DESERT LILY REFRESH

ABOUT THE PROJECT

“Desert Lily Academy is a residential treatment program providing female-specific programming in a normalized, trauma-informed setting that promotes learning, growth and positive change. Desert Lily offers an eclectic blend of academic vocational, and extracurricular opportunities”. (desertlilyacademy.com)

They care for about 30-60 girls aged 11-18 at Desert Lily. The intake room, more than any, should feel like a safe, welcoming space. Our mission was to refresh this room with paint and decor to make it as comfortable, calming, and inviting as possible.
