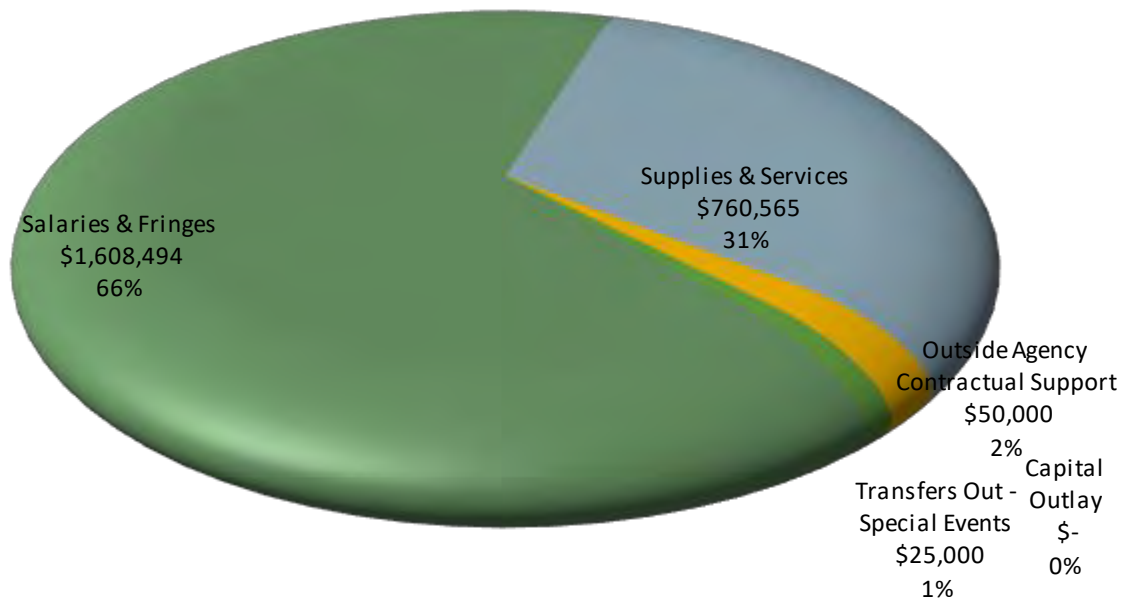

Staffing by Division					
Division	FY 2015/16 Actual	FY 2016/17 Actual	FY 2017/18 Actual	FY 2018/19 Revised	FY 2019/20 Adopted

Department FTE	15.71	15.71	16.71	22.06	22.06

¹1.00 FTE allocated to Enterprise Funds

FTE Changes

There were no changes in staffing between the FY 2018/19 Revised Budget and the FY 2019/20 Recommended Budget. Included in the FY 2018/19 Revised Budget are additions to Recreation Programs. This includes a 0.75 Rec Tech and an additional 3.6 FTE in hours for part-time seasonal recreation staff. The Town's growth has resulted in additional events and offerings which require ongoing staffing. Additionally, due to the opening of Mansel Carter Park a Park Ranger was added to support the Town's increased sites and facilities. In prior years a Marketing and Communications Coordinator was added to improve the Town's outreach and communications, with other positions and staffing remaining static.

Communications, Marketing & Recreation Services
FY 2019/20 Adopted Budget \$2.4M

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute).

Supplies & Services:

The printing, marketing, and postage budget lines combined account for \$278K, or 63% of the \$444K budget for this division.

The Communications & Marketing division reflects a net decrease totaling \$3K for FY 2019/20. One-time expenses planned in FY 2018/19 including Crisis Communication Plan (\$15K), Town of Queen Creek 30th Anniversary (\$25K), and the Mansel Carter Park grand opening (\$15K) have been removed from the budget resulting in an overall decrease of \$55K. Other savings identified in licensing and subscriptions (\$10K) were achieved by streamlining services and bringing budget in alignment with contractual amounts. Major changes to the FY 2019/20 budget reflect East Park Design public outreach project and a customer technology enhancements initiative, both totaling \$40K. In FY 2019/20 Communications and Marketing is recommending to update the Town's existing citizen work order system, along with moving services to a text based system for ease of resident use and reduction of phone calls and visits to Town Hall. Budget request for this project is set at \$25K for the first year.

CMR- Communications & Marketing

Program Performance – Communications & Marketing

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Community Involvement Image & Identity	Percent of residents rating effectiveness of Town communication as “good” or “excellent” ¹	93%	N/A	N/A	90%
	Millions of impressions generated by earned media directed at Queen Creek through the Visit Mesa marketing program	22	18	18	19
	Website activity on VisitMesa.com featuring Town of Queen Creek products and / or content	61,500	67,000	72,000	73,500

Analysis of Performance

1. The Town conducts a biennial citizen survey every 18 months. The next survey is scheduled for Fall 2019 (FY 2019/20).

CMR – Recreation Services

Program Operating Budget – Recreation Services

Division by Category	FY 2015/16 Actual	FY 2016/17 Actual	FY 2017/18 Actual	FY 2018/19 Revised	FY 2019/20 Adopted	From Prior Revised	
						Dollar Change	% Change

		% Change from Prior	3%	14%	19%	(6%)	

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The expected annual increase has been offset with new staff earning less than prior, more tenured staff. The FY 2018/19 budget was also revised once the new year had been established, further reducing the impact.

Supplies & Services:

The largest line item budget in this category is for contracted class instructor payments that account for \$185K or 67% of the \$309K budget.

Increases to the FY 2019/20 Recreation supplies and service budget total \$30K or 11%. Adjustments to the training budget were made to address needs of growing staff and industry changes (\$2K). Due to an increase in activity with both facility reservations and special interest registrations, fees associated with Recreation's on-line registration system (ActiveNet) are increasing an additional \$14K. A slight increase towards minor equipment reflects updated proposal amounts for equipment replacement program for the Recreation Annex location. The FY 2019/20 Recreation Services division is also requesting a one-time purchase of a single-axle box trailer to accommodate growing special event needs and requirements (\$10K).

Capital Outlay:

The revised FY2018/19 budget reflects one-time purchases that have been removed from the recommended FY 2019/20 budget.

Outside Agency Contractual Support:

This category reflects the amount of support the Town of Queen Creek provides to the Boys and Girls Club on an annual basis. This budget reflects no change from FY 2018/19.

Transfers Out – Special Events

This category reflects the amount of support the General Fund provides to the Town sponsored special events - Founders Day (\$5K), 4th of July (\$5K), Spring into QC (\$5K), Holiday Tree Lighting (\$5K), and Trunk or Treat (\$5K).

CMR – Recreation Services

Program Performance – Recreation Services

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Community Involvement	Percent of residents rating opportunities and service related to community parks and recreation services as “good” or “excellent” ¹	93%	N/A	N/A	90%
	Total number of Special Interest Class (SIC) participants	7,780 ²	5,400	7,720 ²	7,500
Image & Identity	Percent of recreation program users rating overall satisfaction with quality of program as “good” or better	96%	93%	96%	95%
Financial Management, Internal Services & Sustainability	Percent of special event process participants rating the process as “good” or “excellent”	67%	90%	85%	90%

Analysis of Performance

1. The Town conducts a biennial citizen survey every 18 months. The next survey is scheduled for Fall 2019 (FY 2019/20).
2. New and varying class offerings (Karate, Zumba, Silver Sneakers, etc.) and population growth are driving special interest class attendance higher

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The decrease is primarily related to turnover within the part-time positions and the new staff earning less than the previous, more tenured staff.

Supplies & Services:

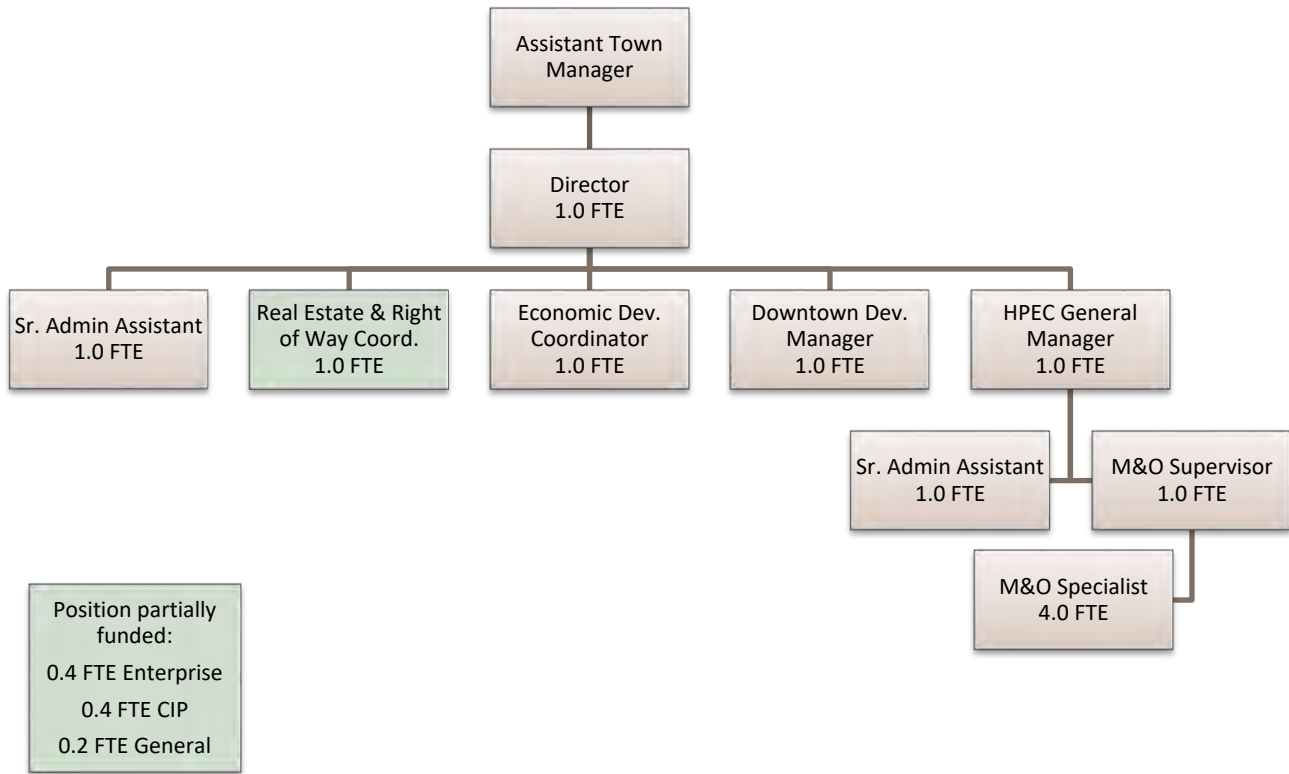

The FY 2019/20 supplies and service budget for the Park Rangers division reflects no changes.

FY 2019/20
Budget

Economic Development

Department Description and Programs

The Economic Development Department consists of two divisions: Economic Development and Horseshoe Park and Equestrian Centre (HPEC). The Economic Development Division is responsible for business attraction, retention and expansion, as well as the promotion of opportunities available for private investment in the community.

The Real Estate division is responsible for all aspects of real estate activity within the Town, including capital improvement and utility project property acquisitions; managing leases on Town owned property, assistance with the sale of Town owned property.

The HPEC division is responsible for the management of HPEC, including event planning and coordination, promoter relations and facility maintenance.

Department Mission

The goal of the Economic Development Department is to provide for the long-term economic sustainability of the community through a comprehensive and coordinated program of economic development, which includes business attraction, retention and expansion, real estate activities, event development and tourism activities.

Economic Development

Strategic Priorities

Secure Future

Quality Lifestyle

FY 2019/20 Objectives

- Implement strategies outlined in the Economic Development Strategic Plan focusing on business development, entrepreneurship, agritainment/destination tourism, economic foundations and enhanced marketing and promotion.
- Enhance opportunities for business success and the Town as a premier investment choice within the region. Proactively market the Town as the place for new business investment and job creation; actively market existing businesses to residents.
- Implement the key action items identified in the adopted Town Center Plan. Generate more economic synergy within the Town Center, and enhance the sense of place by attracting additional investment.
- Assist with the real estate activities associated with key capital improvement and utility projects.

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute).

Supplies & Services:

Increases to the Economic Development supplies and service category totaling \$34K or 41% can be associated with the Town’s real estate team now reporting to the director of Economic Development. Recurring expenses involving travel (\$3.2K), dues/membership (\$1.8K), and CoStar software renewal (\$15K) have been added to the Economic Development base budget. Additional increases reflect increases to the annual Greater Phoenix Economic Council (GPEC) fees based on population growth (\$11K).

Outside Agency Contractual Support:

This category reflects the amount of support the Town of Queen Creek provides the Queen Creek Performing Arts Center (\$135K), and the Queen Creek Chamber of Commerce (\$75K). This budget reflects no change in FY 2019/20.

Economic Development

Program Performance – Economic Development

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Community Involvement	Number of staff-assisted locates, staff-assisted business expansion and staff-assisted business retention special projects ¹	41	40	45	45
Image & Identity	Average weekly users of Gangplank Program ²	11	15	14	15
Land Use & Economic Development	Percent increase in sales tax revenue ³	15%	12%	16%	10%

Analysis of Performance

1. This includes the number of total prospects, including GPEC RFIs, staff assisted business expansion and retention projects.
2. Number of average weekly users of Gangplank Program. These numbers do not include weekly Hacknight attendance or any other special programs that Gangplank hosts outside the hours of 8am-5pm, Mon-Fri.
3. Sales tax revenue is highly dependent on the larger Arizona economy. The target and actual are based on year over year increases in sales tax collections excluding construction sales tax, communications and utilities, and real estate and rentals activity.

	% Change from Prior	(3%)	3%	9%	5%		

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute).

Supplies & Services:

Utilities (\$100K), stall supplies (\$90K), and arena maintenance (\$45K) account for \$235K or 48% of HPEC's supplies and services budget.

The FY 2019/20 HPEC supplies and service budget reflects only a realignment as savings in some areas have been reprogrammed to accommodate increases in other areas.

Savings within the HPEC budget include a reduction in the telephone budget as fiber was successfully brought into the park allowing voice and data systems to tie in with the Town's fiber ring and eliminating the cost of 3rd party carrier infrastructure (\$7.5K). Reductions to the HPEC training budget bringing budget closer to actuals over the last year (\$2.5K) as well as a decrease to sponsorship expenses (\$5K). Increases to line items within the HPEC supplies and service budget have been made to address larger events impacting the facility and operations. Temporary labor budget will increase \$1.5K to be in alignment with recent State mandates involving minimum wages; liability insurance (\$3.4K), stall supplies (\$10K), and shop supplies (\$1K) are all result of event growth.

Support Costs:

Support Costs (overhead) are the charges from the General Fund for services such as Human Resources, Finance, Payroll, Information Technology, Town Manager and Town Clerk. Any changes identified in this budget are the result of a service/support change from partnering departments.

Capital Outlay:

The FY 2019/20 budget includes \$100K in annual funding to address significant park repair and replacement needs. The HPEC Capital Outlay also includes a \$5.2K budget to fund the Show Office lease/rental agreement. In FY 2019/20 the Fleet Division has requested that a 10-yard dump truck be added to the budget in order to address an aging, undersized, and over used piece of equipment currently on site. The cost to replace the existing 5-yard

Economic Development - HPEC

dump truck with a 10-yard dump truck totals \$147K. This increase is offset by the one-time budget for an arena cover in FY 2018/19 that has been removed from the FY2019/20 budget.

Contingency:

Because HPEC operates within its own fund, a separate contingency is included in this budget. Originally established at a flat amount of \$50K, this amount is now recalibrated to equal 3% of operating expenditures, and is adjusted annually to be consistent with other operating funds.

