TAC Members present: Spencer Hale, Cindy Barnes (Via WebEx), David Goldman, Lamar Keener, Nancie Naylor, Haylie Studebaker and Micah Gaudet
TAC Members absent: Bob Adelfson and Kristi Davis
Staff present: Mohamed Youssef- Public Works Director, David Lipinski-CIP Director, Chris Dovel-Town Engineer, and Alisha Wanamaker-Management Support Tech
Council Liaisons present: None
Council Liaisons absent: Council Member Martineau
Public attendees: None
2. **Introductions**
Round Table introductions were conducted.
3. **Public Comment:** There will be no public comment at this meeting if attending via WebEx
4. **Items for Discussion and Possible Action**
 - A. **Consideration and possible approval of the February 09, 2023 minutes**
MOTION: To approve the February 09, 2023 minutes, as is.
RESULT: Approved Unanimously (7-0)
MOVER: Micah Gaudet
SECONDER: Lamar Keener
 - B. **Presentation on Town's Engineering Department**
Chris Dovel, Town Engineer, delivered a brief presentation highlighting four major areas; Civil Engineering plan review, Right-of-way Permitting, Construction Inspection, and Floodplain Management within the Engineering Division. For more information on the Engineering division, please visit [QueenCreek/Engineering](https://www.queen-creek.org/QueenCreek/Engineering)
 - C. **Capital Improvement Programs – Status Update**
Dave Lipinski, Capital Improvement Projects (CIP) Director, provided a brief presentation on the new Capital Improvement Program and Regional Project updates. For more information on specific projects, visit [QueenCreek.org/BetterRoadsAhead](https://www.queen-creek.org/BetterRoadsAhead)

D. Update on the Small Area Transportation Study, State Route 24 extension & Central Arizona Pkwy
Mohamed Youssef, Public Works Director, presented the findings of second Small Area Transportation Study that included SR 24 extension, and Central Arizona Parkway. The study unequivocally revealed that without SR 24 and Central Arizona Parkway, the existing street network within the study area would fail to meet the acceptable level of service required for smooth operation and efficiency.

E. Presentation on MAG Superstition Vistas Multimodal Transportation Planning Study
Mohamed Youssef, Public Works Director, delivered a brief presentation on the MAG Superstition Vistas Multimodal Transportation Planning Study (SVMTPS) seeks to create a coordinated vision for a multimodal transportation network that enhances accessibility and mobility for people and goods within the study area. The study considers both near-term (2030) and long-range (2050) goals to develop an efficient and interconnected transportation system spanning multiple jurisdictions. By integrating various modes of transportation, the SVMTPS aims to promote seamless movement and facilitate the effective transportation of individuals and goods throughout the region.

F. Presentation on Queen Creek Rd and Hawes Rd intersection design options
Mohamed Youssef, Public Works Director, delivered a brief presentation on the Queen Creek Mobility Options and Connectivity Feasibility Study. This comprehensive study delves deep into the exploration of cutting-edge strategies aimed at enhancing connectivity for our valued residents and broadening the scope of transportation options within our community.

5. **Announcements:** None

6. **Adjournment**

The meeting adjourned at 8:28 p.m.

MOTION: Move to adjourn.

RESULT: Approved Unanimously (7-0)

MOVER: David Goldman

SECONDER: Spencer Hale

Prepared By: Alisha Wanamaker, Management Support Technician

Passed and Approved on:

Transportation Advisory Committee Chairman
