- B. *Discussion on Queen Creek Wash trail connection to Desert Mountain Park.* Dave Wilson, Duane Dana and Kevin Roberts from Dibble and Associates explained the project on the corner of Ocotillo Road and Hawes Road and discussed possible improvements. Discussed locating the trail and sidewalk on the north side of Ocotillo; will connect from under the bridge east of Hawes and north of Ocotillo to the trail at Desert Mountain Park. Trail going under bridge will be dug down to pass on the north side of the bridge's piers. Discussed landscaping concept. Dibble is open to comments on granite. Dru Alberti asked about maintenance and weeds which may be desert material but not a manicured look. 11x17 drawings were passed out to the members. Dibble is proposing irrigation with solar controllers on top of the bank. Eric Kerr suggested plants stand on their own without irrigation. This was discussed with Rich Purcell, Grounds Maintenance Manager, and this is a possibility.