Program Performance - Horseshoe Park & Equestrian Centre

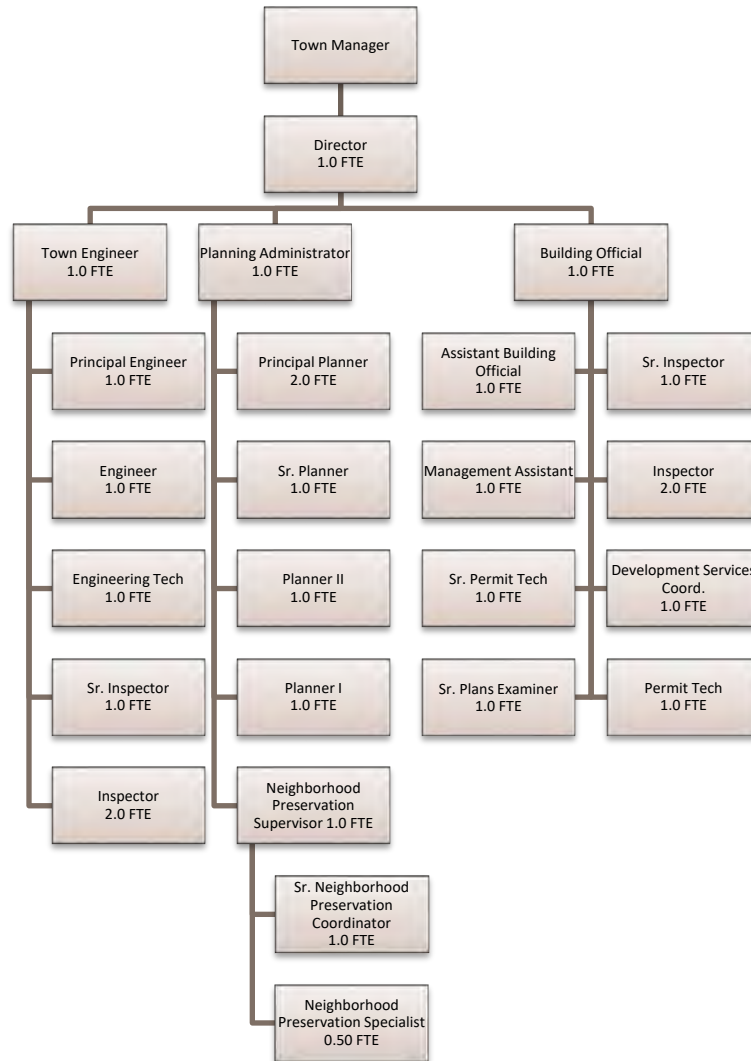

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Community Involvement	Number of HPEC event days – Equestrian Driven	236	260	251	260
Image & Identity	Number of HPEC event days – Non-Equestrian Driven	86	85	70 ¹	80

Analysis of Performance

1. Projected figure reflects a change in event type using the facility. Fewer overall event days are expected through the end of the fiscal year, but the events are using larger numbers of stalls and supplies.

Development Services

Department Description and Programs

The Development Services Department provides current and long-range planning programs, along with building safety and inspection, code enforcement, and engineering services. The department executes directives from the Town Manager and Council for the benefit of the Town’s residents, businesses and visitors.

Department Mission

Development Services serves the Queen Creek community by planning and administering land use, transportation, housing, and economic development opportunities. Development Services works to encourage investment in the community by providing excellent services oriented towards sustaining and creating a community with a high quality of life and environmental benefits for all.

Development Services

Strategic Priorities

Effective Government

Secure Future

Superior Infrastructure

Quality Lifestyle

FY 2019/20 Objectives

- Plan for an economically sustainable build-out
- Continue to provide quality customer service and efficient plan review using the Town’s electronic plan review and permitting system
- Continue to update the Town’s Zoning Ordinance and Design Guidelines to reflect current needs and continue to provide high quality service to our citizens and the development community
- Cooperatively complete the specific area plan zoning with the Arizona State Land Department for the portion of Superstition Vistas in the Town’s Planning area
- Continue evaluating potential annexations of strategic lands within the Town’s planning area
- Facilitate the implementation and realization of the Town Center Plan Update and Downtown Core Zoning District
- Preserve and enhance neighborhoods

Staffing by Division

Division	FY 2015/16 Actual	FY 2016/17 Actual	FY 2017/18 Actual	FY 2018/19 Revised	FY 2019/20 Adopted

Department FTE	25.50	25.50	25.50	25.50	26.50

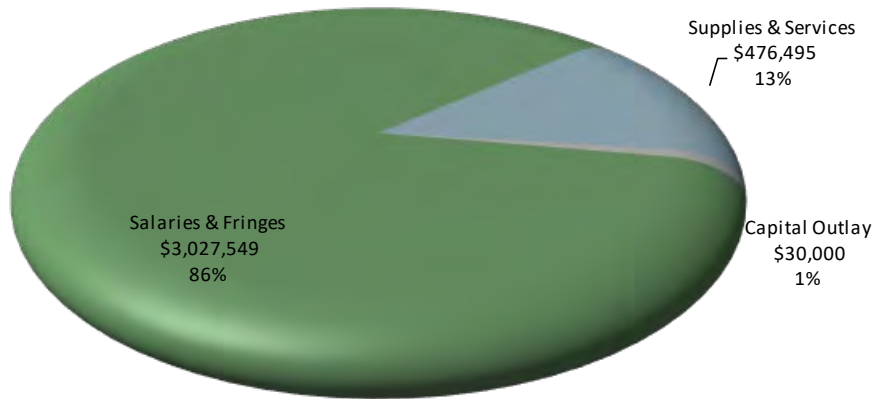

FTE Changes

Included in the FY 2019/20 Recommended Budget is one additional Inspector position due to ongoing growth in construction related activity. There were no additions to staffing in FY 2018/19, only internal reclassifications which were used to align existing staff with current service requirements. This was also the case for previous fiscal years, no additions to staffing only modifications to existing staff assignments.

Development Services

Development Services FY 2019/20 Adopted Budget \$3.5M

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The remaining decrease is related to employee turnover and other employee movement within the Town.

Supplies & Services:

For FY 2019/20 the supplies and services budget decreases slightly because of a reduction of travel and conference expenses as a result of a position being reclassified and moved from the Admin Department to Building Safety (\$4K) last year. A FY 2018/19 carryforward amount of \$7.5K for offsite records management has been removed for the FY 2019/20 budget. The decreases are offset by an increase in equipment (\$1K for an iPad), and increased budget for training (\$1.5K).

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The remaining increase is related to reclassifications of existing positions.

Supplies & Services:

The Planning division supplies and service budget is decreasing by \$111K over the prior year. In FY 2018/19 \$128K for consulting services related to the San Tan Vistas Masterplan project and other professional services, has been removed from the FY 2019/20 budget. In addition, the travel and conference budget was reduced by about \$3K and the professional dues and membership fees declined by about \$2K. Offsetting the decrease is a \$20K increase for Professional and Technical Services for contracted architectural and consulting services related to major special projects and annexations.

Program Performance - Planning

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20

	\$ Change from Prior	\$ 15,451	\$ 60,778	\$ 193,080	\$ 24,630		
	% Change from Prior	2%	7%	21%	2%		

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The remaining differences are related to employee turnover with new incumbents earning less.

Supplies & Services:

The building safety supplies and services budget is increasing by about \$5K over the previous fiscal year. The increase stems from necessary supplies and services (\$2K) for the Assistant Building Official position which was reclassified from the Admin department during FY 2018/19. The department also plans to purchase new plan review monitors to more effectively accommodate electronic plan review (\$3K).

Program Performance - Building Safety

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Land Use & Economic Development	Percent of building permits processed in 5 days or less from plan review completion to applicant notification	100%	100%	100%	100%
	Percent of inspections completed within 1 business day of the requested inspection	100%	100%	100%	100%

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The remaining increase is related to the addition of a 1.0 FTE Inspector position which was added in FY 2019/20 at approximately \$80K.

Supplies & Services:

The Engineering supplies and services budget is increasing by about \$180K in FY 2019/20. A budget of \$140K is allocated for an on-site engineering plan review consultant to support the department as it receives submissions for major residential subdivision projects. The engineering reviews performed by the consultant will allow the department to maintain adequate workload capacity and processing times to complete engineering reviews in a timely fashion. This category also includes increases for contracted engineering support services (\$15K) and video sewer inspection services (\$15K). Sewer services are fully paid by developers during the permit process, with the Town acting as a conduit for the developer and the sewer video vendor. An additional \$7K is budgeted for one-time costs to outfit a workstation for the on-site consultant.

Capital Outlay:

One-time vehicle purchase costs are included in the capital budget for the new Engineering Inspector position being added in FY 2019/20 (\$30K).

Program Performance – Engineering

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Land Use & Economic Development	Percent of Engineering construction plan reviews completed within 21 business days	100%	100%	100%	100%
	Percent of encroachment permit requests processed within established timeframes ¹	95%	100%	100%	100%
	Percent of final plat case reviews completed within 21 business days	95%	100%	85%	90% ²

Development Services

Analysis of Performance

1. Established timeframes for street maintenance, construction projects, and private development construction permits is 2-5 business days. Timeframes for general franchise utilities is up to 8 business days.
2. Increased workload demands against current staffing levels is driving this measure lower in FY 2018/19 projection and FY 2019/20 target

Operating Expenditures – Neighborhood Preservation

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute).

Supplies & Services:

The supplies and services budget for Neighborhood Preservation is roughly flat with the previous fiscal year.

Program Performance – Neighborhood Preservation

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Land Use & Economic Development	Total number of unique (individual) staff initiated actions completed monthly ¹	170	100	180	120
	Average calendar days between receiving complaint to first investigation	<1	<1	<1	<1
	Average number of cases managed per FTE inspector monthly ¹	116	85	120	110

Analysis of Performance

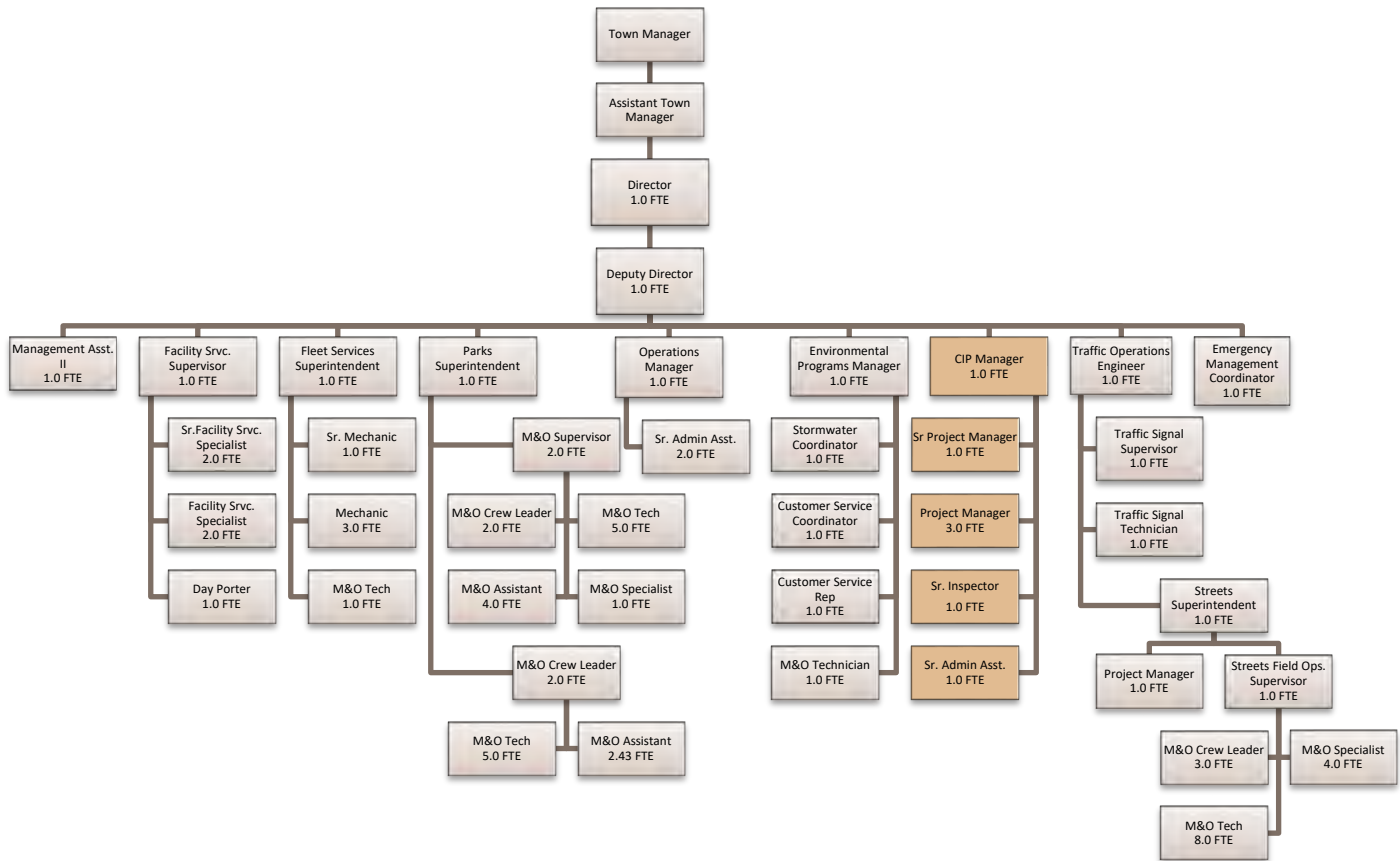

1. This division now requires staff to complete a minimum number of assignments daily and implemented improved tracking processes, resulting in an increased FY 2017/18 Actuals, Projected FY 2018/19, and Target for FY 2019/20.

FY 2019/20
Budget

Public Works

Department Description

The Public Works Department oversees the maintenance of facilities, fleet, streets, grounds and provides solid waste services. The department actively implements the Capital Improvement Program (CIP), the pavement maintenance plans, and maintains public parks and grounds. This department is vital in managing Queen Creek’s rapid growth.

Solid Waste is a contracted program within the Public Works Department. The services provided through Solid Waste are refuse collection, recycling and community outreach. The Solid Waste program is funded by rate-payers. The current rate for a residential customer who has one refuse bin and one recycling bin is \$16.22 per month.

Department Mission

Building a sustainable community and maintaining superior Town infrastructure through innovation and dedication to excellence.

Public Works

Strategic Priorities

Effective Government

Superior Infrastructure

Quality Lifestyle

FY 2019/20 Objectives

- Completion of a Solid Waste Study for Trash and Recycling Services as the contract with RAD expires in 2020.
- Development of an operations and maintenance plan for taking on the maintenance of over 3,500 streetlights as the Town's contract with Salt River Project ends in 2019.
- Implementation of Ironwood Road improvements per the Arizona Department of Transportation Road Safety Audit.
- Design and construction of the East Park Regional Flood Control Basin in coordination with the Flood Control District of Maricopa County.
- Implement the Transportation Improvement Plan that includes the beginning of a 3-year stretch of 8 new projects, the most at one time in our 10-year plan.
- Develop a fleet fueling plan for the Town.
- Continued coordination between the Town's Transportation Improvement Plan and Private Development road improvements to ensure the timing of construction is least prohibitive for motorists.

Staffing by Division

Division	FY 2015/16 Actual	FY 2016/17 Actual	FY 2017/18 Actual	FY 2018/19 Revised	FY 2019/20 Adopted
Public Works Administration	4.00	4.00	5.00	7.00	7.00

Department FTE	53.11	56.61	60.93	73.43	76.43

FTE Changes

In FY 2019/20 an additional 3.0 FTE are added to Public Works: a Mechanic and an M&O Tech (Fleet), and an M&O Crew Leader (Streets). These additions are due to growing demands the Town continues to face and aiding in maintaining service levels. In FY 2018/19 additional positions included: Facility Services Specialist, an M&O Specialist and M&O Tech in Streets, 6 additional positions in Parks & Grounds due to the opening of Mansel Carter Park, 1.5 additional FTE in CIP which included a 1.0 FTE Sr. Inspector and an increase of 0.5 FTE Admin Asst position to full-time, and a Stormwater Coordinator now rolling up to Public Works versus Wastewater. In previous years there have been additions which have all been related to the Town's overall growth and include new roads, parks, and Town facilities and assets, all of which requires ongoing maintenance and support.

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The remaining increase is due to the Transportation Engineer being moved from Traffic Engineering into the Public Works Administration and reclassified as the Public Works Deputy Director as part of the Town's succession planning. Additionally one other employees was reclassified based on new duties assigned which resulted in a current year budget increase.

Supplies & Services:

The Public Works Administrative budget reflects a \$1.8K (or 5%) decrease to the overall budget. The driving force resulting in this budget reduction reflects \$10K that was originally established to accommodate anticipated expenses for hazardous waste disposal services (Stericycle) for the entire Public Works department. FY 2018/19 accounting practices put into place changed the direction of the expense rendering this budget line no longer necessary to this particular General Fund budget line. Increases to the FY 2019/20 reflect organizational changes involving the addition of a Public Works Deputy Director position. An increase to the training/conference (\$6.7K), membership (\$.04), and cellular service (\$.06) line now reflects this organizational change. Other minor adjustments have been made to the FY 2019/20 office supply and minor equipment budgets based on trends and staffing needs.

