

# FY 19-20 Year to Date Financial Report

Operating Budget to Actual Performance
Fiscal Year to Date through November 2019

Issued January 9, 2020

# **Executive Summary**

The Town's budget-to-actual performance through November 2019 showed favorable variances for both revenues and expenses. Actual revenues are performing well with receipts exceeding expectations by \$4.2M, or 17%. This is mostly the result of Construction Sales Tax Revenues continuing to perform well and Community Development, Engineering and Building Permit Revenue performing better than expected due to residential and commercial growth.

Year to date expenses for the fiscal year are less than budget by \$1.0M, or 4%. The variance is driven by a collection of items, such as staffing vacancies, as well as contractual services and capital items being under contract but not yet expended.

Based on the Revised Budget, the Town expected revenues to exceed expenses by \$2.2M at November 30, 2019. However, both revenues and expenses performed better than anticipated resulting in revenues exceeding expenses by \$7.4M, an improvement of \$5.2M. The overall operating results are favorable and the Town's financial performance exceeds expectations and continues to perform well.

# **Operating Budget**

The Operating Budget includes the Town's activity from the General, Streets (HURF), Emergency Services and Horseshoe Park Equestrian Center Funds. The following schedule is a summary of the FY 19-20 Operating Budget. Revenues are expected to exceed expenses by \$11.2M for the year, with this surplus being transferred out to other funds to cover the non-growth share of debt payments and capital improvements. The ending fund balance is expected to be \$42.1M, of which \$23.9M is reserved for pension funding and \$18.2M is reserved for the Town's 25% reserve policy.

# **ANALYSIS**

The positive budget-to-actual sales tax revenue variance stems largely from strong performance in construction contracting (128% above budget). A year-by-year trend analysis for the Construction category is located in the appendix of this report.

Town of Queen Creek sales tax collections are also positively impacted by the high incomes of Town households. Per the 2017 American Communities Supplemental Survey data provided by the US Census, Queen Creek's median household income is \$96,802, which is among the highest in the region for full-service cities and towns. Additionally, taxable spending from an estimated 100K+ population from Eastmark master-planned community (Mesa) and unincorporated San Tan Valley has a significant impact on the Town's sales tax revenues. A recent study from Elliott Pollack & Company estimates that as of FY 17-18, about 38% of sales tax collections in the retail category and about 47% in the restaurant and bar category are from non-Queen Creek resident spending in the Town.

# HISTORICAL 12 MONTH ROLLING PERIODS

The following section contains a 12-month rolling historical actuals chart for the sales tax base (everything except construction) and separately for construction contracting sales tax revenues. Together, these categories comprise the total monthly revenue collections for sales tax. This chart is useful to identify the overall data trends since 2015. Of particular note is the continued growth of the sales tax base over time, which signifies that the Town's commercial sectors are growing, diversifying and maturing since 2015.

## **CONSTRUCTION CONTRACTING:**

Construction sales tax is collected on all construction activity; commercial, new residential and major residential remodels. It also includes landscaping, painting, flooring installation, siding, roofing, concrete, plumbing, heating, framing, drywall, infrastructure, masonry, finish carpentry, etc. Speculative construction activity (developing land for sale as a building site) is also included in this category.

October 2019 Actuals: \$1.9M FY 19-20 YTD Actuals: \$7.4M

FY 19-20 YTD Budget to Actual Variance of \$4.2M or 128%

FY 19-20 YTD Actual to FY 18-19 YTD Actual Increase of \$2.9M or 63%

FY 19-20 collections exceed the FY 19-20 budget and the prior fiscal year actuals through October activity. Performance in construction contracting ties mostly to new home sales and in particular, the large-scale homebuilders. Known major homebuilders accounted for the majority of construction contracting sales tax revenues for the month of October. Sales tax paid by homebuilders ties to the sale of a new home, which is dependent on permit completions. The following schedule displays new single-family home (NSF) permits issued and home completions over a rolling 12-month period for the current fiscal year against the previous fiscal year according to Queen Creek's Development Services Department:

# **RETAIL TRADE:**

Retail trade includes large department stores, auto dealers, grocery stores, supercenters, automotive repairs, discount stores, home furnishings, drug stores, jewelry and other vendors typically selling merchandise in small quantities to the public.

October 2019 Actuals: \$1.4M FY 19-20 YTD Actuals: \$4.9M

FY 19-20 YTD Budget to Actual Variance of \$310K or 7%

FY 19-20 YTD Actual to FY 18-19 YTD Actual Increase of \$790K or 19%

FY 19-20 YTD collections in the retail category exceeded the FY 19-20 budget and prior year actual collections. Compared to the previous fiscal year, new businesses continue to open, but more influentially, retail anchors in the major retail centers in the Town are performing well. The higher-dollar entities drive revenue in this class. In October, the top 20 payers of 1,838 total payers in the retail category delivered 72% of the revenue. The top 10 payers in the category account for 62% of the total.

# **COMMUNICATIONS/UTILITIES:**

This category includes businesses that provide telecommunications (internet, telephone, cellular service, cable/satellite television, etc.) and electricity, gas, or water services.

October 2019 Actuals: \$144K FY 19-20 YTD Actuals: \$870K

FY 19-20 YTD Budget to Actual Variance of \$200K or 30%

FY 19-20 YTD Actual to FY 18-19 YTD Actual Increase of \$145K or 20%

Year-to-date collections in the communications/utilities category were above the adopted FY 19-20 budget and prior year collections due to higher-than-average temperatures and a less-active monsoon season through September. This caused higher energy consumption levels and a resulting increase in collections relating to utilities.

# **RESTAURANTS & BARS:**

This industry is comprised of establishments serving customers by preparing meals, snacks, and beverages for immediate consumption.

October 2019 Actuals: \$295K FY 19-20 YTD Actuals: \$1.2K

FY 19-20 YTD Actual to FY 18-19 YTD Actual Increase of \$176K or 18%

This category is flat to the budget, but exceeding previous year actual collections. Performance in this category is tied to several new establishments opening in Queen Creek, continued solid performance from major vendors, and population growth.

# RENTAL, REAL ESTATE & LEASES:

This category consists of entities engaged in renting or leasing tangible and intangible assets as well as other establishments providing related services.

October 2019 Actuals: \$160K FY 19-20 YTD Actuals: \$645K

FY 19-20 YTD Actual to FY 18-19 YTD Actual Comparison of \$51K or 12%

This category is slightly below the current year budget and above the previous year actual collections.