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). A position in the prior year was filled at a rate less than estimated resulting in a smaller percentage increase shown than would typically represent annual compensation increases in FY 2019/20.

Supplies & Services:

FY 2019/20 Facilities budget reflects a \$221K increase (45%). The FY 2019/20 Facilities budget includes a new annual budget totaling \$250K to address Town building and system repairs and maintenance. This adjustment will assist to address new facilities including Mansel Carter Oasis Park and the Field Operations Facility that require additional custodial services, janitorial supplies, and general upkeep. Facilities Maintenance is also experiencing an upsurge of facility usage within the Community Center and Town parks, Library, and Recreation Annex resulting in the need to increase services to maintain acceptable level of service at these locations. Budgeted increases include:

- Increased costs within the General Services (\$7K)
- Maintenance/Repair (\$4K)
- Janitorial Supplies (\$5K)

Public Works Facilities Division requests one-time funding totaling \$48K for the upcoming FY 2019/20 budget:

- Funding totaling \$35K provides the opportunity for the Facilities division to replace an existing and antiquated maintenance work order system and integrate with a newly introduced Cartegraph software system currently being utilized by multiple Town divisions.
- One time funding of \$13K to address the need for additional ice machines to be installed at two Town locations for utilization by the Town's field operation crews.

Facilities Maintenance budget reflects a \$95K decrease within the supplies and service budget as revised budget reflects one-time expenditures totaling \$95K. Projects included retrofitting exterior lighting to LED for multiple Town owned sites (\$30K), and installing a new fire suppression system at the Founders' Park Community Center location (\$65K).

Public Works

Program Performance - Facilities Maintenance

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Financial Management	Custodial expenditures per square foot: all facilities (total, in-house and contractual)	\$1.22 ¹	\$1.10	\$1.33 ²	\$1.38 ²
	Percent of preventative maintenance activities completed by town staff and contracted services as a percent of total preventative maintenance activities	91%	90%	90%	90%
	Percent of high-priority service requests addressed within 24 hours of request receipt	91%	90%	91%	91%

Analysis of Performance

1. FY 2017/18 actuals reflect the net increase of 46,740 square feet to maintain.
2. The FY 2018/19 projection and FY 2019/20 target reflect increases in the costs for contracted custodial services and increasing personnel costs.

		\$ Change from Prior	\$ (50,870)	\$ 143,161	\$ (85,361)	\$ 419,579	
		% Change from Prior	(6%)	19%	(10%)	53%	

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The remaining increase is related to the addition of a Mechanic and an M&O Technician, both being added in FY 2019/20.

Supplies & Services:

FY 2019/20 reflects a \$27K (or 11%) increase to the Fleet Services supplies and service budget. The Public Works Fleet division is experiencing an increase of \$20K in regards to vehicle maintenance and repairs associated with consumable supplies involving oils, cleaners and replacement parts (hoses, belts, etc.). Additionally, the Fleet division is recognizing a rising cost of fuel of \$7K in combination with an increased workload being placed on equipment and vehicles. This increase of use is also impacting the Town's contracted fuel supplier (Queen Creek Unified Schools) that sometimes causes the site to run out of fuel - requiring users to utilize commercial fuel sites at a higher rate.

Capital Outlay:

The capital budget fluctuates each year based on the vehicles and equipment that are replaced. Vehicle replacement is based on a combination of factors including age, mileage and overall condition of vehicle engine systems. FY 2019/20 reflects six (6) vehicles to be replaced, compared to the four (4) identified in FY 2018/19. In addition to the vehicle replacement list, Fleet division is requesting an additional \$144K to be added to the FY 2019/20 budget to address one-time purchase of a tractor for Public Works use (\$110K), a gantry lift to assist lifting heavy equipment in order to conduct required repairs and maintenance (\$18K), and vehicle outfitting (\$15.5K).

Public Works

Program Performance - Fleet Maintenance

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Financial Management	Percent of repair and maintenance activities completed by Town fleet staff	97%	95%	97%	95%
	Percent of vehicle and equipment repairs completed within one day of drop-off with Fleet Services	77% ¹	95%	67% ¹	95%

Analysis of Performance

1. FY 2017/18 actuals and FY 2018/19 projection reflect an increase in vehicle equipment units (VEU) and productivity constraints from operating out of a temporary facility. The department expects these figures to rebound when the new corp yard is fully operational.

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute).

Supplies & Services:

The FY 2019/20 Traffic Supplies and Services budget reflects an additional \$624K:

- As new Traffic Signals, signs, and ITS infrastructure is installed by private development and Public Works CIP projects, staff is recommending \$15K be added to the budget in order to maintain these systems that are vitally important aspects of traffic control.
- Due to the increasing number of citizen complaints regarding neighborhood speeding, staff is seeking \$35K to purchase five additional speed feedback signs in an effort to reduce residential speeding through Town. Additionally, staff is seeking an additional \$60k for required traffic studies via the Town's Neighborhood Traffic Calming Policy.
- The damage to Town infrastructure related to traffic accidents is trending higher; therefore, staff is requesting in additional \$25K to cover the cost related to accidents (most of this money is recovered through insurance claims).
- As event traffic continues to trend higher, staff is seeking \$15K to provide appropriate levels of staffing and signage to ensure efficient movement of traffic during the events
- Due to new infrastructure and updated signage along old roadways staff is requesting a decrease in the signal signage budget of \$25K
- Streetlight Purchase: The contract with SRP that ends June 30, 2019 and it stipulates the Town must purchase and maintain the streetlights throughout Town after this date. Therefore, staff is recommending a placeholder for the purchase of \$380K and \$120K for annual ongoing maintenance (\$500K).

Capital Outlay:

Expenditure authority totaling \$79K has been included in the FY 2019/20 budget as a placeholder for potential one-time purchases/projects.

- 3/4 ton utility truck to assist with all requested inspections, work orders and call outs (\$44K). Staff is currently using a large bucket truck for all work orders. Using the Bucket Truck is not practical for a significant amount of maintenance or call outs and requires additional traffic control. (\$44K)
- Traffic street name signage: One time cost to replace fading signs in need of replacement on major arterials intersections (\$35.2K)

Public Works

Program Performance – Traffic

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Capital Improvement Plan	Percentage of residents rating the overall traffic speeds and flow within the Town as "Good" to "Excellent" ¹	51%	N/A	52%	55%
	Percent of emergency traffic signal malfunction responses within 1 hour of notification ²	N/A	85%	95%	95%

Analysis of Performance

1. The Town conducts a biennial citizen survey every 18 months. The next survey is scheduled for Fall 2019 (FY 2019/20).
2. New measure in FY 2018/19. Data for FY 2017/18 is unavailable.

		% Change from Prior	16%	28%	6%	(6%)	

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The remaining increase is related to an M&O Crew Leader position being requested for FY 2019/20, estimated at \$75K, and newer employees coming in at rates higher than the base rate.

Supplies & Services:

Of the \$3.8M budgeted, \$2.9M will be used for arterial and residential pavement preservation, targeted pavement repairs and upgrades, as well as concrete repairs. The net budget decrease from the FY 2018/19 and the FY 2019/20 adopted budget reflects the removal of funds carried forward for pavement preservation and reconstruction projects.

Capital Outlay:

The FY 2019/20 capital outlay budget reflects an overall decrease as items were addressed in FY 2018/19 including variable message boards, asphalt ripper attachment, pavement crack seal machine, concrete truck and vehicle replacement purchases. Streets division is requesting a \$128.5K one-time spending authority to recognize an efficiency opportunity by outfitting and modifying existing equipment for right of way maintenance (\$30K), along with a new vehicle and message board (\$65K) for the safety of crews working on the road for things such as emergency repairs, debris pick-up, etc. Additionally, the FY 2019/20 HURF budget is recommending a one-time spending authority totaling \$120K to accomplish the following projects:

- Fiber to Ellsworth Pump Station – Replacing wireless communications with Town fiber network. The wireless is sporadic during storm events which is when the system is needed the most.
- Remote camera and flow meter installation at Sossaman Channel to give crews advance warning of possible flooding conditions along Cloud Road. Advanced warning will allow crews to respond in time to prevent flooding.

Public Works

Program Performance – Street Maintenance

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Capital Improvement Program	Percentage of pavement in satisfactory or better condition per Pavement Condition Index (PCI) ¹	85%	85%	83%	83%
	Percent of pothole repairs completed within 24 hours of notification	100%	85%	100%	100%
	Percent of responses to street maintenance issues completed within 24 hours of notification	92%	98%	98%	98%

Analysis of Performance

1. Planned maintenance has been deferred on Queen Creek & Ellsworth Road intersection, Queen Creek Road and parts of Power Road since CIP will be, or is in the process of rebuilding these segments. Their new ratings after construction will be reflected in next year’s network analysis.

Public Works

Program Operating Budget - Parks/Grounds Maintenance

Division by Category	FY 2015/16 Actual	FY 2016/17 Actual	FY 2017/18 Actual	FY 2018/19 Revised	FY 2019/20 Adopted	From Prior Revised

		% Change from Prior	4%	(5%)	72%	(18%)	

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The variance is related to the 6 positions which were added during FY 2018/19. Each position was budgeted with a high cost medical plan that only one employee selected and also includes the differences between the amount budgeted and the rate at which employees were actually hired.

Supplies & Services:

Grounds Maintenance supplies and service budget reflects an overall increase of \$78K (21%). Increases to this budget reflect in multiple areas throughout the Grounds Maintenance budget and can mostly be attributed to growth.

- The general services line in this section is experiencing a 42% increase (\$47K) as the Right-of-Way Maintenance Service contract has been adjusted to accommodate new property maintenance (Sossaman Road: Applebee to Twin acres - East side 1/4 mile; Applebee Road: 1/2 mile N and S sides and center median; Ellsworth/QC Rd). Additionally, the fish stocking contract with Arizona Game and Fish has been added to this budget.
- Training and uniform expenses reflect an increase as additional staff (5.5 FTE) have been added over the last year (\$10K).
- Staff is also requesting \$17.7 k for additional sign replacement, equipment repairs, additional landscape maintenance for new areas of maintenance (such as the new, larger, Corporation yard), and for resurfacing of the splash pad surface at Founders Park.

Capital Outlay:

The Grounds Maintenance FY 2019/20 capital budget reflects requests totaling \$45.3K and involves the purchase of a new stump grinder (\$8.3K), replacement playground equipment at both Desert Mountain Park and Founders locations (\$22K), and spending authority to rebuild the fountain feature in front of the Historic Town Hall Building (\$15K). This is reflecting a decrease from FY 2018/19 as the result of one-time projects that were completed in FY 2018/19.

Public Works

Program Performance - Parks/Grounds Maintenance

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute).

Supplies & Services:

This category contains the contract to provide trash/recycling services. The base rate increased 5% over the prior year, and the overall contract also increased due to growth in residential customers at approximately \$175K for FY 2019/20. The total cost to administer this contract is forecasted to be \$2.0M for FY 2019/20. Other large costs include the purchase of new trash and recycling carts, and increases in utility billing and credit card fees, both of which are due to growth in customers.

Support Costs:

Support Costs (overhead) are the charges from the General Fund for services such as Human Resources, Finance, Payroll, Information Technology, Town Manager and Town Clerk. Any changes identified in this budget are the result of a service/support change from those departments.

Capital Outlay:

The Capital Outlay decrease is related to one-time funding for prior year projects which included the recycling center moving to the new corp yard.

Contingency:

The Solid Waste Fund operates as an Enterprise fund which includes its own, separate contingency. This increase represents the need for additional reserves as operations continue to expand.

Public Works

Program Performance – Solid Waste

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Environment	Percent of recycled or diverted material as a percentage of total solid waste collections	19%	22%	21%	21%
	Percent increase in recyclable material within selected residential neighborhood resulting from targeted inspection program ¹	N/A	85%	90%	90%

Analysis of Performance

1. New measure in FY 2018/19; data is not available for FY 2017/18 actuals. The department performs an audit on residential collections within a subdivision to establish a starting point, then performs targeted outreach and education efforts for 2-3 months and then measures the impact of the program on the amount of non-contaminated, recyclable material.

Public Works

Program Operating Budget - Stormwater

Division by Category	FY 2015/16 Actual	FY 2016/17 Actual	FY 2017/18 Actual	FY 2018/19 Revised	FY 2019/20 Adopted	From Prior Revised

Budget Notes and Changes

Salaries & Fringe:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The FY 2018/19 budget included benefit elections that have changed for FY 2019/20, creating a reduction in the budget, which offset the other budgeted increases.

Supplies & Services:

The budget for Supplies & Services represents compliance costs to operate and maintain stormwater permitting as required by the Arizona Department of Environmental Quality (ADEQ).

Program Operating Budget - CIP Management

Division by Category	FY 2015/16 Actual	FY 2016/17 Actual	FY 2017/18 Actual	FY 2018/19 Revised	FY 2019/20 Adopted	From Prior Revised	
						Dollar Change	% Change
Salaries & Fringes	\$ 8,906	\$ 360,089	\$ 638,311	\$ 875,013	\$ 764,933	\$ (110,080)	(13%)

Budget Notes and Changes

Salaries and Fringes:

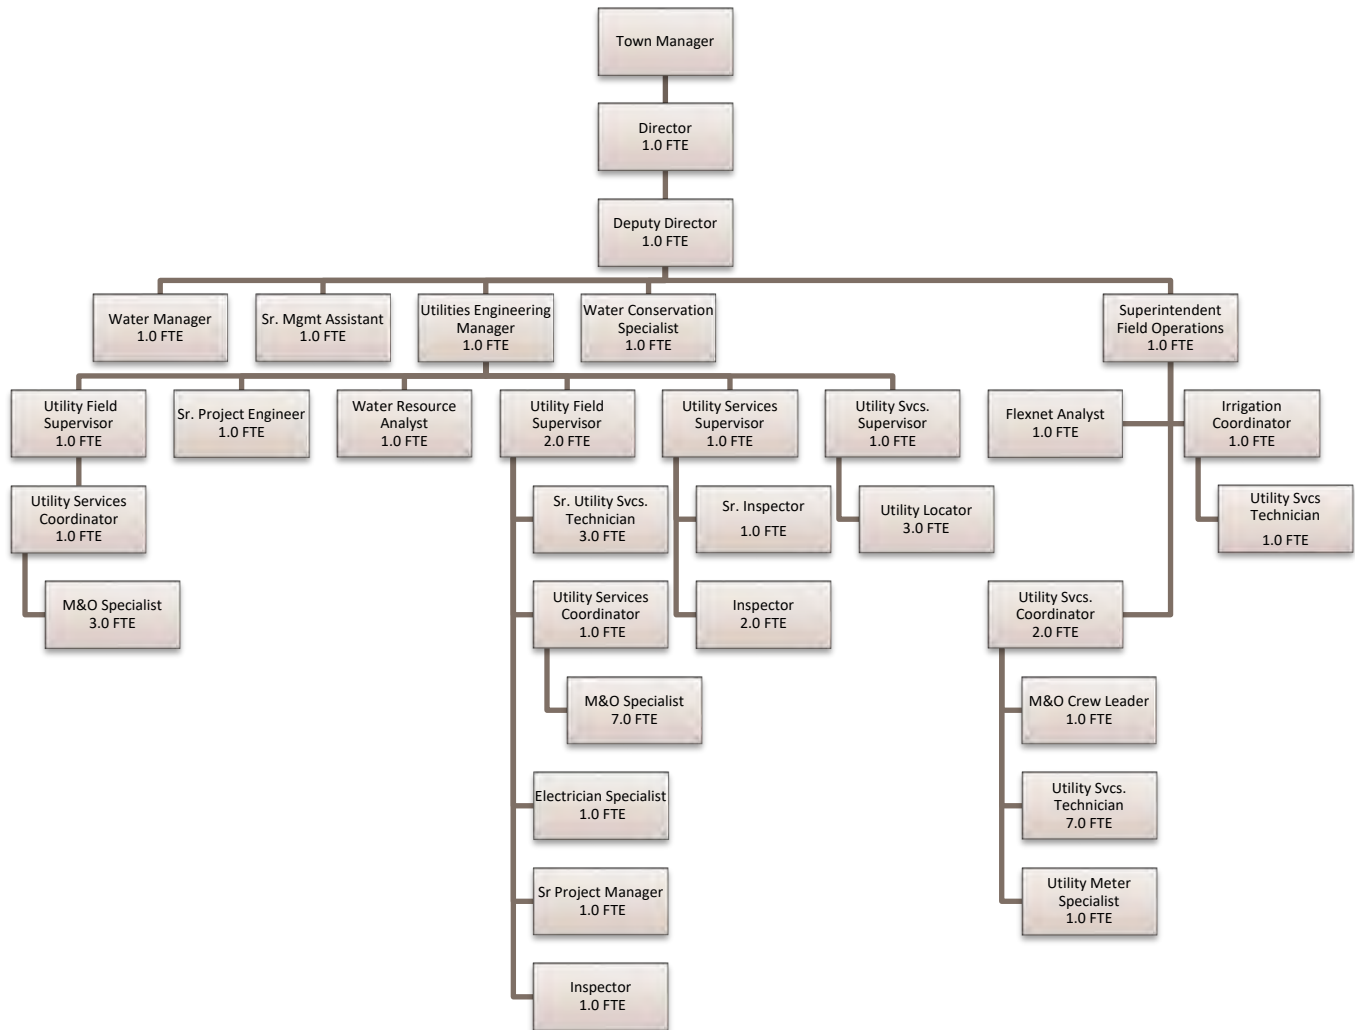

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The remaining variance is related to a position which was moved to another operation area during FY 2019/20, reducing the CIP Personnel costs.

Supplies & Services:

The FY 2018/19 included a construction management consulting services contract totaling \$225K, and has been reduced to \$50K in FY 2019/20 based on using in-house personnel vs. contracted services. The Town's real estate team has been moved to the Economic Development department for FY 2018/19. Along with staff, miscellaneous expenses involving software support, training, memberships, and supplies budget (\$15K) have been moved from this budget resulting in a further reduction.

Utility Services – Water & Wastewater

Department Description and Programs

The Utility Services Department is composed of the water and sewer enterprise funds, which are used to account for the services provided to the Town’s utility customers. The department is responsible for the operation and maintenance of Queen Creek’s potable water, irrigation, reclaimed water, sewer facilities, and infrastructure in a manner that satisfies federal, state, county and local agency permits and ensures regulatory compliance through regular sample collection, laboratory testing, and backflow prevention. The Town is the sole water utility provider for the residents of Queen Creek. All programs in these areas are funded through water and sewer funds.

Department Mission

The Utility Services Department is committed to excellence in providing safe, reliable, and efficient water and wastewater services in a manner that is environmentally responsible and maintains quality of life for the community and its residents. The department strives to meet or exceed the expectations of Queen Creek residents, businesses, outside customers, and visitors whom we serve.

Utility Services – Water & Wastewater

Strategic Priority

Secure Future

FY 2019/20 Objectives

- Continue development of sustainable long-range plans for water, reclaimed water, and wastewater by adjusting projections for community growth
- Ensure a continued safe and sustainable water supply that fully implements the General Plan
- Proactively work to secure the best opportunity for the 5.5 square miles of state lands and include them in the Town’s planning area. Work with the State Land Department on a CAG 208 permit

Staffing by Division

Division	FY 2015/16 Actual	FY 2016/17 Actual	FY 2017/18 Actual	FY 2018/19 Revised	FY 2019/20 Adopted

*Beginning in FY 2019/20, Water – Customer Service positions are shown in the Finance section where these positions have always reported while still being funded by Water.

FTE Changes

Included in the FY 2019/20 Adopted Budget are 2 additional positions which include an Inspector, and an M&O Specialist. There were 9 additional positions added during FY 2018/19, 7 of which were recommended in a business assessment completed by an outside consultant hired to review water operations. These positions included a Deputy Director, Water Flexnet Analyst, Sr. Project Engineer, Irrigation Coordinator, Electrician Specialist, M&O Specialist, and Utility Meter Specialist. The remaining position includes a Water Manager for departmental technical assistance, along with other reclassifications within the organization aligning staffing with workload, which also affected the FTE count for the Department. In prior fiscal years other positions were added - all of which are related to sustained and ongoing growth and expansion of the utility system.

Utility Services – Water & Wastewater

Utilities - Water/Wastewater FY 2019/20 Adopted Budget 107.6M

Funding Source

Funding Source	FY 2015/16 Actual	FY 2016/17 Actual	FY 2017/18 Actual	FY 2018/19 Revised	FY 2019/20 Adopted	From Prior Revised

Utility Services – Water & Wastewater

Program Performance – Utilities

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Environment	Number of violations of state and federal drinking water standards	0	0	0	0
	Total water service cost per million gallons produced annually ¹	\$1,992	\$1,850	\$2,100	\$2,200
Financial Management, Internal Services & Sustainability	Percentage of lost/unaccounted for water (non-metered water due to leaks, theft, meter inefficiencies, etc.) ²	6.37%	6.50%	6.50%	6.50%
	Number of sanitary sewer overflows	0	0	0	0
	Total wastewater service costs (dollars) per million gallons generated annually ¹	\$3,287	\$4,450	\$3,900	\$4,100

Analysis of Performance

1. Based only on direct operation and maintenance costs. Operating expenditures are increasing due to aging infrastructure requiring costlier maintenance or replacement.
2. According to the Arizona Department of Water Resources (ADWR), lost/unaccounted for water should not account for more than 10% of water losses annually.

Utility Services – Water Operating

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). This remaining variance is related to vacant positions and recruitment.

Supplies & Services:

The Water Admin Division represents the costs associated with the management and oversight of the Town's water utility. Overall, the budget is estimated to increase by about 12% or \$401K in FY 2019/20. Due to projected revenue growth, a \$244K increase in utility franchise fees and a \$37K increase to return on investment (ROI) costs are included in the budget as these expenses reflect a portion of total water utility revenues. Additional costs include a \$51K increase related to conferences and training and a \$50K increase in legal services.

Utility Services – Water Operating

Department Support Costs:

Support costs (overhead) consist of charges from the General Fund for internal services such as Human Resources, Finance, Payroll, IT, Town Manager, and Town Clerk. Any changes identified in this budget are the result of a service or support change from supporting departments. In FY 2019/20, department support costs are projected to increase by \$90K driven primarily by Information Technology (IT) at \$75K.

Capital Outlay:

The capital outlay budget funds the purchase of new and replacement vehicles, equipment, and rolling stock. While no new purchases are planned, vehicle and equipment replacement costs are projected to remain steady at \$385K in FY 2019/20.

Contingency:

Each year, an operational contingency equal to 3% of operating expenditures is included in Water’s Administration division. Due to various unexpected costs that are incurred throughout the year, this total is typically reallocated in full by the end of each fiscal year leading to the zero balance displayed in FY16-19 above.

Transfers Out – Debt Service:

Budget in this category represents the non-growth share of debt service and is adjusted annually per the debt service schedule. Please refer to the Debt Section for additional information and details.

Transfers Out – CIP:

Budget in this category represents the non-growth share of infrastructure improvements that are planned for FY 2019/20.

Program Operating Budget – Water Engineering

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The remaining increase is related to a new incumbent hired at a rate that exceeded the original budget for the position.

Supplies & Services:

The Water Engineering Division is responsible for the oversight of the Utilities Capital Improvement Program. The Supplies and Services budget consists of professional and technical services from outside engineering and consulting firms. In FY 2019/20, this division is projecting a \$50K increase for consulting costs related to water resource planning.

Utility Services – Water Operating

Program Operating Budget – Water Field Ops (Meters)

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The decrease is related to a position added during FY 2018/19 (Flexnet Analyst) which was ultimately placed in a different department. This resulted in a reduced current year budget, which was then offset with compensation increases for the year.

Supplies & Services:

The Field Ops (Meters) Division is responsible for the installation, maintenance, and monthly reading of meters and their associated components. The Supplies and Service budget consists of shop supplies and meter reading software support. This division is projecting a decrease of \$132K in meter replacement expenses as these costs are being partially offset by the meter replacement project (WA139).

Program Operating Budget – Water GIS

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The increase is slightly less than expected due to employee movement within the organization.

Supplies & Services:

The Water GIS Division provides visual and spatial data of the Town’s water system. The location based mapping assists with identifying buried assets, optimizing performance, and extending the life of the utility’s assets. A nominal increase of \$6K (38%) is projected due to elevated Blue Stake membership fees and software support costs.

Utility Services – Water Operating

Program Operating Budget – Water Irrigation

Division by Category	FY 2015/16 Actual	FY 2016/17 Actual	FY 2017/18 Actual	FY 2018/19 Revised	FY 2019/20 Adopted	From Prior Revised

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The FY18/19 budget for new positions was higher than the rate at which the new employees were hired. When factoring in current rates and compensation increases the FY 2019/20 budget was able to come down slightly.

Supplies & Services:

The Water Irrigation Division provides Flood Irrigation Services to approximately 350 residential customers as well as various schools and contractors. The Supplies and Services budget totals \$160K and supports a number of contracted irrigation services. A nominal decrease of \$10K (6%) is projected in FY 2019/20 due reductions in consulting costs.

Program Operating Budget – Water Construction and Inspection

Division by Category	FY 2015/16 Actual	FY 2016/17 Actual	FY 2017/18 Actual	FY 2018/19 Revised	FY 2019/20 Adopted	From Prior Revised

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The remaining increase is related a new 1.0 FTE Inspector position for FY 2019/20, estimated at \$79K. Growth within the Town and current and expected construction has put pressure on the Town to continue to meet existing service levels.

Supplies & Services:

The Water Construction and Inspection Division is responsible for managing in-house construction and inspection services. The supplies and services budget of \$30K includes \$25K for outside engineering services as well as \$5K for shop supplies. The increase totaling \$7K reflects on-going supplies and support costs for the new CIP Inspector position.

Utility Services – Water Operating

Capital Outlay:

Additional capital costs displayed above (\$47,750) represent the vehicle costs associated with the approved Inspector position.

Program Operating Budget – Water Conservation

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute).

Supplies & Services:

The Water Conservation Division provides programs to educate residents on how to sustainably manage their water usage. The largest expense in this category is for conservation outreach which includes marketing and educational materials as well as signage and outreach activities for HOA's, schools, business, and residential customers totaling \$105K. Overall, this division's supply and service budget is projecting a decrease of \$26,330 due to the cessation of the Reduce the Use campaign and Xeriscape Garden projects.

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The remaining increase is related to a new 1.0 FTE M&O Specialist in FY 2019/20, estimated at \$71K and required due to the growth and expansion of the Town's expanding water system.

Utility Services – Water Operating

Supplies & Services:

The Water Distribution Division is responsible for the maintenance and repairs of the Town’s wells and water delivery systems. Overall, the budget is estimated to increase by about 33% or \$1.56M in FY 2019/20. Additional costs include a \$1.0M increase to well site electricity and a \$48K increase to chemical costs due to the addition of eight new wells. The division is also projecting a \$430K increase to well site repairs and maintenance due primarily to system growth.

Capital Outlay:

The Water Distribution Division requested four new pieces of equipment in FY 2019/20 totaling \$766K. Equipment costs include:

- \$571K for the replacement of a vacuum truck
- \$56K for a new propane forklift
- \$54K for a new truck for a new full-time temporary Utility Project Manager
- \$45K for a new truck for a new full-time M&O Specialist
- \$40K for a new truck for a new full-time temporary CIP Inspector

Program Operating Budget – Water Resources

Division by Category	FY 2015/16 Actual	FY 2016/17 Actual	FY 2017/18 Actual	FY 2018/19 Revised	FY 2019/20 Adopted	From Prior Revised

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The cost is higher than expected due to the current incumbent in the position exceeding what the original budget established for the position.

Supplies & Services:

The Water Resources Division manages the Town’s water supplies and plans for the community’s future water needs. The FY 2018/19 Budget included \$70M for the acquisition of water rights and water extinguishment credits. This amount has been reduced to \$51M in the FY 2019/20 Budget.

Utility Services – Sewer/Wastewater Operating

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a merit increase of up to 3%, based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute).

Utility Services – Sewer/Wastewater Operating

Supplies & Services:

The Sewer/Wastewater Operating fund accounts for the operation and administration of the Town's sewer and wastewater systems as well as the Greenfield Water Reclamation Plant (GWRP) – a shared wastewater treatment plant operated by the City of Mesa under an intergovernmental agreement (IGA) between Mesa, Gilbert, and Queen Creek.

While increases are projected for operations and maintenance costs related to GWRP (\$117K, 8%), franchise fees (\$114K, 43%), and legal services (\$95K, 1900%), this division's supply and service budget is projected to decrease by \$143K due to GWRP's revised IGA which no longer requires a contingency allotment (\$50,000) and a repair and replacement reserve (\$415,920) to be set aside.

Support Costs:

Support costs (overhead) consist of charges from the General Fund for internal services such as Human Resources, Finance, Payroll, IT, Town Manager, and Town Clerk. Any changes identified in this budget are the result of a service or support change from supporting departments. Department support costs for Sewer are projected to remain stable in FY 2019/20.

Capital Outlay:

The capital outlay category contains funds for the purchase of new vehicles and equipment as well as the anticipated replacement of equipment and rolling stock. Costs in this category are estimated to fall by \$10K (25%) in FY 2019/20 due to the elimination of an underutilized line item.

Transfers Out – Debt Service:

Budget in this category represents the non-growth share of debt service and is adjusted annually per the debt service schedule. Please refer to the Debt Section for additional information and details.

Transfers Out – CIP:

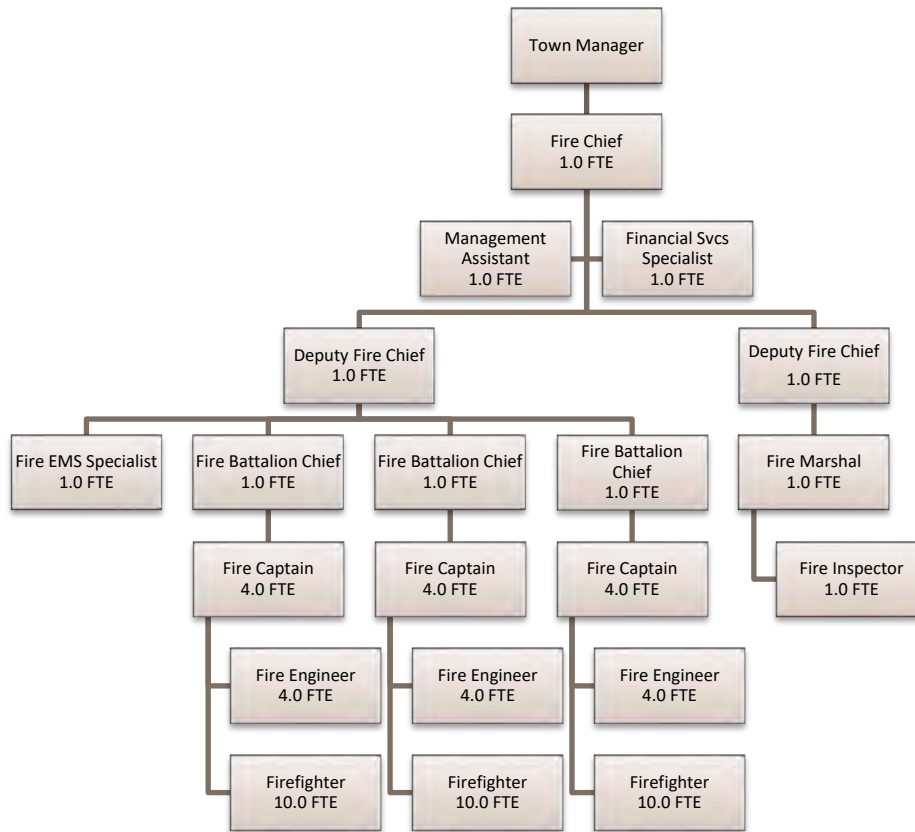

Budget in this category represents the non-growth share of infrastructure improvements that are planned for FY 2019/20.

FY 2019/20
Budget

Fire & Medical

Department Description and Programs

The Emergency Services Department provides programs and services that fall into two broad categories:

1) Emergency Services

Emergency services are provided to the citizens of Queen Creek by the Operations, Medical and Public Safety Divisions. These divisions are responsible for 911 responses to fires, medical emergencies, hazardous materials emergencies and technical rescue, as well as disaster response to a major or widespread incident in the Town. The Operations Division also conducts code enforcement, public safety education and safety preparations for special events.

Queen Creek’s contract for police services with the Maricopa County Sheriff’s Office (MCSO) is also administered by the department. These services consist of patrol, crime prevention, investigations, school resource officers and district command oversight.

2) Non-Emergency Services

Non-emergency services support the response capabilities for the department’s paramedic engine companies and include the Administration, Training, and Resource Management Divisions.

Department Mission

- Prevent or minimize the loss of life and property for our citizens through emergency planning and the response of skilled fire crews
- Provide the highest level of emergency medical services to each Queen Creek citizen and family

Fire & Medical

Department Mission (cont'd)

- Successfully mitigate the potential damage of man-made or natural disasters in cooperation with neighboring communities, county governments, and the State of Arizona
- Promote fire, safety, and medical training for families and businesses throughout the community
- Foster goodwill within the community by developing mutual respect and trust
- Safeguard the economic and environmental base of the Town and its neighbors

Strategic Priority

Safe Community

FY 2019/20 Objectives

- Continue efforts towards a reduction in overall response times through progressive, enhanced emergency service delivery to the east side of Queen Creek. Examples of these services include the opening of a permanent Fire Station #4 in the northeast part of Queen Creek in June 2020 and the continued staffing of the temporary Fire Station #5 in the southeast part of Queen Creek in June of 2020, pending the outcome of future annexations.
- Recruit, hire and train 15 new firefighters to staff the temporary Fire Station #5. This would also include promoting three Captains and three Engineers.
- Continue working with Maricopa County Sheriff's office and the school districts as well as other community partners in on-going training for hostile events within the community. These response plans will include working with regional fire department partners and Maricopa County Sheriff Office, District 6.
- Begin planning phases to add future buildings included in the Capital Improvements Plan that include a permanent Fire Station #2 (FY 20/21) and a Resource/Skills Center Building (completion date not determined).
- Continue to grow and support our public education program for a safe community. Examples include public interactions during school programs, fire safety talks during station and truck tours, CPR programs for the community and drowning awareness.
- Two additional 40-hour support positions include: a Fire Inspector and an Emergency Medical Services Specialist. These positions would support the Fire Prevention and Emergency Medical Divisions of the fire and medical department respectively.
- Place into service Queen Creek's first ladder truck in the fall of 2019. This piece of equipment will supplement and increase the level of service provided to Queen Creek residents.
- Develop a Strategic Plan for the Queen Creek Fire and Medical Department.

Fire & Medical

Staffing by Division					
Division	FY 2015/16 Actual	FY 2016/17 Actual	FY 2017/18 Actual	FY 2018/19 Revised	FY 2019/20 Adopted
Administration	4.00	4.00	4.00	4.00	4.00

Department FTE	36.00	51.00	51.00	63.00	65.00

FTE Changes

Included in the FY 2019/20 Adopted Budget are two additional positions: an EMS Specialist to aid in training, management of certifications and other medical related best practices, and a Fire Inspector/Investigator which will help with commercial inspections and fire investigations. During FY 2018/19 the Town recruited for the staffing of Fire Station #4 which resulted in the hiring of 12 additional sworn staff (6 Firefighters, 3 Fire Engineers, 3 Fire Captains), and a Deputy Chief to help manage the growing operations. There was additional re-organization within the department moving supervisory staff in alignment with existing staff. Similarly, in FY 2016/17 the Town hired 15 additional sworn staff for the operations at Fire Station #3.

Program Performance – Non-Emergency

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Public Safety	Number of emergency response training hours per operations employee ¹	Fire: 297 Medical: 76 Rescue: 51	Fire: 250 Medical: 75 Rescue: 25	Fire: 300 Medical: 100 Rescue: 25	Fire: 250 Medical: 76 Rescue: 25
	Number of annual commercial occupancy inspections, by Risk Category ²	High: 88 Medium: 39 Low: 26	High: 168 Medium: 44 Low: 105	High: 180 Medium: 50 Low: 88	High: 168 Medium: 44 Low: 105
Public Safety /Community Involvement	Child car seat installations	68	60	58	68
	Public Education program hours delivered ³	542	260	500	300
	Community CPR course participant certifications earned ⁴	N/A	N/A	1,000	1,000

Analysis of Performance

1. To perform emergency response training required to meet National Fire Protection Association (NFPA) standards, state statutes, federal mandates, Insurance Services Office (ISO), and local requirements.
2. High-risk occupancies inspections are conducted by the Fire Marshal once every year. Medium and Low risk occupancies are inspected by Fire Operations staff once every two years and once every three years, respectively.
3. FY 2018/19 eight members of the department became Certified Child Car Seat Technicians and are hosting monthly car seat inspection events where the public can attend and receive instruction on installation.
4. This is a new program beginning in FY 2018/19 and is a strategic initiative to train 10% of the Town’s population in CPR

Program Performance – Fire Emergency

Key Result Area	Program Performance	Actual FY2017/18	Target FY2018/19	Projected FY2018/19	Target FY2019/20
Public Safety	Number of emergency response incidents / response time.	3,832/ 4:40	4,206/ 4:40	4,500/ 4:00	4,900/ 4:00
Public Safety & Community Involvement	CERT Basic Training Class Delivered ¹	1	1	1	1
	Disaster Management and Awareness Training Classes Delivered ²	3	3	3	3

Analysis of Performance

1. Community Emergency Response Team (CERT) is a disaster training program designed to teach citizens basic emergency preparedness skills to help themselves, their families, and their neighbors in the event of a catastrophic disaster where emergency services personnel will be unable to respond immediately.

Fire & Medical

- Delivering disaster preparedness and awareness training classes, demonstrations and presentations to the community (CERT continuing education).

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a 5% step program for Sworn staff which is based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased based on the actuarial results and statute. In the Public Safety Personnel Retirement System the rate paid by the employee and Town vary depending on the hire date of the employee and in certain instances the employee's plan selection. Non-sworn personnel budgets include a merit increase of up to 3%, based on employee performance and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The remaining increase is due to the new Deputy Fire Chief position.

Supplies & Services:

The increase in this category is due to funding a CPSM Public Safety staffing and response study at \$50K through the Center for Public Safety Management. This is to ensure the department is providing service at a level that meets standards and complies with best practices.

Support Costs:

Support costs (overhead) are the charges from the General Fund for services such as Human Resources, Finance, Payroll, Information Technology (IT), Town Manager and Town Clerk. Overall this is an increase of 9% related to these services.

Contingency:

Contingency is recalculated and reset annually at 3% of operating costs.

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a 5% step program for Sworn staff which is based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased based on the actuarial results and statute. In the Public Safety Personnel Retirement System the rate paid by the employee and Town vary depending on the hire date of the employee and in certain instances the employee's plan selection actually elected by new employees. The remaining increase is due to realigning all existing Battalion Chiefs to reside in the Operations budget.

Supplies & Services:

The increase in this category is related to dispatch services increasing by \$13K or 20% due to run volume. Other increases are training costs by \$15K due to a larger sworn work force, and smaller increases in other supplies totaling \$26K, largely related to the sworn work force increasing by over 30% due to staffing fire station #4.

Capital Outlay:

The increase in this category is related to increases to the TOPAZ agreement costs. As the town grows and run volume increases, the Town will continue to see the fees associated with dispatch and automatic aid increase.

Budget Notes and Changes

Salaries and Fringes:

Beginning in FY 2019/20, all Battalion Chiefs will reside in the Fire Operations budget.

Supplies & Services:

The FY 2018/19 budget included one-time costs associated with a fire academy. While this expense was removed, this savings was partially offset by an increase for small equipment and training.

Program Operating Budget - Fire Prevention

	% Change from Prior	5%	6%	19%	85%		

Budget Notes and Changes

Salaries and Fringes:

Personnel budgets include an allowance for a market increase of 2.1% (tied to Bureau of Labor Statistics Cost Indexes), as well as a 5% step program for Sworn staff which is based on employee performance. Medical Premiums increased 4.2% and annual pension rates increased based on the actuarial results and statute. In the Public Safety Personnel Retirement System the rate paid by the employee and Town vary depending on the hire date of the employee and in certain instances the employee's plan selection. Non-sworn personnel budgets include a merit increase of up to 3%, based on employee performance and annual pension rates increased by 2.5% from 11.8% to 12.1% (driven by statute). The remaining increase is related to a 1.0 FTE Fire Inspector/Investigator position added during the FY 2019/20 budget, estimated at \$110K.

Fire & Medical

Supplies & Services:

The increase in this category is related to the new position and costs of onboarding a new employee. There is also a Town-wide initiative to train 10% of the Town population in CPR within 5 years. The budget includes \$20K in initial funds to begin this program.

Capital Outlay:

This category represents the one-time purchase of a Town vehicle for the new position.

Program Operating Budget - Fire Resource

Budget Notes and Changes

Salaries and Fringes:

Beginning in FY 2019/20, all Battalion Chiefs will reside in the Fire Operations budget.

Supplies & Services:

The large increase in FY 2019/20 is related to the one-time purchase of personal protective equipment for \$300K. Due to health and safety reasons, the department wants to purchase a back-up set of PPE for each sworn fire member. The department also shifted approximately \$70K from Supplies and Services to Capital Outlay to begin funding new and replacement radio purchases.

Capital Outlay:

The FY 2019/20 budget in this category is for the one-time purchase of a new pumper truck for \$943K. This represents the majority of the request in this category. The Town is also purchasing additional radios throughout the year for new staff.

Transfers Out - CIP Funding:

The amount in FY 2019/20 budget in this category is for the one-time purchase of a new pumper truck for \$943K. The department will also purchase additional radios throughout the year for new staff.

	% Change from Prior	9%	4%	25%	7%		

Budget Notes and Changes

Supplies & Services:

The contract with Maricopa County Sheriff’s Office (MCSO) for law enforcement services has increased for the 2019/20 fiscal year. The primary drivers are additional Sherriff staff, increased pension costs and overtime hours. The Town has reserved the Town’s estimated share of the MCSO unfunded liability (\$19.3M) and will use this reserve towards reducing the unfunded liability portion of the annual pension expense. Approximately 74% of the pension cost included in the MCSO contract is attributed to the unfunded liability with Public Safety Pension Retirement System (PSPRS). By reserving this amount in fund balance, annual revenues are not needed to cover that portion of the cost. This amounts to a savings of about \$1.7M annually.

The contract included an increase of \$240K related to a 3% indirect cost allocation the Sheriff’s Office is now charging on the contract.

Transfers Out – CIP:

Reduced due to one-time purchase of new equipment needed for the newly established beat, as well as the non-growth funding share related to Fire Station #4 that were included in the FY 2018/19 Revised Budget.

Centralized Services

Department Description and Programs

The Centralized Services group of the General Fund contains expenditures for resources used by all departments or those that cannot be applied to individual departments. They are not reported in individual departments' base budgets due to the high cost and variable nature of the expenses. These include obligations such as:

- Town support of local non-profit agencies that provide social services for residents
- Town liability and casualty insurance premiums
- The Town's charge from ADOR to administer the transaction privilege tax collection system
- Town dues and memberships in the Maricopa Association of Governments (MAG), League of Arizona Cities and Towns, and Alliance for Innovation
- The Town's annual assessment as a member of the Phoenix-Mesa Gateway Airport Authority
- Taxes on property owned by the Town
- Utility payments for Town facilities
- Transportation Development Agreements
- Transfers to fund debt service and capital programs

FY 2019/20 Objectives

- Monitor and control overhead expenditures, providing efficient and effective services to internal stakeholders, ensuring security and protection of Town interests, and ensuring payment of Town obligations

*Non-Profit historical actuals are only reflective of monetary support. In-kind services are an absorbed expense in the appropriate departmental budget.

Budget Notes and Changes

Supplies & Services:

Supplies and services covers Town utility costs, liability insurance, contracts for auditing, studies and tests, and other town-wide professional and general services not specific to any one department.

Centralized Services

Non-Profit Support:

Annually the Town accepts applications from non-profit groups requesting support for the programs they offer to the Queen Creek community. In February 2014, Town Council established a total funding level of not more than 0.2% of the General Fund expenditures be allocated to fund non-profit agency requests in total for both monetary as well as in-kind services. It is Council's objective that funding provided offers direct benefit to Queen Creek residents. The maximum funding level established for FY 2019/20 is \$51,380. The total award recommendation for FY 2019/20 is \$27,944. The Town will consider providing monetary support and/or in-kind services for FY 2019/20 not to exceed the amounts specified for the following agencies:

Entity	Program Name	FY 18/19 Approved	FY 19/20 Adopted
Monetary Support			
American Legion	Legion Programs	3,000	1,400
American Legion Auxiliary Unit #129	Girls State Program	1,500	1,200
Pan de Vida Foundation	Health and Community Fair	7,500	5,000
American Cancer Society	Relay for Life	1,500	2,000
About Care	Support Services for the Homebound	5,000	5,000
Community Alliance Against Family Abuse (CAFA)	Educate QC residents of abuse awareness/prevention	-	1,450
Total Monetary Support		\$18,500	\$16,050
In-Kind Support			
Queen Creek 4H	Various Events & Shows	7,000	6,950
Queen Creek 4H	Meeting Space	3,300	1,944
Pan de Vida Foundation	Health and Community Fair	3,500	-
American Legion	Office Space	3,000	3,000
American Cancer Society	Relay for Life	2,500	-
Total In-Kind Support		\$19,300	\$11,894
Total Town Support – Monetary and In-Kind		\$37,800	\$27,944

Centralized Services

Transportation Development Agreements:

These agreements are with the major developers to reimburse for their cost of public infrastructure they installed. The budgeted amount represents the anticipated reimbursement to Fulton Homes for infrastructure installed related to the Ironwood Crossing annexation approved in FY 2017/18. The agreement included permitting and impact fee waivers that the Town pays on the developer's behalf as permits are issued for new home construction in the Ironwood Crossing subdivision. The total reimbursement under the agreement is estimated at \$4.7M, based on 447 permits, each averaging about \$10,292 in waivers. Through FY 2018/19 a total of 327 permits are projected. The FY 2019/20 budget includes an estimate of 104 permits, which is a reduction from FY 2018/19.

CIP Transfers:

This is the support from the Operating Budget for cash funding the non-growth share of the Transportation Infrastructure Improvements. Funding for the following construction projects is included in the FY 2019/20 Budget:

- \$0.5M Trail extensions
- \$3.4M for Transportation projects

Debt Transfers:

The non-growth share of debt service is transferred from the Operating Budget to the Debt Service fund. The FY 2018/19 budget anticipates the following debt transfers:

- \$0.2M for the 2016 Refunded 2004B GADA Loan (Town Buildings)
- \$0.1M for the 2016 Refunded 2005B GADA Loan (Library)
- \$0.3M for the 2016 Refunded 2006A GADA Loan (Library)
- \$0.3M for the 2016 Refunded 2007 Excise Tax Bond
- \$3.1M for the 2018 Excise Tax Bond (Transportation) (this increased by \$0.5M from the prior year)

The increase of \$2.6M in this category is mainly the result of the two new debt issues:

- \$1.3M for New Debt related to Mesa Roads
- \$0.8M for an inter-fund loan that Transportation CIP Fund has to the Water Operating Fund for roads related to the Ironwood Crossing annexation.

Operating Transfers:

This is the FY 2019/20 budget support from the General Fund Operating Budget to Horseshoe Park, Emergency Services, and HURF.

Contingency:

The amount budgeted for FY 2019/20 is based on 3% of operating expenses in the General Fund and the HURF fund. The increase is the result of the calculation being reset, as well as contingency being reallocated in FY 2018/19 that reduced the revised budget.

Capital Program Overview

Capital Program Mission

With community input, Queen Creek will plan for sustainable infrastructure improvements that strengthen economic viability and quality of life, providing fiscal stewardship of public funds and balancing construction with the ability to effectively maintain and operate our current assets in a cost-effective and safe manner.

Capital Program Summary FY 2020-FY 2024

The capital budget process determines which major projects will be financed and constructed. Capital projects are those with high monetary value (typically more than \$50,000) that add to the capital assets or infrastructure of the Town. These projects are long-term in nature (more than one year) and are generally financed on a long-term basis.

Funding for capital programs is appropriated annually. However, due to the fact that these projects are rarely completed within the fiscal year, carry-forward contingencies are budgeted to cover purchase orders that remain open at the end of the fiscal year and for projects that were not expended or encumbered by fiscal year end.

During the annual budget cycle, the Town of Queen Creek prepares a five-year infrastructure/capital improvements program (IIP/CIP) budget. The CIP shown in this budget document provides estimates for the fiscal years ranging from FY 2019/20 through FY 2023/24 and identifies fiscal year needs and financing sources. The FY 2019/20 CIP program is balanced including the use of revenues, fund balances, transfers and bond proceeds; however, future years contain undetermined funding requirements that will be addressed prior to projects moving forward. New in FY 2019/20 is a delegation resolution option approved by Town Council allowing for a more streamlined CIP approval process. This change requires the funding for a project to be recognized entirely during the first year the project has activity, despite the likelihood the project will span additional years.

The Town of Queen Creek's capital program budget for FY 2019/20 amounts to \$157.2 million in expenditure authority for capital improvements related to General Government and Transportation. That amount includes \$66.6 million in new appropriations for capital projects, and \$90.6 million in carry forward appropriation for approved in prior years' budgets. Water and Wastewater CIP includes \$100.5 million in expenditure authority for capital improvements, which includes \$36.6 million in new appropriations for capital projects, and \$63.9 million in carry forward for projects approved in prior years' budgets. In total, the budget for new appropriations for capital improvements for FY 2019/20 is \$103.2 million. Other capital expenditures for studies as well as the growth portion of debt are shown in each of the capital and development fund's five-year financial forecast later in this section.

The Town Council adopts the five-year CIP on the same date as final adoption of the annual operating budget. Capital projects are scheduled throughout the five-year plan; however, only those projects scheduled during the first year of the CIP are financed and adopted as part of the annual budget. Details of the capital programs are presented in the following section along with funding sources.

Five-Year Capital Improvement Summary

Summary 5-Year CIP	FY19/20 Adopted	FY 20/21 Requested	FY 21/22 Requested	FY 22/23 Requested	FY 23/24 Requested	Total 5 year Projection

Major Funding Sources for CIP

Capacity Fees

Capacity charges are a tool used by municipalities to pay the proportionate share of costs for utility infrastructure needs attributable to new growth. With the purchase of the H2O Water Company in 2014, the Town's service area extends beyond the Town's incorporated boundaries. Since development fee legislation only allows for fees in service areas within municipal boundaries, it is more appropriate to implement capacity charges, which are the only method allowed by state statute to collect for system improvement both inside and outside town boundaries. Like development fees, capacity charges are one-time charges paid at the time of building permit issuance for new construction and are based on meter size.

Capacity charges are assessed for both the water and wastewater functions and were recently approved by Town Council on June 5, 2019 becoming effective July 1, 2019. Future revenue projections are based on projected development activity at the 2019 rates. The Study updated the charges based on Queen Creek's recently updated Infrastructure Improvement Plans that capture the growth related projects over the next ten years, which serves as a basis for setting the fees.

Total projected capacity charges revenue anticipated for FY 2019/20 amounts to \$5.0 million. This represents a (55%) decrease from the FY 2018/19 budget as a result of finalizing the rate study which reduces Water and Wastewater capacity fees and a forecasted reduction in Housing Permits.

Development Fees (Impact Fees)

Development impact fees are one-time payments assessed by the Town to help offset costs associated with providing necessary public services to new development. Currently, the Town of Queen Creek assesses six development fees, each housed in a separate fund, which will be discussed in further detail later in this section. Total projected development fee revenues anticipated for FY 2019/20 amount to \$6.2 million.

In 2011, Arizona's Fiftieth Legislature passed Senate Bill 1525, which legislated a series of significant changes to the calculation, collection, and use of development fees. This legislation fundamentally moved away from the principle of new growth paying for itself, and shifted the burden of paying for this infrastructure on to existing residents and businesses. In addition, city and town councils previously had the ability to determine what constitutes "necessary public services" for their communities; the new bill now narrowly defines what these are allowed to include. The law took effect on January 1, 2012 and included a series of implementation dates, with a requirement that all development fee programs become fully compliant by August 1, 2014. In response to the established deadlines, the Town Council passed Resolution 892-11 on December 21, 2011, which dropped fees from \$15,007 to \$13,883 per single family home. The last change for development fees under SB 1525 went into effect August 1, 2014, and further reduced the fees to \$6,794 from \$8,941 (excluding the sewer fee, which has been replaced with a capacity fee).

Future revenue projections are based on projected development activity at the 2019 Draft rates. Studies are underway to update the fees based on Queen Creek's recently updated Infrastructure Improvement Plan that captures the growth related projects over the next ten years, which is the basis for setting the fees.

The following is a table of fees collected by category for a single-family home with a standard three-quarter inch water meter. Commercial construction impact fees vary depending on type of commercial development and size of water connection.

Major Funding Sources for CIP

Category	FY 2018/19 Development Fees	DRAFT Development Fees
Library	\$ 723	\$ 167
Parks, Open Space & Recreational Facilities	\$ 3,681	\$ 3,022
Transportation	\$ 1,263	\$ 2,118
Public Safety (Police Services)	\$ 167	\$ 558
Town Buildings & Vehicles	\$ 470	\$ 76
Fire	\$ 490	\$ 1,025
Subtotal Impact Fees	\$ 6,794	\$ 6,966
Wastewater Capacity Fee*	\$ 5,082	\$ 2,901
Water Capacity Fee*	\$ 4,014	\$ 2,382
Total single family home fee	\$ 15,890	\$ 12,249

* Capacity fees effective date is July 1, 2019. Amounts included to reflect all fees collected at time of permitting.

Construction Sales Tax

Construction sales tax in the Town of Queen Creek is 4.25%, with 2.0% dedicated to financing projects in the Drainage and Transportation Fund. Effective in FY 2016/17, this funding source is also utilized to reimburse major development for the growth share of their contributions to transportation. This funding source also pays the growth share of debt service related to the Ellsworth Loop Road construction. For FY 2019/20, dedicated construction sales tax is projected at \$4.9 million.

Building Permit Activity

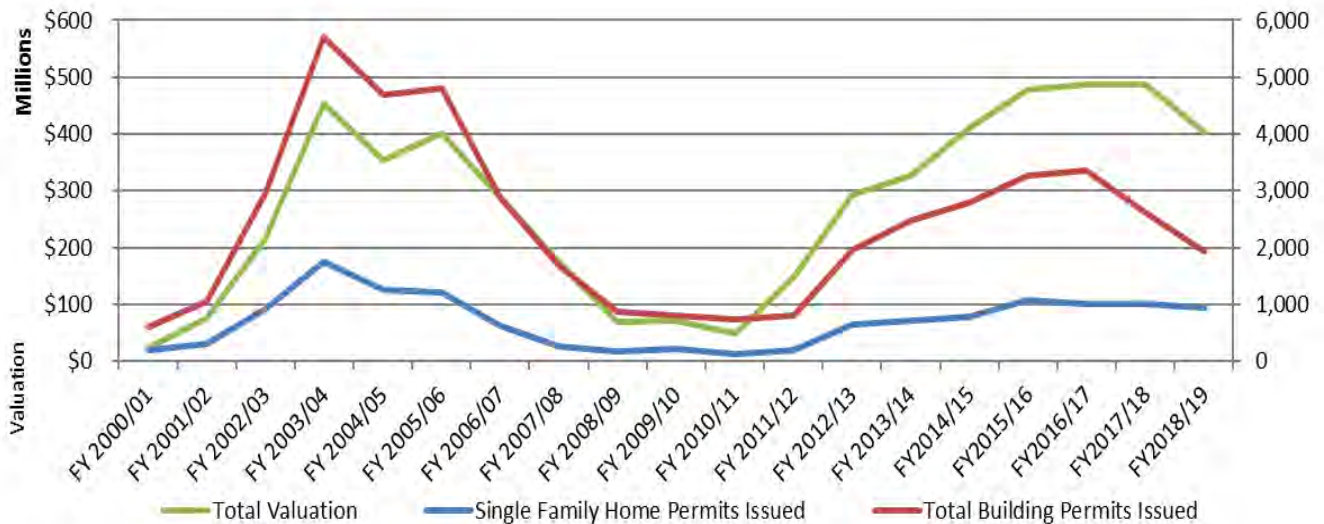

Since impact fees, capacity charges and construction sales tax are dependent on new construction, building permit activity is tracked and monitored throughout the year, with projections for future permitting estimated as part of the annual budget process. A table and chart of single family home activity, total building activity and total valuation of permits since FY 2001 follows.

The increase in valuation in FY 2011/12 was due to commercial permitting of light industrial, office/institution and charter schools in the Town.

Carryover Budget

As part of the Capital Budgeting process an assessment is made on the estimated completion of projects at year-end. In the event a project will not be completed within the fiscal year, provisions are made to move the remaining project budget into the next fiscal year. This process is completed on a project by project basis.

CIP Impacts on Operations & Maintenance

The CIP has direct and often substantial impacts on the operating budget expenditures. Once completed, most capital projects require ongoing costs for operation and maintenance. Examples of this include: utilities and maintenance for new facilities and street lights; regular sweeping for roadways as well as occasional crack filling, patching, and replacement; rights-of-way (such as medians and shoulders) require irrigation, weeding, and ongoing maintenance. Some projects even require additional employees be added to staff in order to maintain levels of service.

Departments submitting capital projects estimate the operations and maintenance costs of each project based on operating costs and levels of service the Town has adopted. Additionally, departments consider if a project has the potential of producing revenues or savings in other areas of the organization.

Net operating costs are part of new project requests and are included in the long-range forecasts of the respective operating fund. Operating budget impact is a key criterion in deciding which projects to fund and when. When the Town cannot afford the additional operations and maintenance costs of a project, the project will not be funded. Departments must submit a supplemental request to obtain the additional budget allocation needed to operate and maintain capital projects. Supplemental requests for CIP operation and maintenance costs, like all expenditures, must compete with other funding requests.

Since substantial CIP funding has been approved over the past couple of years, the Town is currently assessing all maintenance and operation costs associated with infrastructure, for both existing as well as the future, to ensure adequate planning for long-term maintenance and operations cost. This data is used to:

- Ensure current maintenance and operation practices are sufficient for existing infrastructure
- Funded CIP maintenance and operations are planned for adequately
- Establish base-line maintenance and operations forecasts for potential future CIP considerations

The following are projections of operating and maintenance costs of projects that have recently been completed or are in the FY 2019/20 budget. It is not anticipated that a savings or new revenue stream will be realized through any FY 2019/20 capital projects.

Major Projects in Progress

I0010 - Ellsworth & Queen Creek Road Intersection

Phase 2 consists of the following improvements on Ellsworth Road from Walnut Road to Ryan Road and 1/8 mile east on Queen Creek Road:

- Realignment and softening of the Ellsworth Loop/Ellsworth Road curve at the Queen Creek Road intersection to improve traffic flow and movement
- Street improvements to widen Ellsworth Road to three lanes in each direction from Walnut to Ryan
- Drainage, irrigation and waterline improvements
- Sidewalk and landscape improvements
- Traffic signal improvements

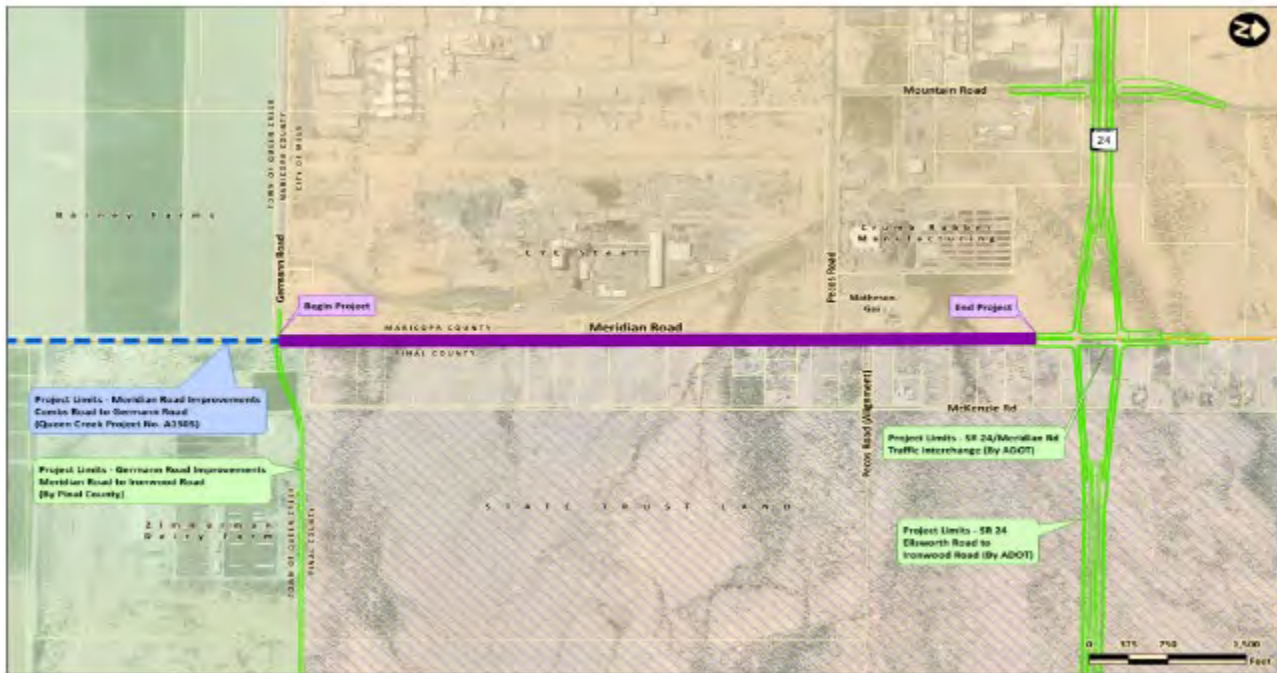

Design: Fall 2015 – Spring 2019
Construction: Spring 2019 – Fall 2020
Status: Currently under construction

Projected Inception to Date Expenses: \$3.8M
FY 2018/19 Budget Carry forward: \$1.7M
FY 2019/20 Budget (new): \$1.1M
Estimated Project Total: \$6.6M

Major Projects in Progress

A1506 - Meridian Road – Germann to SR24

A joint project with Pinal County to design and construct an improved half street to extend Meridian Road north from Germann Road to new State Route 24 including two lanes of pavement (one lane in each direction) and associated drainage improvements along the east side of the street. Remaining half-street improvements will be completed as development occurs.

Design: Spring 2019 – Fall 2019
Construction: Spring 2020 – Spring 2022
Status: In Design

Projected Inception to Date Expenses: \$-
FY 2018/19 Budget Carry forward: \$-
FY 2019/20 Budget (new): \$TBD
Estimated Project Total: \$8.6M

A1404 – Power Road – Brooks Farms to Chandler Heights

The project consists of design and construction to widen the existing roadway to three lanes in each direction with center left turn lane, curb and gutter, bike lanes, and sidewalks. Improvements will include under grounding utilities and full intersection improvements at Chandler Heights Road.

Major Projects in Progress

A1404 – Power Road – Brooks Farms to Chandler Heights – cont’d

Design: Fall 2018 – Spring 2019
Construction: Spring 2019 – Fall 2020
Status: Construction to start shortly

Projected Inception to Date Expenses: \$TBD
FY 2018/19 Budget Carry forward: \$3.2M
FY 2019/20 Budget (new): \$4.5M
Estimated Project Total: \$7.7M

A1505 - Meridian Road – Coombs to Germann

The project consists of design and construction of various half street improvement segments and a full street width multi-barrel culvert crossing of Queen Creek Wash to include paving, curb and gutter, sidewalks, drainage, traffic signals and street lights. Adjacent development will build the other half street as it occurs.

Design: Spring 2019 – Fall 2019
Construction: Spring 2020 – Fall 2021
Status: In Design

Projected Inception to Date Expenses: \$ -
FY 2018/19 Budget Carry forward: \$1.0M
FY 2019/20 Budget (new): \$7.4M
Estimated Project Total: \$8.4M

Major Projects in Progress

A1505 - Meridian Road - Coombs to Germann cont'd

Major Projects in Progress

MF007 – Fire Station #4

Queen Creek's Fire Station 4, which will be located at the intersection of Queen Creek Road and Signal Butte Road (approximately 1/4-mile north of Queen Creek Road on the east side of Signal Butte Road) will begin design soon.

2 EXTERIOR ELEVATION - SOUTH

1 EXTERIOR ELEVATION - WEST

Design: Fall 2019 – Spring 2020

Construction: Spring 2020 – Spring 2021

Status: In Design

Projected Inception to Date Expenses: \$-

FY 2018/19 Budget Carry forward: \$5.9M

FY 2019/20 Budget (new): \$1.1M

Estimated Project Total: \$7.0M

Fund Description and Relation to Corporate Strategic Plan

This fund accounts for the major transportation projects in the Town. Bond proceeds of \$65M were received in FY 2017/18 to fund projects anticipated over the next few years. Projects over the next five years are listed in the next table. Funding for these projects comes from bond proceeds, the operating budget, transportation impact fees, a portion of construction sales tax, and third parties. An allowance of \$21M is included in FY 2018/19 in anticipation of an Intergovernmental Agreements with neighboring jurisdictions to address roadway improvements leading out/into Town, the financing of which is still to be determined. The FY 2019/20 budget also includes project management costs of \$1M. Given the size of the transportation IIP, the contingency amount included for FY 2019/20 is \$67.7M – of which \$62.7M is for projects currently under contract or approved in prior years that need to carry forward. In addition, \$5M of expenditure authority is included for any unplanned projects that may arise after budget adoption.

Strategic Priorities that relate to the Drainage & Transportation fund are

Superior Infrastructure

Capital Funds Five-Year Projections

Fund Description and Relation to Corporate Strategic Plan

General Capital Improvement is the Town's primary capital fund for municipal facilities. Revenues into this fund are primarily transfers in from operating and development fee funds. Construction of the Town's newest fire station is included in the FY 2018/19, along with the fire apparatus needed for the new station. Funding is split between the Operating Budget (18%) and Impact Fees (82%). Public Safety equipment is also anticipated for a new patrol/traffic unit with funding from the Operating Budget (50.6%) and Impact Fees (49.4%).

Strategic Priorities that relate to the General Government CIP fund are:

Effective Government

Superior Infrastructure

Safe Community

Capital Funds Five-Year Projections

Utility Enterprise Funds

The funding mechanisms for utility infrastructure improvements are capacity charges collected from new construction permits from improvements attributed to growth, and user rates for improvements attributed to non-growth (repair/replacement of existing infrastructure). Capacity fees are also used to make debt service payments on the growth share of capital that was financed, as identified in the current Capacity Fee Study from 2019.

Fund Description and Relation to Corporate Strategic Plan

This fund accounts for the Wastewater Capacity fees, which, like impact fees, are assessed at the time of building permit issuance and are based on water meter size. The capacity fee for a single family home with a ¾" meter is \$2,901. Capacity fees are used towards growth projects identified in the Wastewater Infrastructure Improvement Plan (IIP). The non-growth share is funded by a transfer in from the Wastewater/Sewer Operating Fund.

Strategic priorities that relate to the Wastewater Capacity/CIP Fund are:

Effective Government

Secure Future

Superior Infrastructure

Fund Description and Relation to Corporate Strategic Plan

This fund accounts for the Water Capacity fees, which, like impact fees, are assessed at the time of building permit issuance and are based on meter size. The capacity fee for a single family home with a ¾" meter is \$2,382. The debt service transfers represent the growth share of debt service related to the purchase of the H2O Water Company. Capacity fees are also used towards growth projects identified in the Water Infrastructure Improvement Plan (IIP). The non-growth share is funded by a transfer in from the Water Operating Fund. Since the Town is currently in the process of recalculating the capacity fee based on the update to the IIP, an estimation of a 50% split between growth and non-growth share was used in determining the operating transfer in. A list of projects follows.

Strategic priorities that relate to the Water Development/CIP Fund are:

Secure Future: Environment

Superior Infrastructure

Capital Funds Five-Year Projections

Development Fee Funds

Development impact fees charged by the Town are used to pay for the growth portion of new infrastructure. Impact fees are collected for the library, municipal government buildings, parks, transportation, public safety and fire. The following five-year projections are provided to show the revenues anticipated and the transfers out from the various development funds to cover growth share of debt for completed capital improvements, as well as any the growth share of new capital anticipated along with projected fund balances.

Fund Description and Relation to Corporate Strategic Plan

This fund accounts for the Transportation Impact Fee assessed on new building activity in Queen Creek. The current fee for a single family home is \$1,263 and is collected when a building permit is issued. This revenue is used to pay for growth share of Transportation Improvements and/or debt service related to those improvements. The debt service transfers represent the growth share of the 2018 Excise Tax Bond issued to fund roadway improvements. The Town recently updated its Transportation Infrastructure Improvement Plan based on current development needs, and a new Impact Fee is anticipated by the end of FY 2019/20.

Strategic priorities that relate to the Transportation Development Fund are:

Superior Infrastructure

Capital Funds Five-Year Projections

Fund Description and Relation to Corporate Strategic Plan

This fund accounts for the Parks Impact Fee assessed on new building activity within Queen Creek. The current fee for a single family home is \$3,681 and is collected when a building permit is issued. The Town is in the process of updating its Parks Master Plan to identify the needs for the growing community, which will also be the basis for an update to the Impact Fees.

The landfill park included in FY 2018/19 is being funded through a grant. Other improvements planned for FY 2018/19 are trail improvements along Queen Creek Wash and Sonoqui Wash, along with design work related to the next major park.

The debt service transfers represent the growth share of debt related to Parks land and Horseshoe Park as well as the new debt issue for West Park. The refinancing in 2016 resulted in substantial long-term savings, creating capacity for investment in new infrastructure.

Strategic priorities that relate to the Parks Development Fund are:

Superior Infrastructure

Fund Description and Relation to Corporate Strategic Plan

This fund accounts for the Public Safety Impact Fee assessed on new building activity within Queen Creek. The current fee for a single family home is \$167 and is collected when a building permit is issued. The 2018 Excise Tax Bond was issued for the growth share of the recent construction of the Public Safety Administration Building. Impact fees will be used to pay the debt service on this portion of the bond. In addition, impact fees will be used to fund 49.4% of equipment purchases needed for a new patrol/traffic unit anticipated in FY 2019/20.

Strategic priorities that relate to the Public Safety Development Fund are:

Fund Description and Relation to Corporate Strategic Plan

This fund is used to run beautification and business-related projects in Town Center. The funding mechanism for these projects is primarily the 0.25% dedicated sales tax charged within the major retail developments in Town Center. Included in the FY 2019/20 budget is continued operations of the Chamber of Commerce annex, the Façade Improvement program, decorative elements for Town Center, and funding for special events.

Debt service transfers for the non-growth share of the Improvement District debt have been moved to the Town Center Fund effective with FY 2018/19. A five-year inter-fund loan was provided from the Utility Funds for property purchased in FY 2016/17, with interest only payments due annually. While the principal is scheduled to be repaid in FY 2022/23 a portion of the amount outstanding was paid early.

Strategic priorities that relate to the Municipal Town Center Fund are:

Secure Future

Quality Lifestyle

Fund Description and Relation to Corporate Strategic Plan

The fund only accounts for the non-Town owned portion of the Improvement District debt service for the 2006 Improvement District Bond for the construction of Ellsworth Loop Road, which was refinanced in 2016, resulting in significant savings. Debt service is paid by property owners within the Improvement District. The Town owned share of property in the district accounts for 48% of the debt service and is included in the debt service fund, with funding transfers from the Construction Sales Tax Fund (75%) and the Town Center Fund (25%).

Strategic priorities that relate to the Special Assessment Fund are:

Effective Government

Fund Description and Relation to Corporate Strategic Plan

This fund accounts for the dedicated 2.0% construction sales tax rate. Construction sales tax is used to pay the growth share (75%) of the Transportation Development Agreements and debt related to the 2006 Improvement District and the 2007 Bond. In FY 2016/17, a number of inter-fund loans were authorized by Council in order to pay off development agreements (\$18.8M), as well as advance the funds (on a short-term basis) needed to pay the Construction Sales Tax share of roadway improvements included in the 2014 Transportation Infrastructure Improvement Plan (\$2.2M). In FY 2018/19 the inter-fund loan related to Wastewater (\$11.4M) is forecasted to be paid in full. After these obligations, any remaining construction sales tax revenues are then transferred to fund ongoing roadway improvements.

Strategic priorities that relate to the Construction Sales Tax Fund are:

Superior Infrastructure

Fund Description and Relation to Corporate Strategic Plan

This fund is used to account for the Town's self-insured medical benefits, as well as dental, vision and other insurances. Revenue to this fund is mainly derived from premiums charged to both the Town and employees. The premiums are collected each payroll for the Town's portion through an expense to the departments for the Town's share and payroll deductions for the employees' share. Revenues are also collected through insurance recoveries and interest earned. This fund provides payment of actual healthcare expenses, as well as claims administration and other benefit plan expenses.

Strategic priorities that relate to the Healthcare Self-Insurance Fund are:

Effective Government

Other Funds

Street Light Improvement Districts Fund (SLIDs)

Queen Creek uses SLIDs to recover the electric costs of streetlights installed within subdivisions throughout the community. SLIDs are funded through a special levy placed on the secondary property tax collections, with expenditures in the fund being primarily electrical costs. Each year the appropriation is based on anticipated actual electrical consumption within the districts for the upcoming year. At the time of budget development, the Town is anticipating 102 districts for FY 2019/20.

The expenditure budget will remain unchanged for FY 2019/20 at \$700,000.

A contract is in place with the local utility company, who owns the streetlights, to conduct all maintenance and operations of the lights in the SLIDs; however, this contract is set to expire in 2019 and will not be renewed by the utility company. The Town anticipates and has planned for the purchase of the utility owned streetlights during FY 2019/20 and has set funds aside for this purchase.

Community Events Fund

This fund was established to run recurring Town events. Currently, the Town runs the following annual events out of this fund:

- Trunk or Treat (October)
- Holiday Tree Lighting (December)
- Spring into QC (Springtime)
- 4th of July Fireworks
- Founder's Day (September)
- Town Center Block Party (February)

Revenues are generated through contributions and donations. With some exception, it is anticipated that events will be put on only to the extent to which they have collected contributions and donations in excess of the Town provided minimum funding. The General Fund provides \$25,000 in funding towards the events and the Block Party is specifically funded by a transfer from the Town Center Fund.

The total budget for all events in this fund is \$165,000 for FY 2019/20.

Grants Fund

A grants fund has been established to house anticipated grant revenue and equivalent expenses. If a grant is not received, then expenses do not occur. However, the Town does need to have sufficient expenditure authority to take advantage of grant opportunities. The Town anticipates the following grants for FY 2019/20:

- Personal Protection Equipment (PPE). The Town will be seeking a grant to purchase second sets of personal protection equipment (turnouts) for the Fire Department – a total of 65 sets (\$302K) – no cost sharing. This grant will alleviate the need to borrow turnouts from Gilbert while Queen Creek's are being cleaned/launched following fire calls.
- Updating Town Facilities. Proposition 202 funds are being sought to update certain Town facilities which are sublet to The Boys and Girls Clubs of the East Valley. The Parks and Recreation Department is seeking this \$150,000 grant on behalf of the Town, which works in partnership with The Boys and Girls Club .

Taking into account these grants, as well as providing expenditure authority for any new grant opportunities, The FY 2019/20 grants budget is set at \$2.0M.

Debt

Debt Capacity Analysis – Arizona Constitutional Limit

Under the provisions of the Arizona Constitution, outstanding general obligation bonded debt for combined water, sewer, light, parks and open space, transportation and public safety purposes may not exceed 20% of a municipality’s net assessed valuation, nor may outstanding general obligation bonded debt for all other purposes exceed 6% of a municipality’s net assessed valuation. The Town of Queen Creek has no outstanding general obligation debt at this time.

The Town of Queen Creek’s net valuation for FY 2019/20 is \$427,856,256. This includes both Maricopa County and Pinal County assessed values.

20% Debt Margin Limit:	\$ 85,571,251
Bonded Debt Outstanding:	<u>0</u>
Unused 20% Limitation Borrowing Capacity:	\$ 85,571,251
6% Debt Margin Limit:	\$ 25,671,375
Bonded Debt Outstanding:	<u>0</u>
Unused 6% Limitation Borrowing Capacity:	\$ 25,671,375

Debt Guidelines

The objective of the Town of Queen Creek’s debt management is two-fold: maintain the Town’s ability to incur present and future debt at the most beneficial interest rates for financing the adopted CIP, and ensure debt issuance does not adversely affect the Town’s ability to pay for essential Town services.

Analysis of every new debt issuance will be performed to ensure adequate debt capacity, as well as the Town’s ability to repay the debt. In addition, debt management policies of the Town will be followed.

Short-term borrowing or lease-purchase contracts will be considered for financing major operating capital equipment when it is determined to be in the Town’s best financial interest. Long-term debt will not be issued to finance current operations.

The Town has no immediate plans to issue General Obligation (GO) Bonds. While the Town prefers to rely on pay-as-you-go for financing CIP projects, the Town has issued debt in prior years for transportation, public safety, fire, and utility projects.

Town Debt by Type

General Obligation Bonds:

The Town does not currently have any General Obligation Bonds outstanding. GO Bonds are “full faith and credit” bonds, secured by ad valorem taxes levied without limit against all taxable property within the Town. The issuance of GO bonds, and the projects funded by GO bonds require voter approval.

Debt

Excise Tax and State-Shared Pledged Revenue Bonds

The Town has issued debt secured by a pledge of excise taxes and state-shared revenue. The Town’s bond rating for Excise Tax Bonds was recently upgraded by S&P and Fitch. The Town’s rating is at AA for both S&P and Fitch.

In FY2018/19, the Town issued \$49,450,000 of new short-term subordinate lien excise tax and state-shared revenue debt to finance the purchase of approximately 175,000 acre-feet of groundwater extinguishment credits. These credits will be used to offset the Town’s water acquisition requirements for future growth. The debt was issued as a private-placement with Bank of America at a variable interest rate that resets each month based on the current LIBOR rate. Although the Town pledged excise taxes to secure the loan, interest costs will be repaid from water utility revenues. The Town intends to refinance the debt with long-term financing during FY2019/20.

Town of Queen Creek, Arizona
Subordinate Lien Excise Tax and State-Shared Revenue Obligations, Series 2019 – \$49,450,000

The Town issued these bonds to purchase approximately 175,000 acre-feet of groundwater extinguishment credits. The bonds have a final maturity date in fiscal year 2020.

In FY2017/18, the Town issued \$65,960,000 of long-term excise tax and state-shared revenue bonds to provide funding for new transportation, public safety and fire projects. The debt was issued in two separate series in order to account for the Growth and Non-Growth portions of the projects. Series A accounts for \$47,945,000 of the total original principal amount and was issued for the Non-Growth portion of the projects. Series B accounts for \$18,015,000 of the total original principal amount and was issued for the Growth portion of the projects.

Town of Queen Creek, Arizona
Excise Tax and State-Shared Revenue Obligations, Series 2018 – \$65,960,000

The Town issued these bonds to provide \$57,330,000 for transportation projects and \$8,630,000 for public safety and fire projects. The bonds have a final maturity date in fiscal year 2048.

In FY 2016/17, the Town refunded all of its outstanding Governmental Debt using a single \$47.990 million excise tax and state-shared revenue bond, resulting in savings of \$12.5 million. Although the Town pledged excise taxes to secure the debt, the refunding bonds are being repaid from various funding sources based on a pro-rata share of each debt’s outstanding balance prior to the refunding. Accordingly, the Town’s budget tracks the annual debt service requirements using the name of the old refunded bonds, as shown below and on the following pages:

Greater Arizona Development Authority (GADA)
Infrastructure Revenue Bonds, Series 2004B – \$4,305,000

The Town used these funds for construction of a development service building and the acquisition of land for municipal purposes. The bonds have a final maturity date in fiscal year 2030.

Greater Arizona Development Authority (GADA)
Infrastructure Revenue Bonds, Series 2005B – \$1,470,000

The Town used these funds for the acquisition of land for a library and other municipal purposes. The bonds have a final maturity date in fiscal year 2031.

Greater Arizona Development Authority (GADA)
Infrastructure Revenue Bonds, Series 2006A – \$7,995,000

The Town used these funds to construct a library. The bonds have a final maturity date in fiscal year 2037.

Debt

Town of Queen Creek, Arizona

Excise Tax and State Shared Revenue Obligations, Series 2007 – \$18,210,000

The Town used these funds to provide funding for certain street intersection improvements, library improvements, park improvements and Town Hall improvements, as well as to refinance and repay in full certain outstanding lease-purchase obligations. The bonds have a final maturity date in fiscal year 2033.

Greater Arizona Development Authority (GADA)

Infrastructure Revenue Bonds, Series 2008A – \$985,000

The Town used these funds for improvements to the Horseshoe Park Equestrian Centre. The bonds have a final maturity date in fiscal year 2024.

Improvement District No. 001

Infrastructure Improvement Bonds, Series 2006 (Town portion) – \$15,025,000

The Town used these funds to pay for improvements to land owned by the Town in its central business district. The bonds have a final maturity date in fiscal year 2033.

In FY2013/14, the Town obtained financing of \$3,845,000 through the Greater Arizona Development Authority (GADA) to refinance a loan from 2003 that was used for wastewater system improvements. Although the Town pledged excise taxes to secure the debt, the loan is being repaid from wastewater utility revenues.

Greater Arizona Development Authority (GADA)

Infrastructure Revenue 2003 Refunding Bonds, Series 2014A - \$3,845,000

These bonds were issued to refund the 2003A issue used for wastewater system improvements. The bonds have a final maturity date in fiscal year 2029.

Improvement District Bonds

Improvement District (ID) bonds issued by the Town are secured by special assessments levied upon the real property included within the improvement district. These bonds do not constitute a general obligation of the Town and are not backed by general taxing power, but the Town is contingently liable for their payment in the event that the property owners within the District do not make payments. Statutory provisions require that ID bonds bear a single-interest rate, have a final maturity no longer than twenty-five years and three months, and pay principal on January 1. The Town currently has one outstanding issue of ID bonds.

The original 2006 Improvement District bonds were used to provide funds for improvements to land in the Town's central business district. Improvements included construction and installation of certain street improvements, railroad facilities relocation, storm drain facilities, pump stations, water and sanitary sewer facilities, landscaping, lighting, irrigation, and related appurtenances.

In FY2016/17, the Town refunded a portion of the 2006 bonds related to Town-owned property. The new debt was included in the Series 2016 excise tax refunding bonds explained above. The remaining Improvement District bonds for parcels owned by private parties was refinanced through a private-placement issue with CoBiz Public Finance, Inc. The bonds have a final maturity date in fiscal year 2030, and a property owner can pay off his portion of the debt at any time without penalty.

Debt

Improvement District No. 001

Infrastructure Improvement Bonds, Series 2016I (Private portion) – \$18,445,000

The 2016I Improvement District Refunding Bonds were issued on November 30, 2016, with an interest rate of 2.45% and a final maturity of January 1, 2030. This re-issuance resulted in \$4.8M in savings.

Water and Wastewater Pledged Revenue Loans

The Water Infrastructure Finance Authority of Arizona (WIFA) is an independent agency of the state of Arizona authorized to finance the construction, rehabilitation and/or improvement of drinking water, wastewater, wastewater reclamation, and other water quality facilities and projects. Generally, WIFA offers borrowers below-market interest rates on loans for up to 100% of eligible project costs.

The Town has two outstanding WIFA loans, both secured by a pledge of the revenues of the respective Water and Wastewater funds. The total outstanding principal balance of the two loans is \$36,734,340 as of June 30, 2019. The most recent WIFA loan was issued in FY 2013/14 to finance \$16 million of the total H2O Water Company purchase price of \$25 million.

The remaining balance of the purchase price for the H2O Water Company was financed through issuance of a 30-year tax-exempt municipal revenue obligation to H2O. The original principal amount for this portion of the purchase was \$19,425,089. The debt is secured by a pledge of water utility revenues.

WIFA approved the Town's request to amend the Town's debt service reserve requirements on the Town's WIFA loans to eliminate the need for debt service reserve funds as long as the Town maintains debt service coverage of at least 1.5 times. The amended reserve requirements released approximately \$6.5 million that will be used for future water and wastewater system needs.

Other – Capital Leases

The Town has utilized lease-purchase agreements for equipment in Grounds, Streets, and Fire. The original combined amount of these loans was \$2,580,922; the current outstanding balance as of June 30, 2019 is \$162,628.

The tables on the following page summarize the Town's outstanding obligations by debt type and the FY 2019/20 debt service requirements. The sources of payment for debt service are provided in the next section.

Budget Adoption Resolution

RESOLUTION 1260-19

Town of Queen Creek Resolution for the Adoption of the Budget Fiscal Year 2020

WHEREAS, in accordance with the provisions of Title 42, Chapter 17, Articles 1-5, Arizona Revised Statutes (A.R.S.), the Town Council did, on May 1, 2019, in accordance with adopted financial policies, make an estimate of the different amounts required to meet the public expenditures/expenses for the ensuing year, and did also make an estimate of revenues from sources other than direct taxation, and the amount to be raised by taxation upon real and personal property of the Town of Queen Creek, and

WHEREAS, in accordance with said chapter of said title, and following due public notice, the Council met on May 15, 2019, at which meeting any taxpayer was privileged to appear and be heard in favor of or against any of the proposed expenditures/expenses or tax levies, and

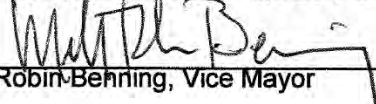

WHEREAS, it appears that publication has been duly made as required by law, of said estimates together with a notice that the Town Council would meet on May 15, 2019, at the office of the Council for the purpose of hearing taxpayers and making tax levies as set forth in said estimates, and

WHEREAS, it appears that the sums to be raised by taxation, as specified therein, do not in the aggregate exceed that amount as computed in A.R.S. §42-17051(A), therefore be it

RESOLVED, that the said estimates of revenues and expenditures/expenses shown on the accompanying schedules attached hereto as Exhibit 1, as now increased, reduced, or changed, are hereby adopted as the budget of the Town of Queen Creek for the fiscal year 2019/2020.

Passed by the Queen Creek Town Council this 15th day of May 2019.

FOR THE TOWN OF QUEEN CREEK

Robin Behring, Vice Mayor

ATTESTED TO:

Jennifer F. Robinson, Town Clerk

Glossary

A

Account – An organizational budget/operating unit within a Town department or division.

Accrual – A liability due to an expense for which no invoice has yet been received.

Actual – As used in the fund summaries and division summaries within the budget document, represents the actual cost results of operations.

Adopted Budget – Represents the current fiscal year budget and spending limit as approved by formal action of the Town Council.

Amortization – Recognition of expense of a debt by regular intervals over a specific period of time.

Allocation – A part of a lump sum appropriation that is designated for expenditure by specific organization units and/or for special purposes, activities, or subjects.

Appropriation – Authorization by the Town Council which permits the Town to incur obligations to make expenditures for a specific purpose, referred to as expenditure authority

Assessed Valuation – A value that is established for real and personal property used as a basis for levying property taxes. Property values are established by the County Assessor and the State as a basis for levying taxes.

Asset – A resource owned or held by a government that has monetary value.

Audit – An official inspection of an individual's or organization's accounts, typically by an independent body.

Available Fund Balance – Funds remaining from the prior year that are available for appropriation in the current year.

B

Balanced Budget – A budget that contains ongoing revenues equal to the ongoing expenditures of the Town.

Base Budget – The ongoing expense necessary to maintain desired service levels. Changes in demand and activity level may create the need for additional resources or make available resources for other purposes.

Bond – A long-term "IOU" or promise to pay. It is a promise to repay a specified amount of money (the face value of the bond) on a particular date (maturity date). Bonds are used primarily for financing capital projects.

Bond Rating – The measure of the quality and safety of a bond. It indicates the likelihood that a debt issuer will be able to meet scheduled repayments and dictates the interest rate paid.

Budget Amendment – A change of budget appropriation between expenditure accounts that is different from the original adopted budget. Budget amendments do not change the legal spending limit adopted by the Town Council.

Budget Calendar – A schedule of key dates and milestones in preparation, adoption and administration of the budget.

Budget Message – The opening section of the budget document, which provides a general summary of the most important aspects of the budget, changes from the previous fiscal year, key issues impacting the budget and recommendations regarding the financial policy for the upcoming period.

Glossary

Budgetary Control – The control or management of a governmental unit or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of authorized appropriations and available revenues.

C

Capital Budget – The first year of the five-year Capital Improvement Program (CIP) becomes the fiscal commitment to develop projects for the current fiscal year. The capital budget reflects appropriations for items that have a high monetary value (\$50,000 or more), are long-term in nature, add to the capital assets or infrastructure of the Town, and are financed on a long-term basis.

Capital Improvement Program – The Capital Improvement Program (CIP) is a comprehensive projection of capital investment projects, which identifies priorities as to need, method of financing, and project costs and revenues over a five-year period. It is a guide for identifying current and future fiscal year requirements and becomes the basis for determining the annual capital budget. The capital improvement program for the ensuing year must be formally adopted during the budget approval process.

Capital Outlay – Payments made in cash or cash equivalents over a period of more than one year; they are also known as capital expenditures. Capital outlays are used to acquire assets or improve the useful life of existing assets.

Carry Over / Carry Forward – Year-end unused expenditure authority from the prior fiscal year budget included in new year budget to cover obligations that cross fiscal years for approved capital projects or other one-time expenses.

Cash-in-lieu – Funding for capital projects the Town requires from developers in lieu of them constructing necessary off-site improvements related to their development project.

Citizen Corps – a program under the Department of Homeland Security that provides training for the population of the United States to assist in the recovery after a disaster or terrorist attack.

Commodities – Expendable items used by operating or construction activities. Examples include office supplies, repair and replacement parts for equipment, fuels and lubricants, etc.

Consumer Price Index (CPI) – A statistical description of price levels provided by the US Department of Labor. The index is used as a measure of the increase in the cost of living (i.e., economic inflation).

Contingency – A budgetary reserve set aside for emergency or unanticipated expenses and/or revenue shortfalls. The Town Council must approve all contingency expenditures.

Contractual Services – Expenditures for services such as rentals, insurance, maintenance, etc. that are generally purchased by the Town through an approved contract.

D

Debt Service – The cost of paying principal, interest and related service charges on borrowed money according to a predetermined payment schedule.

Department – A major administrative division of the Town with overall management responsibility for an operation or a group of related operations.

Depreciation – Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.

Glossary

Development Impact Fee – Fee charged to new development to offset the cost of Town improvements that are required due to new growth.

Disbursement – The expenditure of money from an account.

Division – An organized unit within a department.

E

Encumbrance – The legal commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for a specified future expenditure.

Enterprise Fund – A governmental accounting fund in which the services provided, such as water or sewer or sanitation, are financed and operated similarly to those of a private business. The rate schedules for the services are established to ensure that user revenues are adequate to meet necessary expenditures.

Estimated Revenue – The projected amount of revenues to be collected during a fiscal year.

Expenditure – Actual outlay of funds for an asset, good, or service obtained regardless of when expense is actually paid.

Expenditure Limitation – An amendment to the Arizona State Constitution that limits annual expenditures of all municipalities. The limit is set by the Economic Estimates Commission based on population growth and inflation. All municipalities have the option of adopting Home Rule, under which voters approve a four-year expenditure limit based on revenues received.

F

Fiscal Year – The time period designated by a government or organization signifying the beginning and end of the financial reporting period. Queen Creek has established July 1 to June 30 as the municipal fiscal year.

Fixed Assets – Assets of a long-term character intended to be held or used, such as land, buildings, machinery, furniture and other equipment.

Franchise Fees – Annual fees paid by utilities (natural gas and cable TV) for use of Town public rights-of-way. Franchise fees are typically a set percentage of gross revenue within the Town.

Fringe Benefits – Contributions made by a government to meet commitments or obligations for employee-related expenses. Included is the Town's share of costs for social security, pension plans, medical and life insurance plans.

Full-Time Equivalent (FTE) – A calculation used to convert hours to equivalent full-time positions. Full-time employee salaries are based on 2,080 hours per fiscal year. The full-time equivalent of a part-time employee is calculated by dividing the number of hours budgeted by 2,080.

Fund – An accounting entity that has a set of self-balancing accounts and records all financial transactions for specific activities or government functions.

Fund Balance – Difference between assets and liabilities reported in a government fund.

Assigned – Amounts that are constrained by the government's intent to be used for specific purposes, but that are neither restricted nor committed.

Committed – Amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority. In the case of the Town, this would be the Council and Mayor.

Glossary

Non-spendable – Portions of fund balance that include amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted – Portion of fund balance that reflects constraints placed on the use of resources that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Unassigned – Residual classification for the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount.

G

General Fund – The primary general purpose fund supported by taxes, fees, and other non-enterprise revenues.

General Plan – A planning and legal document that outlines the community vision in terms of land use.

Generally Accepted Accounting Principles (GAAP) – Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

Government Funds – Refers to the use of fund accounting in which funds are set up for specific sources of revenues. Its main purpose is stewardship of financial resources received and expended in compliance with legal or other requirements.

Grants – State, federal or other subsidies received in aid of a public undertaking that do not need to be repaid.

H

Highway User Fuel Tax (HURF) – Gasoline tax shared with municipalities; a portion is distributed based upon the population of the town and a portion is distributed based upon the origin of the sale of fuel. The Arizona State Constitution requires that this revenue be used solely for street and highway purposes.

I

Improvement Districts – Improvement districts are composed of property owners who desire improvements that will benefit all properties within the district. Bonds are issued to finance these improvements, which are repaid by assessments on affected property owners.

Indirect Cost – A cost necessary for the functioning of the organization as a whole, but which cannot be directly assigned, such as administrative support, facility maintenance or custodial services.

Inter-Fund Transfer – The movement of monies between funds of the same governmental entity.

Internal Service Funds – A group of funds that account for services provided to other divisions and departments within the Town government.

J

Journal Entry – An entry into the financial system that transfers actual amounts from one account, department, or fund to another.

L

Liability – An obligation of the Town to convey something of value in the future.

Glossary

M

Modified Accrual Basis – Under the modified accrual basis of accounting recommended for use by governmental funds, revenues are recognized in the period in which they become available and measurable, and expenditures are recognized at the time a liability is incurred pursuant to appropriation authority.

O

Objective – A mission, purpose, or standard that can be reasonably achieved within the expected timeframe and with available resources. Along with goals, objectives are basic planning tools underlying all strategic activities. They serve as the basis for policy and performance appraisals.

Operating Budget – The annual spending plan for a government's recurring non-capital expenses, including personnel salaries, fringe benefits, professional development, supplies, equipment, repairs and administrative expenses. The operating budget is distinct from expenses to build or acquire permanent infrastructure.

Operating Expense – Cost for necessary resources needed by a department to provide services and perform desired tasks.

Operating Revenue – Funds that a government receives as income to pay for ongoing operations, including taxes, user fees, interest earnings and grants. Operating revenues are used to pay for recurring, non-capital expenses.

Ordinance – A formal legislative enactment by the governing body of a municipality. If it is not in conflict with any higher form of law, such as a state statute or a constitutional provision, it has the full force and effect of law within the boundaries of the municipality to which it applies.

P

Performance Management – A results-oriented system that allows the Town to set goals and targets for programs and services and assess whether those targets are being met on a recurring basis.

Property Tax – Total property tax levied by a municipality on the assessed value of a property within Town limits. In Arizona, the property tax system is divided into primary and secondary.

Primary Property Tax – A limited tax levy used for operations based on primary assessed valuation and primary tax rate. The tax rate is restricted to a 2% annual increase.

Secondary Property Tax – An unlimited tax levy restricted to voter-approved budget overrides. The tax is based on the secondary assessed valuation and secondary tax rate.

Property Tax Levy – The total amount that can be raised by property tax for purposes outlined in the Tax Levy Ordinance.

Property Tax Rate – The amount of tax stated in terms of a unit of the tax base expressed as dollars per \$100 of assessed valuation.

Proprietary Funds – These funds call for the services rendered under these accounts to be paid for by their patrons who use them, working like a business. Proprietary funds aren't eligible to make a profit. Therefore, the ideal situation is for its costs to balance out with its revenue.

Program – A group of related activities performed by one or more divisions or departments of the Town for the purpose of accomplishing a service the Town is responsible for delivering.

Glossary

R

Reserve/Contingency – A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted. The Town Council must approve all contingency expenditures.

Revenue – The income of a government from all sources appropriated for the payment of the public expenses during a specified period of time. For Queen Creek, revenues may include receipts from taxes, intergovernmental sources, user fees, voter-authorized bonds, development fees and grants.

Roll-Up/Roll-Up Code – A set of like accounts linked together for the purpose of interactive budget management. An individual expense line under a designated roll-up code can be overdrawn as long as the sum of the whole has an available budget appropriation.

S

Scenario – A tool used by the Town to understand different ways that future events might affect the projected budget.

State Shared Revenue – The portion of revenues collected by the state that are allocated to municipalities based on population data.

Special Revenue Fund – An account composed of receipts from specific revenues. Such funds are authorized by statutory or charter provisions to pay for specific activities with continuing revenues.

Street Light Improvement District (SLID) – A special district to fund the energy costs of streetlights placed in residential subdivisions. An assessment is levied against the property owners to cover the costs of electrical billings received and paid by the Town.

T

Transfers – The authorized exchanges of cash or other resources between funds, departments and/or capital projects.

Trust Funds – Established to administer resources received and held by the Town as the trustee or agent for others. Use of these funds facilitates the discharge of responsibility placed upon the Town by virtue of law or other similar authority.

U

User Fees or Charges – The payment of a fee for direct receipt of a public service by the party who benefits from the service.

V

Variance – Comparison of actual expenditure and revenues from one year to the next and comparison of budget-to-actual in current fiscal year.

W

Working Capital – A financial metric that represents operating liquidity available to the Town. It is calculated as current assets minus current liability.
